PHD IN CSE (PURSUING)
JKSSB PANCHAYAT ACCOUNTS ASSISTANT EXAMINATION QUALIFIED

PRACTICE SET FOR LECTURE 1

INTRODUCTION TO COMPUTERS

Q1. Which of the following is the correct order of the four major functions of a computer?

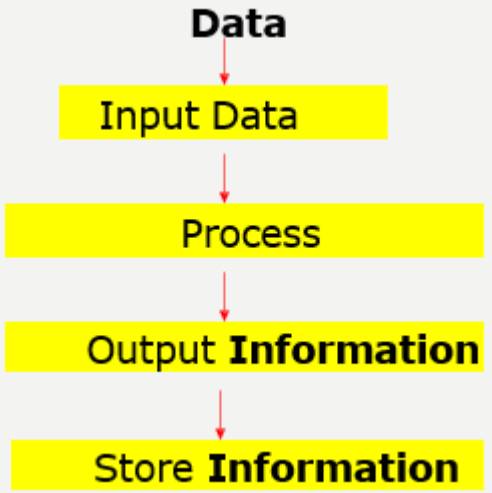

(1) Process, Output, Input, Storage

(2) Input, Output, Process, Storage

(3) Process, Storage, Input, Output

(4) Input, Process, Output, Storage

Ans: ***(4)*** *Input, Process, Output, Storage*

Q2. Input, output and processing devices grouped together represent a(n)

(1) mobile device

(2) information processing cycle

(3) circuit board

(4) computer system

Ans: ***(4)*** *computer system*

Q3. Collecting the data and converting it into information is called

(1) processing

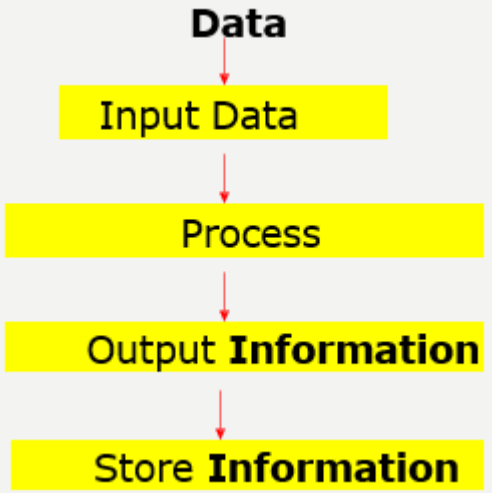

(2) *compiling*

(3) *Importing*

(4) *exporting*

(5) *None of these*

Ans: ***(1)*** *processing*

Q4. A computer cannot perform which of the following functions?

[IBPS Clerk 2015]

(1) Addition

(2) Subtraction

(3) Bake a cake

(4) Division

(5) None of these

Ans: ***(3)*** *Bake a cake*

Q5. Benefits of computers are

(1) very fast and can store huge amount of data

(2) provide accurate output either input is correct or not

(3) think about the processing

(4) All of the above

Ans: *(1)* very fast and can store huge amount of data

Q6. A collection of unprocessed items is

[SBI PO 2015]

(1) information

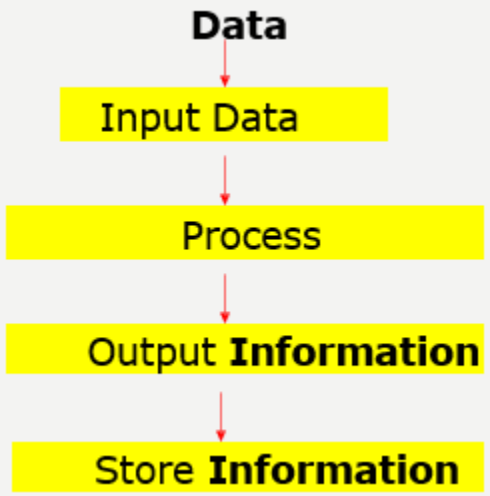

(2) data

(3) Memory

(4) reports

(5) None of these

Ans: (2) Data

Q7. …… is data that has been organized and presented in a meaningful fashion.

[IBPS Clerk Mains 2017]

(1) A process

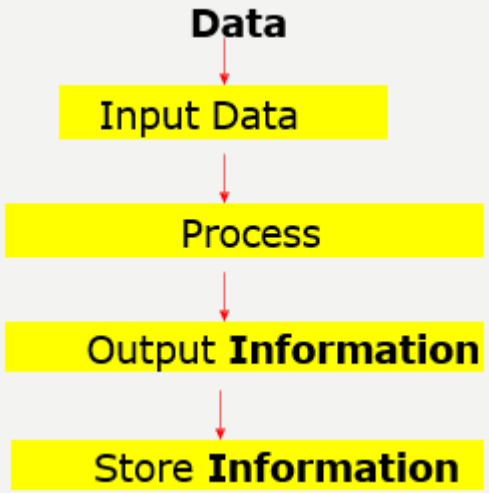

(2) Software

(3) Storage

(4) Information

(5) Data

Ans: ***(4)*** Information

Q8. The steps and tasks needed to process data, such as responses to questions or clicking an icon, are called

[IBPS Clerk Mains 2017]

(1) instructions

(2) the operating system

(3) application software

(4) the system unit

(5) the hardware unit

*Ans: **(1)** instructions*

Q9. The earliest calculating device is

(1) calculator

(2) abacus

(3) difference engine

(4) analytical engine

Ans: *(2) Abacus*

Abacus
1602

Napier's Bones
1617

Pascaline
1642

Jacquard's Loom
1801

Analytical Engine
1837

Q10. The Napier's technology used for calculation called

(1) Naptologia

(2) Vibologia

(3) Semiconductor

(4) Rabdologia

Ans: (4) Rabdologia

Analytical Engine	**Difference Engine**
It can perform addition, subtraction, multiplication, and division.	It can only perform the addition function.

Q11. Pascaline is also known by

(1) abacus

***(2)** adding machine*

***(3)** division machine*

***(4)** difference machine*

*Ans: **(2)** adding machine*

Q12. Which of the following is known as father of computer?

(1) *Dennis Ritchie*

(2) Napier

(3) Charles Babbage

(4) Alan Turing

Ans: (3) Charles Babbage

Q13. Analytical Engine developed by

(1) Blaise Pascal

(2) *Charles Babbage*

(3) *Dennis Ritchie*

(4) *Alan Turing*

Ans: ***(2)*** *Charles Babbage*

Q14. The Analytical Engine developed during first generation of computers used ..... as a memory unit. **[RBI Grade B 2012]**

(1) RAM

(2) *floppies*

(3) *Cards*

(4) *counter wheels*

(5) *None of these*

Ans: ***(4)*** *counter Wheels (barrels or pegs)*

Q15. Tabulating machine was the first electromechanical machine developed by

(1) Herman Hollerith

(2) Howard Aiken

(3) Blaise Pascal

(4) John Napier

Ans: ***(1) Herman Hollerith***

Tabulating Machine **1890**	Herman Hollerith (America)
MARK-1 **1944**	Howard Aiken (America)
ENIAC **1946**	JP Eckert and JW Mauchly (America)
EDSAC **1949**	John Von Neumann (America)
UNIVAC **1951**	J. Presper Eckert and John Mauchly (America)

Q16. Who designed the first electronic computer-ENIAC?

(1) *Von Neumann*

(2) *Joseph M Jacquard*

(3) *Presper Eckert and John W Mauchly*

(4) *All of the above*

Ans: ***(4)*** *Presper Eckert and John W Mauchly*

- **Q17.** Name the first general purpose electronic computer. **[IBPS PO 2012]**

(1) ADVAC

(2) ADSAC

(3) UNIVAC

(4) EDVAC

(5) None of these

Ans: *(4) UNIVAC*

Tabulating Machine **1890**	Herman Hollerith (America)	▪ It used punched cards with round holes. ▪ It was the first **electromechanical machine**, designed to process the data for **census in 1890.**
ENIAC **1946**	JP Eckert and JW Mauchly (America)	▪ It is a combination of twenty accumulators. ▪ First electronic digital computer.
UNIVAC **1951**	J. Presper Eckert and John Mauchly (America)	▪ First general-purpose electronic computer with large amount of input and output.

Q18. First generation computers were based on

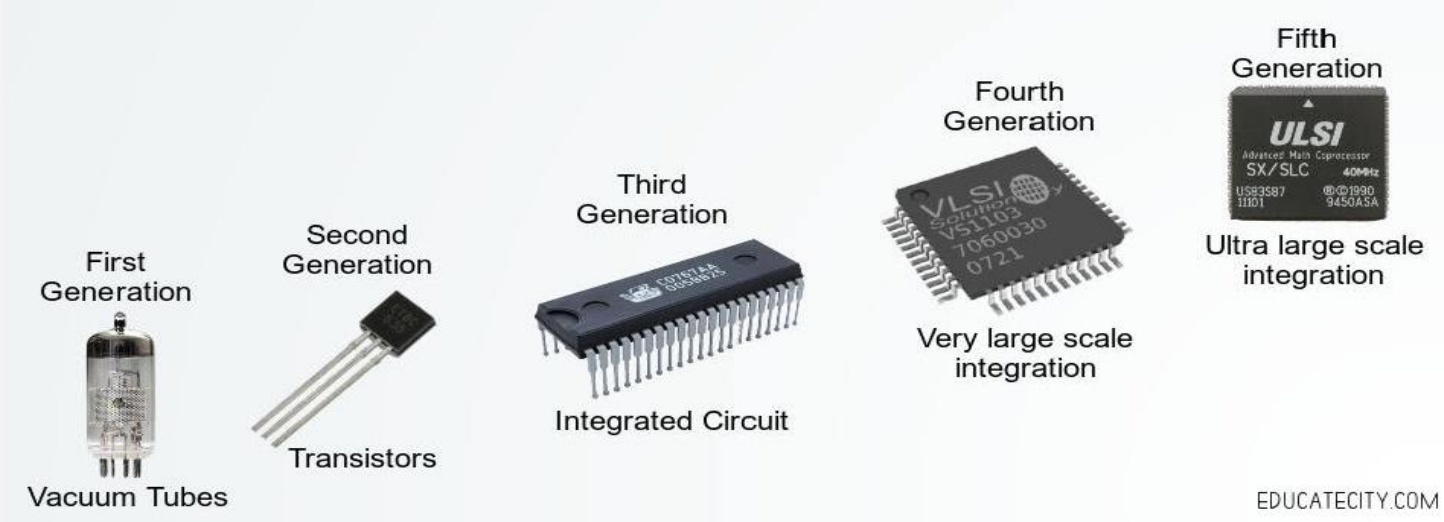

(1) Transistors

(2) conductors

(3) ICs

(4) vacuum tubes

Ans: (4) vacuum tubes

Q19. Computer built before the first generation computer was

(1) mechanical

(2) *electromechanical*

(3) *electrical*

(4) *electronics*

Ans: ***(2)*** *electromechanical*

Q20. First generation computers used .....languages. **[SBI Clerk 2012]**

(1) machine

(2) *assembly*

(3) *Both '1' and '2'*

(4) *high level*

(5) None of these

Ans: ***(4)*** *machine*

Q21. Speed of first generation computer was in **[IBPS Clerk 2012]**

(1) nano seconds

(2) *milli seconds*

(3) *nano-milli seconds*

(4) *micro seconds*

(5) *None of these*

Ans: ***(4)*** *micro-seconds*

First (1940-56)	Vacuum tubes	Magnetic drums (333 micro seconds)
Second (1956-63)	Transistors (Made up of semiconductor)	Magnetic core technology (10 micro seconds)
Third (1964-71)	Integrated Circuits (ICs) (Made up of silicon)	Magnetic core as primary storage medium (100 nano seconds)
Fourth (1971-Present)	Large Scale Integrated (LSI) circuit micro-processor	Semi conductor memory, Winchester disc (300 nano seconds)

Q22. The period of the second generation computers was

(1) *1946-1958*

(2) 1940-1960

(3) *1956-63*

(4) 1957-1964

Ans: ***(3)*** *1956-63*

Q23. Time sharing became possible in ..... generation of computers. **[SBI PO 2011]**

(1) First

(2) Second

(3) third

(4) fourth

(5) None of these

Ans: ***(2)*** *Second*

Generation	Switching Device	Storage Device/Speed	Operating System
First (1940-56)	Vacuum tubes	Magnetic drums (333 micro seconds)	Batch operating system (Machine language (Binary number 0's and 1's)
Second (1956-63)	Transistors (Made up of semiconductor)	Magnetic core technology (10 micro seconds)	Time sharing OS, Multitasking OS (Assembly language, high level language)
Third (1964-71)	Integrated Circuits (ICs) (Made up of silicon)	Magnetic core as primary storage medium (100 nano seconds)	Real-time system (High level language (FORTRAN, COBOL, ALGOL))

Q24. Integrated Chips or IC's were started to be use from which generation of computers?

[IBPS PO 2016]

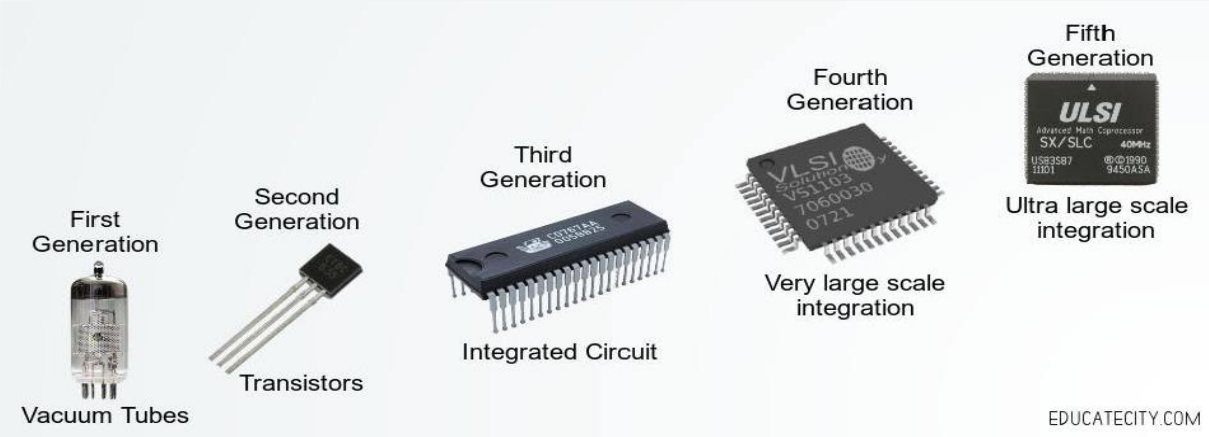

(1) 1st Generation

(2) 2nd Generation

(3) 3rd Generation

(4) 4th Generation

Ans: ***(3)*** *3rd Generation*

Q25. Chip is a common nickname for a(n) **[IBPS Clerk 2014, 15]**

(1) transistor

(2) resistor

(3) integrated circuit

(4) semiconductor

(5) None of these

Ans: *(3) Integrated Circuit*

Transistors > Logic Gates > Integrated Circuits

Q26. The third generation computers were made with **[SBI PO 2014]**

(1) bio chips

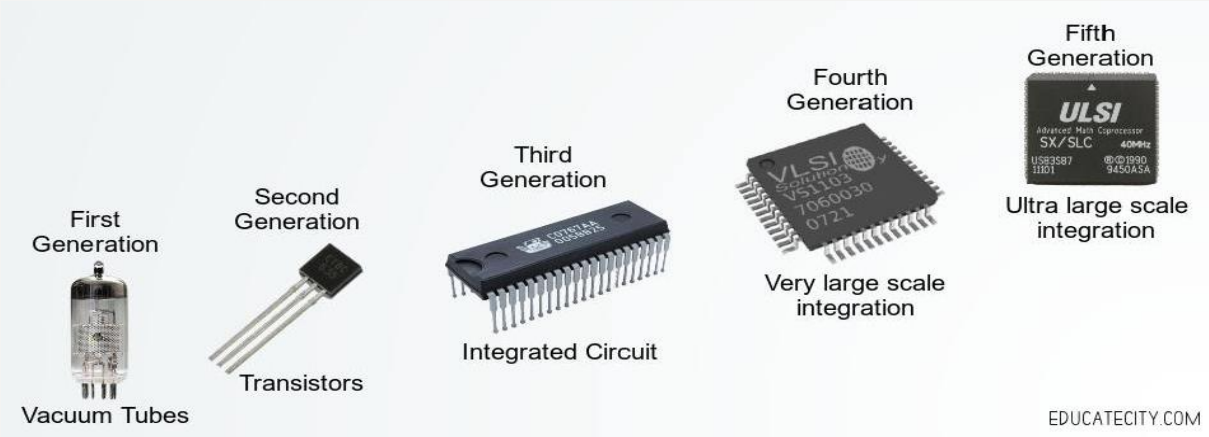

(2) transistors

(3) integrated circuits

(4) vacuum tubes

(5) discrete components

Ans: (3) integrated circuits

Q27. Integrated Circuit (IC) or chips used in computers are made with **[IBPS Clerk 2014]**

(1) copper

(2) *aluminium*

(3) *gold*

(4) *silicon*

(5) *Silver*

Ans: ***(4)*** *silicon*

Q28. A complete electronic circuit with transistors and other electronic components on a small silicon chip is called a(n) **[RBI Grade B 2012]**

(1) workstation

(2) *CPU*

(3) *magnetic disc*

(4) *integrated circuit*

(5) *complex circuit*

Ans: ***(4)*** *integrated circuit*

Q29. First computer of India is

(1) *PARAM*

(2) *Siddhartha*

(3) *IBM-370*

(4) *CRAY-1*

Ans: ***(2)*** *Siddhartha*

Q30. Which of the following is a small microprocessor based computer designed to be used by one person at a time? **[SBI Clerk 2014]**

(1) Netbook

(2) Supercomputer

(3) All-in-one

(4) Personal computer

Ans: ***(4)*** *personal computer*

Q31. Tablet PC is a type of

(1) Microcomputer

(2) *supercomputer*

(3) *minicomputer*

(4) mainframe computer

Ans: ***(1)*** *Microcomputer*

Q32. Computers that are portable and convenient to use for users who travel, are known as

(1) Supercomputers

(2) *minicomputers*

(3) *mainframe computers*

(4) *Laptops*

Ans: ***(4)*** *laptops*

Q33. The user generally applies ..... to access mainframe or supercomputer.

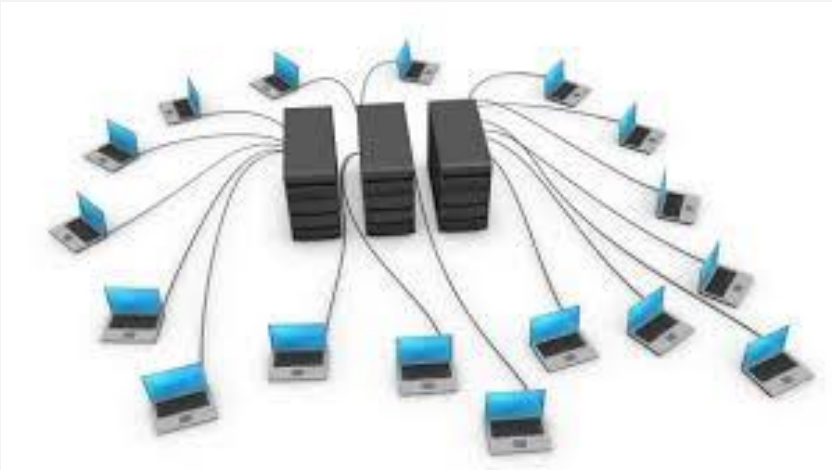

(1) terminal

***(2)** node*

***(3)** Desktop*

***(4)** handheld*

Ans: ***(2)** node*

Q34. First supercomputer developed in India is

(1) PARAM

(2) CRAY-1

(3) PARAM ISHAN

(4) EPRAM

*Ans: **(1)** PARAM*

Q35. Analog computer works on the supply of

(1) continuous electrical pulses

(2) electrical pulses but not continuous

(3) magnetic strength

(4) physical strength

Ans: *(1) Continuous electrical pulses*

Analog Computers use Analog or Continuous Signals

Digital Computers use Digital or Discrete Signals

Q36. Choose the odd one out. **[IBPS Clerk 2011]**

(1) Microcomputer

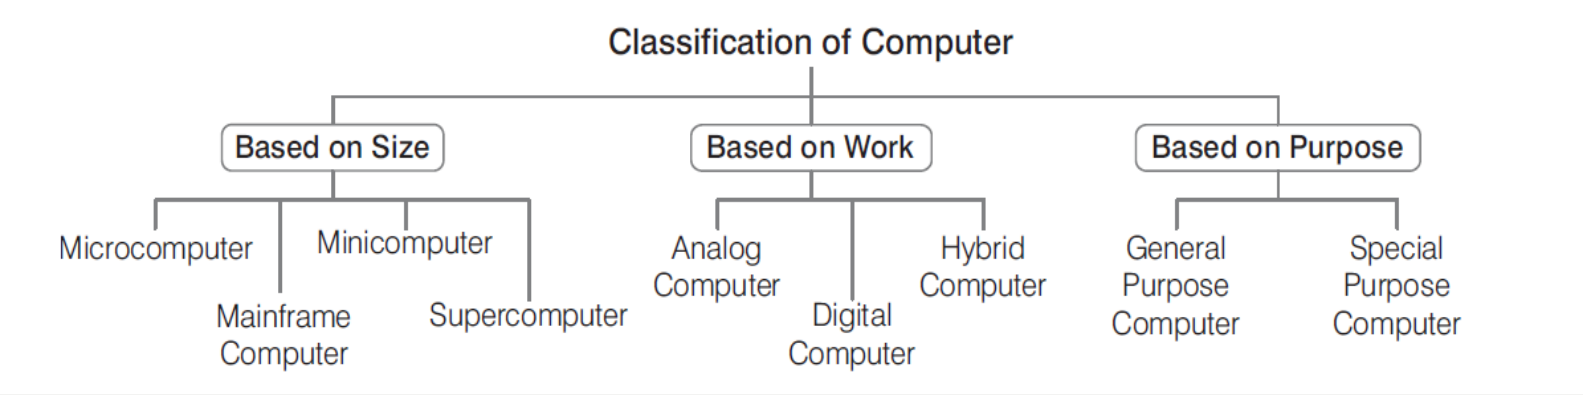

(2) Minicomputer

(3) Supercomputer

(4) Digital computer

(5) Notebook computer

Ans: ***(4)*** *Digital Computer*

Q37. A hybrid computer is the one having the combined properties of **[SBI Clerk 2013]**

(1) super and microcomputers

(2) mini and microcomputers

(3) analog and digital computers

(4) super and mini computers

(5) None of the above

Analog + Digital = Hybrid

Ans: ***(3)*** *analog and digital computers*

Q38. Which of the following is the smallest and fastest computer imitating brain working?
[IBPS PO 2012]

(1) Supercomputer

(2) Quantum computer

(3) Param-10000

(4) IBM chips

(5) None of these

Ans: ***(2)*** *Quantum Computer*

Q39. Where was the first computer installed in India?

1. Indian Statistical Institute, Kolkata

2. Indian Institute of Statistics, Delhi

3. Indian Institute of Science, Bangalore

4. Indian Institute of Management, Ahmedabad

Ans: ***(1)*** Indian Statistical Institute, Kolkata

Q40. What is the full form of the first Electronic Computer ENIAC?

1. Electrical Numerical Integrator and Calculator

2. Electronic Numeric Integrator and Calculator

3. Electrical Numerical Integrated Computer

4. Electro Numeric Integrity Computer

The ENIAC (1943-46): Electronic Numeric Integrator and Calculator.

The EDVAC (1946-52): Electronic Discrete Variable Automatic Computer.

The EDSAC (1947-49): Electronic Delay Storage Automatic Calculator.

The UNIVAC I (1951): Universal Automatic Computer.

(2) *Electronic Numeric Integrator and Calculator*

Q41. The first digital electronic computer was built in the year_____.

1. *1950*
2. *1946*
3. *1960*
4. *1930*

Ans: ***(2)*** *1946*

ENIAC **1946**	JP Eckert and JW Mauchly (America)	▪ It is a combination of twenty accumulators. ▪ First electronic digital computer.

Abacus **1602**		
Napier's Bones **1617**		
Pascaline **1642**		
Jacquard's Loom **1801**		
Analytical Engine **1837**		

Q42. The first mechanical adding machine was invented by Blaise Pascal in _____.

1.1652
2.1642
3.1659
4.1643

Ans: ***(2)*** *1642*

Q43. Early computers like ENIAC, EDVAC, and UNIVAC I all can be classified as _____.

1. Third Generation Computers
2. Second Generation Computers
3. First Generation Computers
4. None of the above

(3) First Generation Computers

First (1940-56)	Vacuum tubes	Magnetic drums (333 micro seconds)

The ENIAC (1943-46): Electronic Numeric Integrator and Calculator.

The EDVAC (1946-52): Electronic Discrete Variable Automatic Computer.

The EDSAC (1947-49): Electronic Delay Storage Automatic Calculator.

The UNIVAC I (1951): Universal Automatic Computer.

Q44. Microprocessors as switching devices are for which generation computers

1. First Generation
2. Second Generation
3. Third Generation
4. Fourth Generation

Ans: (4) Fourth Generation

Q45. _____is the science that attempts to produce machines that display the same type of intelligence that humans do.

1. Nano science

2. Nanotechnology

3. Simulation

4. Artificial intelligence (AI)

(4) *Artificial Intelligence (AI)*

Q46. _____ computers are used in Banking, Railways, and Airlines.

1. Mini computer

2. Micro Computer

3. Super Computer

4. Mainframe Computer

Ans: ***(4)*** Mainframe Computer

Q47. Which of the following is the most powerful type of the computer?

1. Mainframe

2. Super conductor

3. Micro computer

4. Super computer

Computational Power and Size

Super Computers > Main Frame Computers > Mini Computers > Micro Computers

Ans: ***(4)*** *Super Computer*

Q48. The digital computer accepts _____ data as input.

1. Binary

2. Count

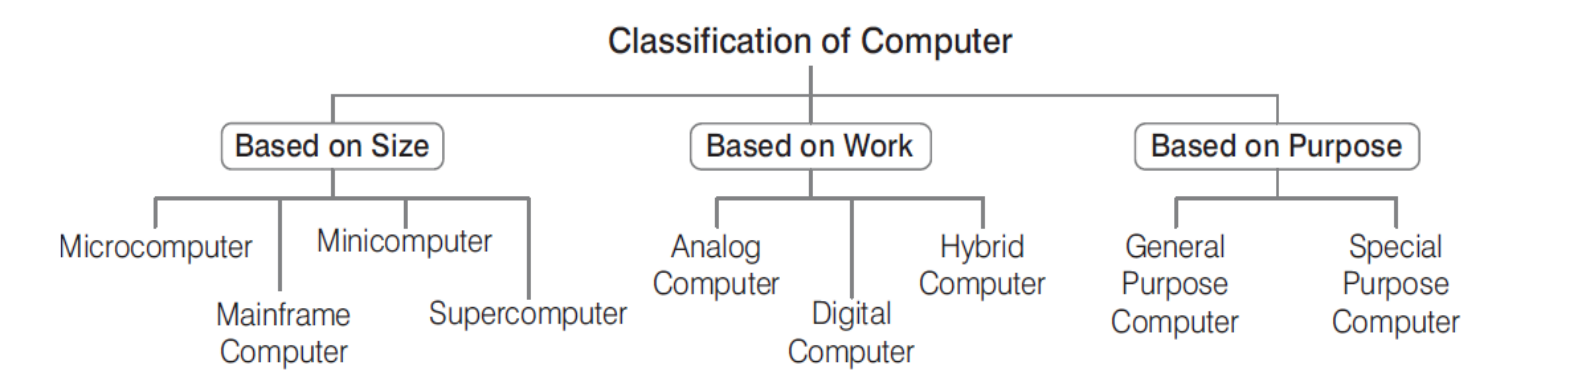

3. Numeric

4. Text

Ans: ***(1)*** *Binary*

Q49. Which of the following is not a class based on size?

1. Mainframe Computer
2. Micro Computer
3. Mini Computer
4 .Digital Computer

Ans: ***(4)*** *Digital Computer*

Q50. Graphical User Interface(GUI) was introduced in?

(1)First Generation Computers

(2) Second Generation Computers

(3) Third Generation Computers

(4) Fourth Generation Computers

(5) Fifth Generation Computers

Ans: ***(4)*** *Fourth* Generation Computers

Generation	Switching Device	Storage Device/Speed	Operating System
First (1940-56)	Vacuum tubes	Magnetic drums (333 micro seconds)	Batch operating system (Machine language (Binary number 0's and 1's)
Second (1956-63)	Transistors (Made up of semiconductor)	Magnetic core technology (10 micro seconds)	Time sharing OS, Multitasking OS (Assembly language, high level language)
Third (1964-71)	Integrated Circuits (ICs) (Made up of silicon)	Magnetic core as primary storage medium (100 nano seconds)	Real-time system (High level language (FORTRAN, COBOL, ALGOL))
Fourth (1971-Present)	Large Scale Integrated (LSI) circuit micro-processor	Semi conductor memory, Winchester disc (300 nano seconds)	Time sharing, GUI interface (PASCAL, ADA, COBOL-74, FORTRAN IV)

I hope that you did great.

Lecture 2 following up.

See you in there.

Thank you for watching.

Do share your comments.

A SHORT TERM COURSE
ON

COMPUTER FUNDAMENTALS

FOR JKSSB FAA AND OTHER COMPETITIVE EXAMINATIONS

BY **TAWQEER UL ISLAM**

PHD IN CSE (PURSUING)
JKSSB PANCHAYAT ACCOUNTS ASSISTANT EXAMINATION QUALIFIED

PRACTICE SET FOR LECTURE 2 COMPUTER ARCHITECTURE

MCQ'S ON THE FOLLOWING TOPICS

- Introduction to Computer Architecture.
- Components of Computer:

1. Input Unit
2. Output Unit
3. Central Processing Unit (CPU)
4. Memory Unit

- Motherboard and it components.
- Instruction Cycle and Instruction Format.
- Miscellaneous Terms:

1. Registers.
2. Microprocessors.

QUESTIONS ASKED IN PAA 2020 PAPER

1) BIOS is the program which helps to initialize the hardware during computer booting process What is the full form of BIOS?

A) Basic Input Output System

B) Basic Intel Operating system

C) Basic Input Operating System

D) Basic Input Operating server

Ans: A) Basic Input Output System

2) Which one of the following is called as primary memory Of Computer?

A) RAM

B) External Hard disk

C) Pen Drive

D) CD/DVD Drive

Ans: A) RAM

3) Supercomputers are used in which of the following Areas?

(I) Weather forecasting

II) Quantum mechanics

III) Oil and gas exploration

A) Only I

B) I and II

C) II and III

D) I,II and III

Ans: ***(D)*** *I,II and III.*

4) Which of the following statements is NOT true about Control Unit of a Computer?

A) It transfer data to Arithmetic and logical Unit

B) it fetches results from memory to output devices

C) It is a component of a SMPS

D) It directs flow of data within CPU

Ans: ***(3) C) It is a component of SMPS***

5) Which of the following is are computer application(s)?

I) Data processing

II) Business Transactions

III) Video conferencing

A) Only I

B) Only II

C) I and III

D) I,II and III

Ans: ***(D)*** *I,II and III.*

OTHER QUESTIONS

Q1. The basic function (s) performed by computer is/are

(1) data processing

(2) data storage

(3) data movement

(4) data control

(5) All of these

Ans: ***(5)*** *All of these*

Q2. The first computer architecture was introduced in

(1) 1976

(2) 1968

(3) 1970

(4) 1973

Ans: ***(3) 1970***

Q3. Which of the following is metal or plastic case that holds all the physical parts of the computer? **[IBPS Clerk Mains 2017]**

(1) System unit

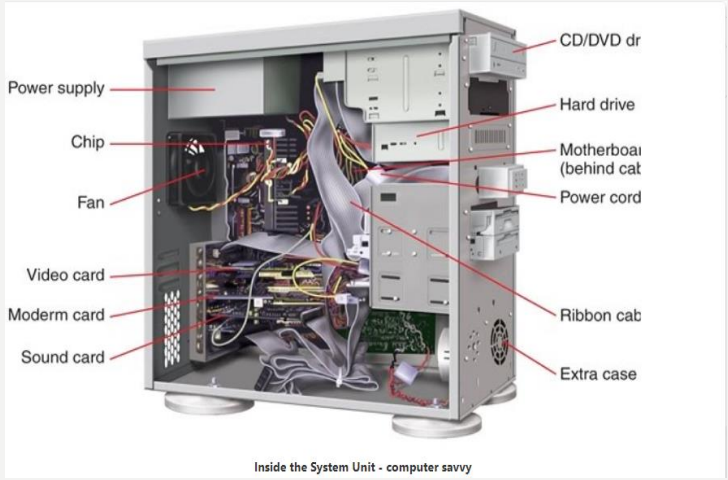

(2) CPU

(3) Mainframe

(4) Platform

(5) Microprocessor

Ans: ***(1) System Unit***

Inside the System Unit - computer savvy

Q4. A(n) ..... device is any device that provides information, which is sent to the CPU.

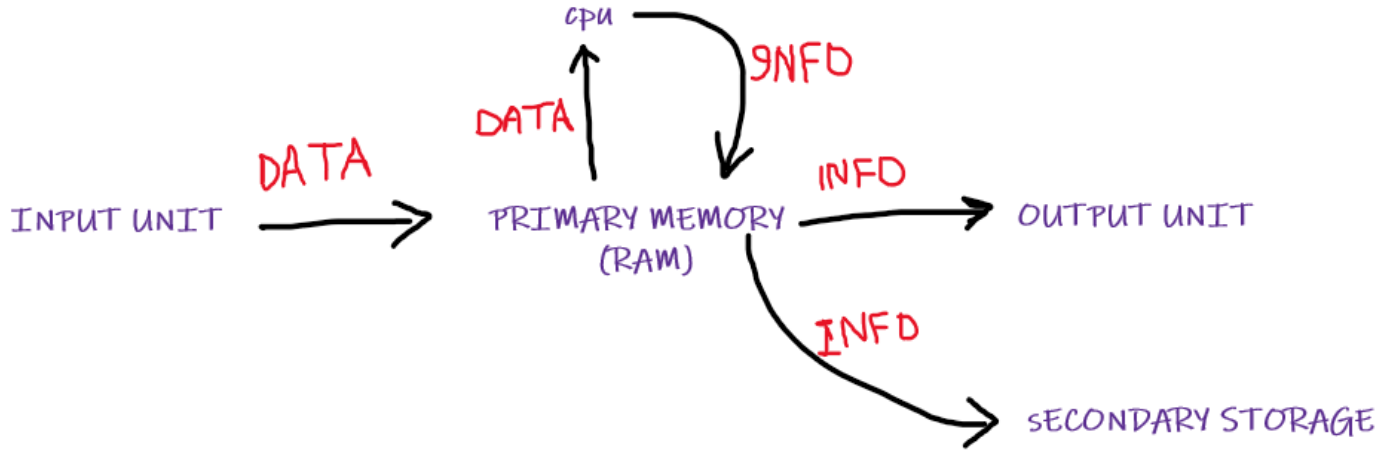

(1) input

(2) output

(3) CPU

(4) memory

Ans: ***(1) input***

Q5. Which of the following includes as a type of input?

(1) data

(2) programs

(3) commands

(4) user responses

(5) All of these

Ans: ***(5)* all of these**

Q6. Information that comes from external source and fed into computer software is called. **[IBPS RRB PO Mains 2017]**

(1) Output

(2) Input

(3) Throughout

(4) Reports

(5) Process

Ans: ***(2) Input***

Q7. This unit sends the processed results to the user.

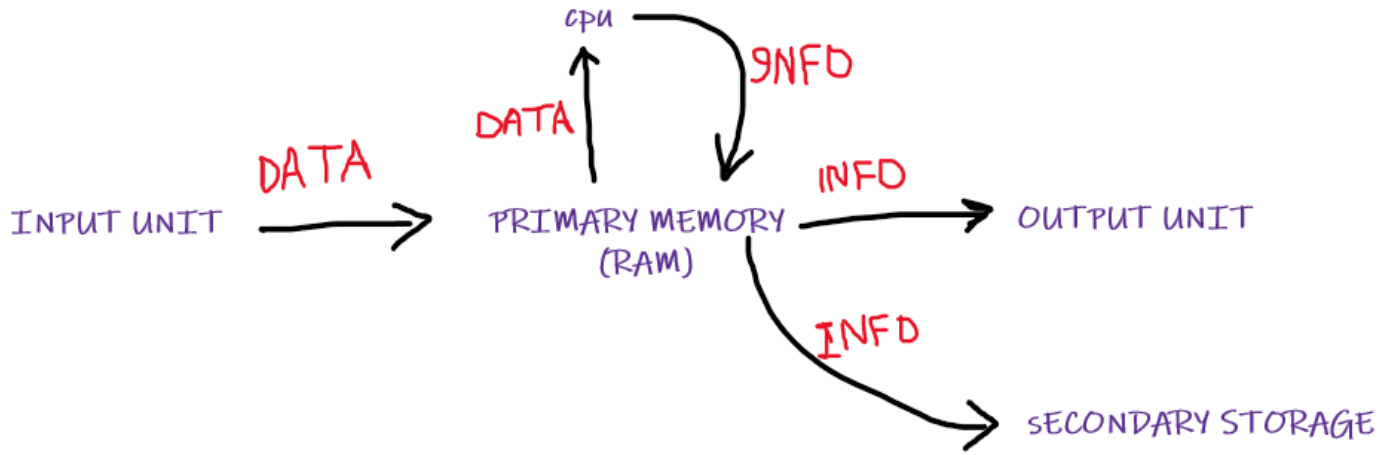

(1) Input

(2) Output

(3) Memory

(4) CPU

Ans: ***(2) Output***

Q8. This component is required to process data into information and consists of integrated circuits. **[SBI Clerk 2011]**

(1) Hard disk

(2) RAM

(3) CPU

(4) ROM

(5) None of these

Ans: ***(3) CPU***

Q9. The Central Processing Unit (CPU) in a computer consists of

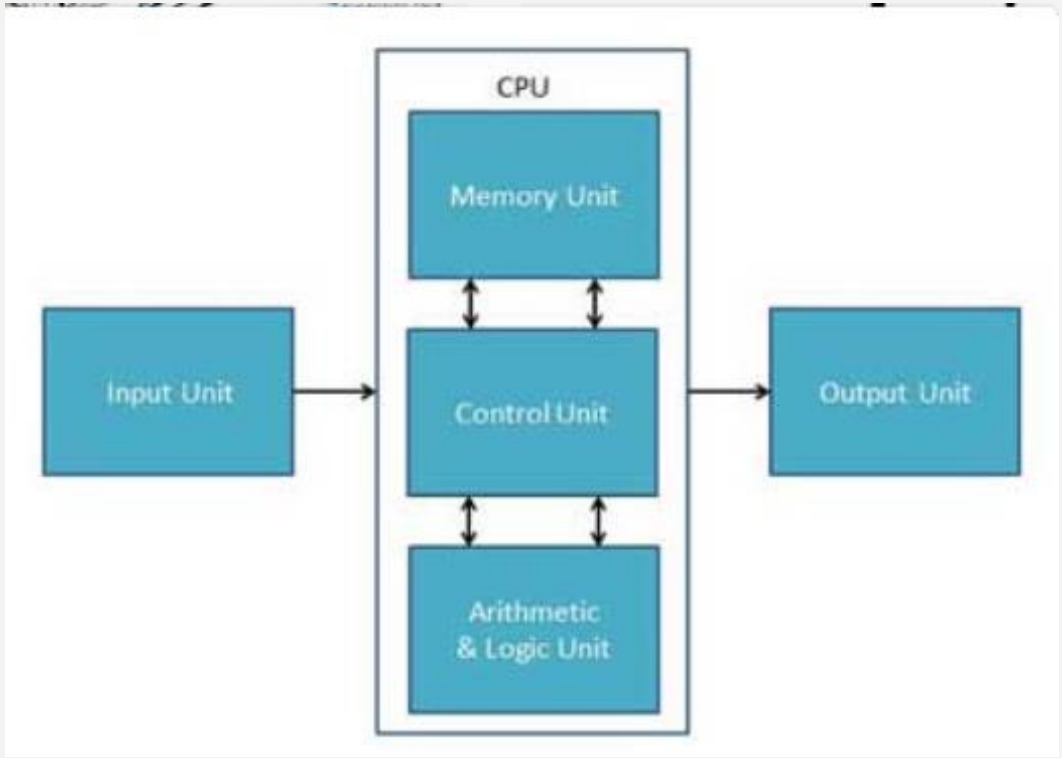

(1) input, output and processing

(2) control unit, primary storage and secondary storage

(3) control unit, arithmetic logic unit, memory unit

(4) All of the above

Ans: ***(3) control unit, arithmetic logic unit, memory unit***

Q10. Where does computer add and compare data?

(1) Hard disc

(2) Floppy disc

(3) CPU chip

(4) Memory chip

Ans: (3) ***CPU Chip***

Q11. What is the brain of the computer? **[SSC CGL 2016]**

(1) Keyboard

(2) Mouse

(3) CPU

(4) Printer

Ans: ***(3) CPU***

Q12. CPU is fabricated as a single integrated circuit which is known as

(1) Motherboard

(2) Microprocessor

(3) ALU

(4) CU

Ans: (2) Microprocessor

Q13. The main job of a CPU is to

(1) carry out program instructions

(2) store data/information for further use

(3) process data and information

(4) Both 1 and 3

Ans: ***(4)*** *Both 1 and 3*

Q14. The CPU comprises of control, memory and ..... units. **[SBI PO 2013]**

(1) microprocessor

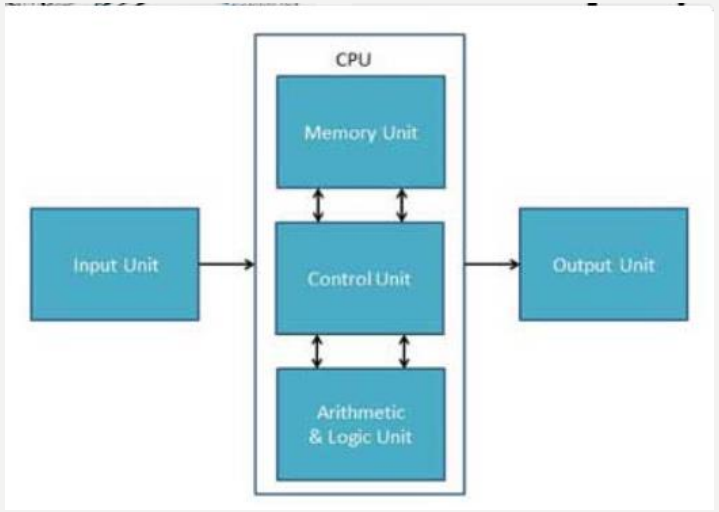

(2) arithmetic/logic

(3) output

(4) ROM

(5) input

Ans: ***(2) arithmetic/logic***

Q15. What is the responsibility of the logical unit in the CPU of a computer?

[IBPS Clerk 2015]

(1) *To produce result*

(2) To compare numbers

(3) To control flow of information

(4) To do Maths work

(5) None of the above

Ans: ***(2) To compare numbers***

(i) **Logical operations** (AND, NOT, OR, XOR).

(ii) **Arithmetic operations** (addition, subtraction, multiplication and division).

(iii) **Bit-shifting operations** (shifting or rotating a word by a specified number
or right with or without sign extension).

(iv) **Comparison operations** (=, <, < =, >, > =)

Q16. Which unit of computer helps in communication between the memory and the arithmetic logical unit?

[IBPS RRB PO Mains 2017]

(1) CMU

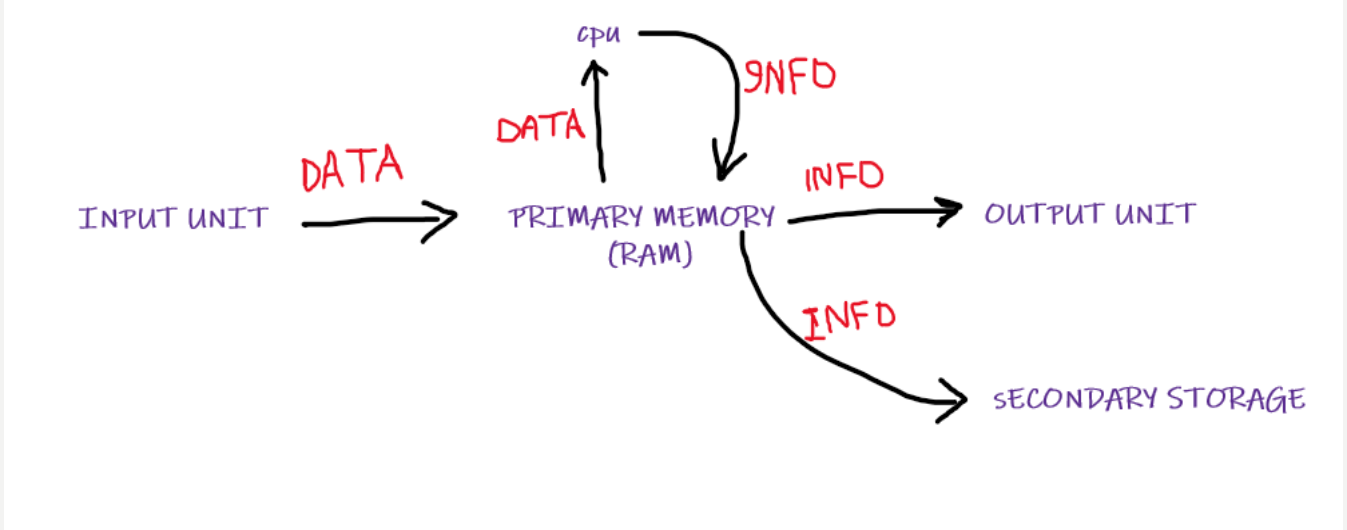

(2) CCU

(3) UPS

(4) CPU

(5) ALU

Ans: ***(4) CPU***

Q17. Which part of the computer is used for calculating and comparing? **[IBPS Clerk2013]**

(1) ALU

(2) Control unit

(3) Disc unit

(4) Modem

(5) None of these

Ans: ***(1) ALU***

(i) **Logical operations** (AND, NOT, OR, XOR).

(ii) **Arithmetic operations** (addition, subtraction, multiplication and division).

(iii) **Bit-shifting operations** (shifting or rotating a word by a specified number or right with or without sign extension).

(iv) **Comparison operations** (=, <, < =, >, > =)

Q18. How many types of arithmetic operations does the ALU of computer perform?

(1) 4

(2) 2

(3) 5

(4) 8

Ans: ***(1) 4***

Q19. Which of the following executes the computer commands?

(1) Arithmetic unit

(2) Logic unit

(3) Both '1' and '2'

(4) Control unit

Ans: ***(3) Both 1 and 2***

Q20. Internal memory in a CPU is nothing but

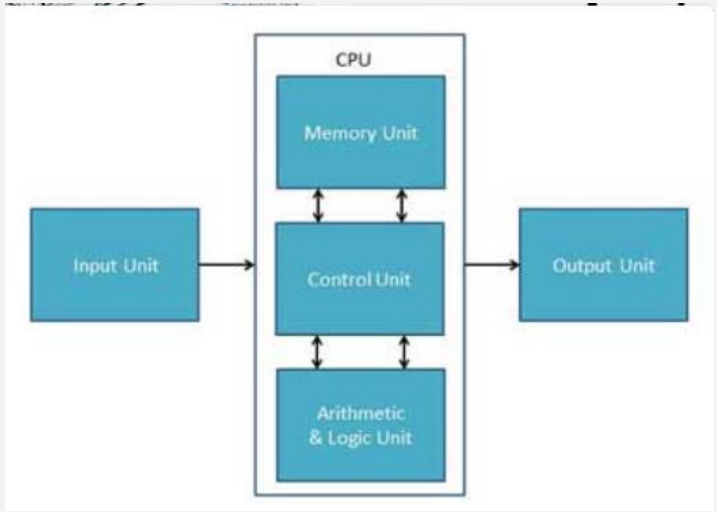

(1) a set of registers

(2) a set of ALU

(3) microprocessor

(4) bus

Ans: ***(1) a set of registers***

Q21. Which among the following is a small set of data holding place that is a part of the computer processor and may hold an instruction, a storage address, or any kind of data?

[IBPS RRB PO Mains 2017]

(1) Register

(2) WAN

(3) Bus

(4) Address

(5) Processor

Ans: ***(1) Register***

Q22. The portion of the CPU that coordinates the activities of all the other computer components is the

[SBI PO 2015]

(1) motherboard

(2) coordination board

(3) control unit

(4) arithmetic logic unit

(5) None of these

Ans: ***(3) control unit***

Q23. The control unit controls other units by generating **[IBPS Clerk 2011]**

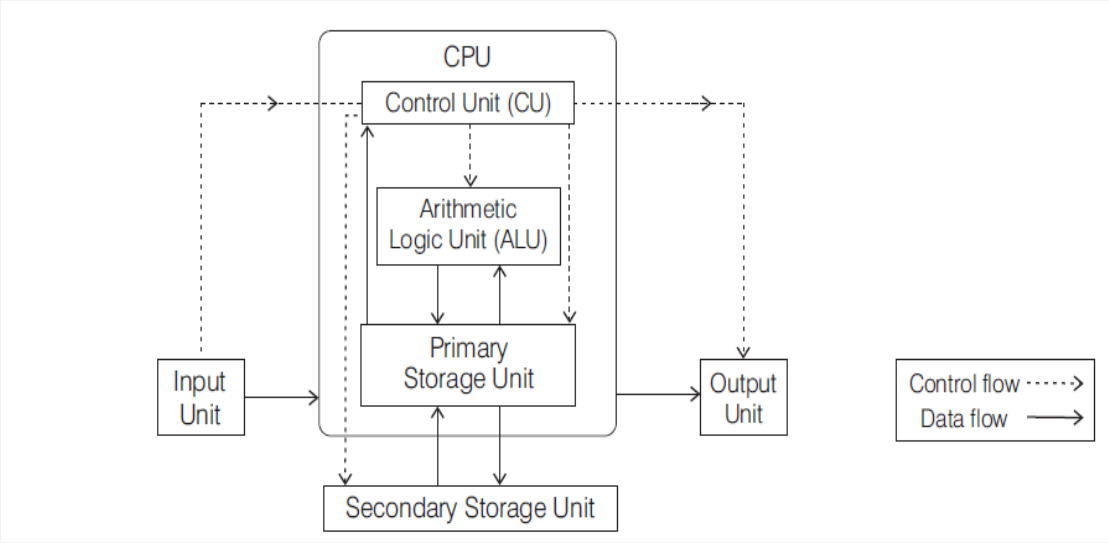

(1) control signal

(2) timing signal

(3) transfer signal

(4) command signal

Ans: ***(2)*** *Control Signals*

Q24. Microprocessors can be used to make **[SBI Clerk 2010]**

(1) computer

(2) digital system

(3) calculators

(4) All of these

(5) None of these

Ans: ***(5)*** *All of these*

Q25. The microprocessor is made up of millions of

(1) registers

(2) transistors

(3) microchips

(4) program counter

Ans: ***(3) transistors***

Q26. The microprocessor of a computer

(1) does not understand machine language

(2) understands machine language and high level language

(3) understands only machine language

(4) understands only high level languages

Ans: ***(3) understands only machine language***

Q27. Memory unit that communicates directly with the CPU is called the

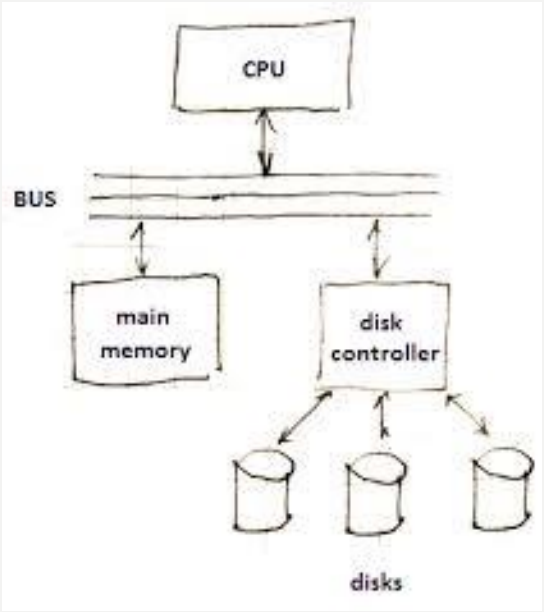

(1) main memory

(2) secondary memory

(3) auxiliary memory

(4) Hard Disk

Ans: ***(1) main memory***

Q28. CPU retrieves its data and instructions from

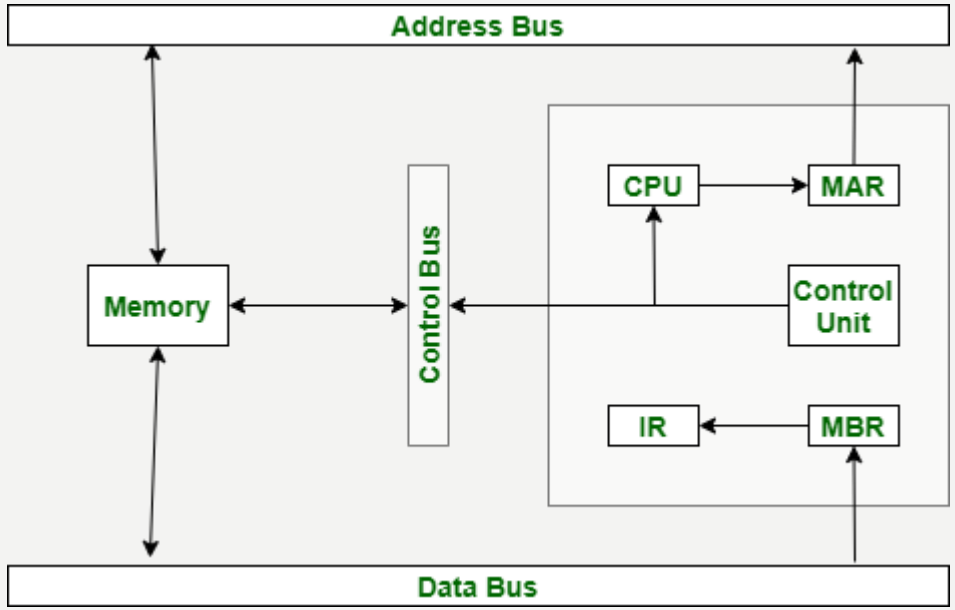

(1) secondary memory

(2) auxiliary memory

(3) main memory

(4) All of these

Ans: ***(3) main memory***

Q29. 49. Which computer memory is used for storing programs and data currently being processed by the CPU?

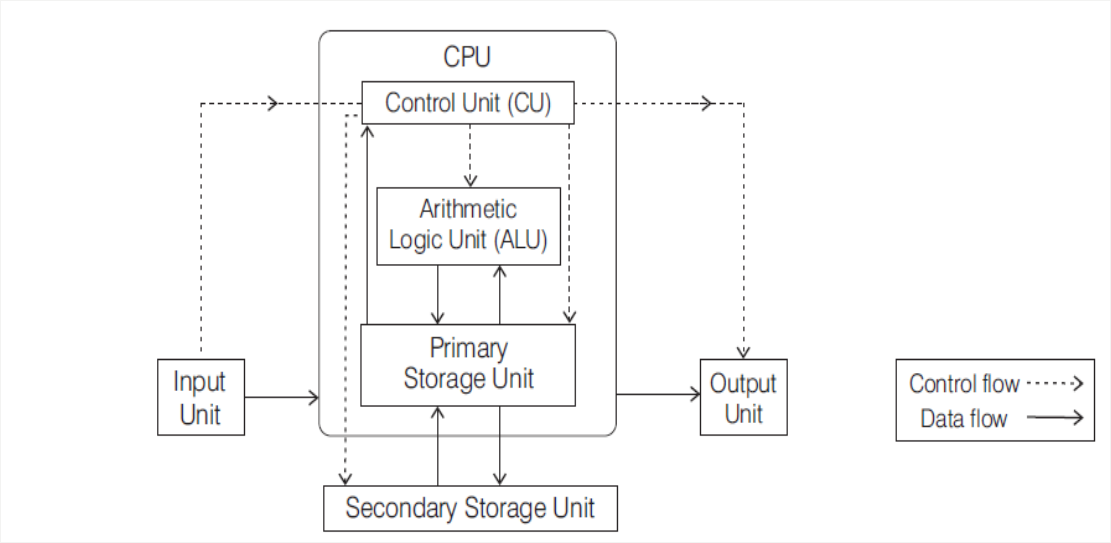

(1) Mass memory

(2) Internal memory

(3) Non-volatile memory

(4)PROM

Ans: ***(2)*** *Internal Memory*

Q30. The CPU and memory are located in which of the following devices?

(1) Motherboard

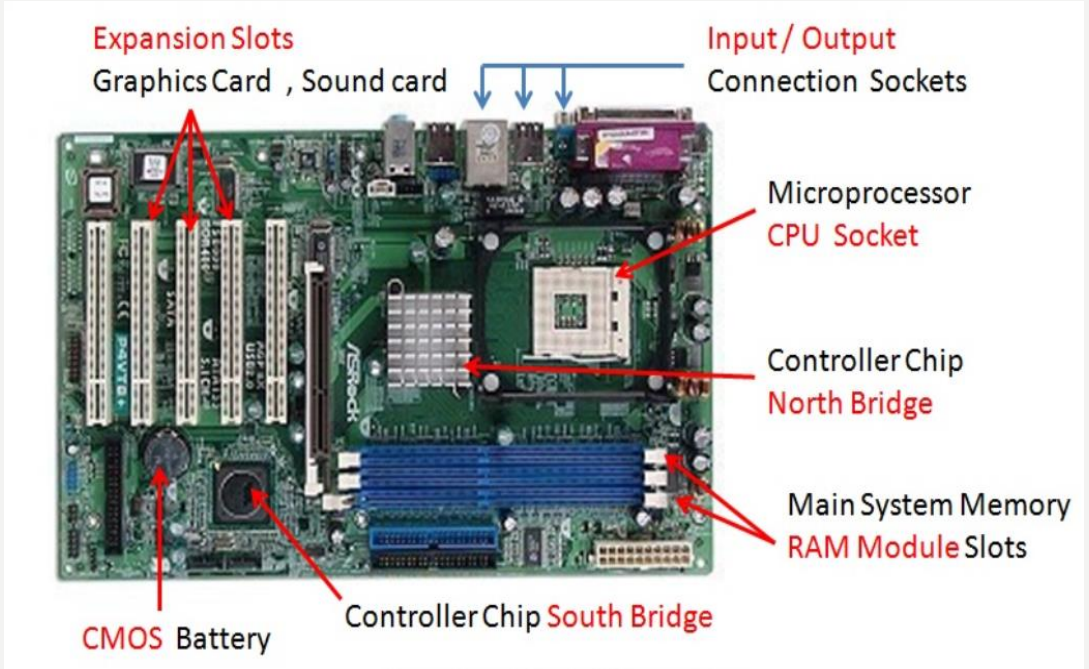

(2) Expansion board

(3) Storage device

(4) Output device

(5) System unit

Ans: (1) *Motherboard*

Q31. The main circuit board in the computer that connects the parts of the computer is the

[SBI Clerk 2015]

(1) motherboard

(2) father board

(3) match board

(4) hard drive

(5) special board

Ans: ***(1)*** *Motherboard*

Q32. Which of the following are the components that reside on motherboard?

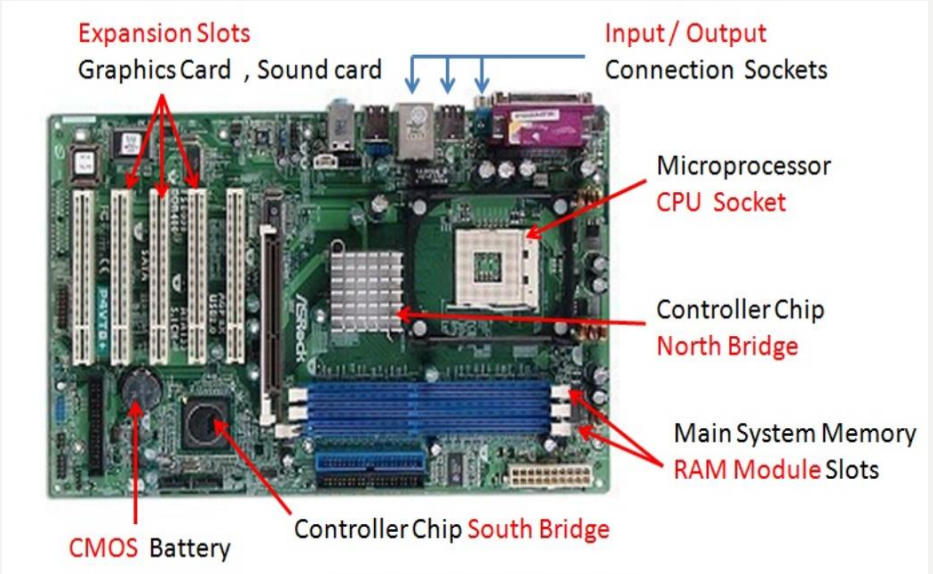

(1) CMOS battery

(2) Fan

(3) PCI slot

(4) All of these

Ans: ***(4)*** *All of These*

Q33. The communication line between CPU, memory and peripherals is called a

[Union Bank of India Clerk 2011]

(1) bus

(2) line

(3) media

(4) All of these

(5) None of these

Ans: ***(1)*** *bus*

Q34. ..... connects components inside the motherboard like CPU and system memory.

(1) Data bus

(2) Address bus

(3) Internal bus

(4) External bus

Ans: ***(3)*** *Internal Bus*

Q35. The address of I/O device or memory is carried by the

(1) data bus

(2) expansion bus

(3) address bus

(4) system bus

Ans: ***(3)*** *Address Bus*

Q36. The name of the location of a particular piece of data is its

(1) address

(2) memory name

(3) storage

(4) data location

Ans: ***(1) Address***

Q37. Which is not an integral part of computer? **[SBI Clerk 2012]**

(1) CPU

(2) Mouse

(3) Monitor

(4) UPS

Ans: ***(4)*** *UPS*

Q38. A temporary storage area, attached to the CPU, for I/O operations is a

(1) chip

(2) buffer

(3) register

(4) core

Ans: ***(2)*** *Buffer*

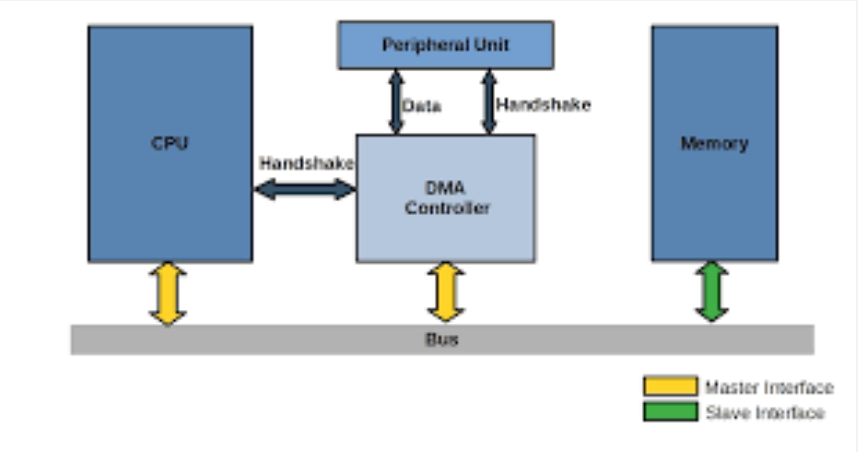

Q39. What is the full form of DMA?

(1) Direct Memory Access

(2) Dynamic Memory Access

(3) Direct Metho Access

(4) Double Memory Access

Ans: ***(1)*** Direct Memory Access

Q40. The processor must have two inputs

(1) instructions and data

(2) information and data

(3) input and output

(4) CPU and instructions

(1) *instructions and data*

Q41. Which of the following groups consists of only input devices?

1. *Mouse, Keyboard, Monitor*
2. *Mouse, Keyboard, Printer*
3. *Mouse, Keyboard, Plotter*
4. *Mouse, Keyboard, Scanner*

Ans: ***(4) Mouse, Keyboard, Scanner***

Q42. What type devices are computer speakers or headphones?

1. *Input*
2. *Input/Output*
3. *Software*
4. *Output*

Ans: ***(4) Output***

Q43. The _____ pen is a small input device used to select and display objects on a screen.

1. *Ink*
2. *Magnetic*
3. *Light*
4. *None of the above*

(3) Light

Q44. The joystick is a _____ stick that moves the graphic cursor in the direction the stick is moved.

1. *Parallel*
2. *Horizontal*
3. *Straight*
4. *Vertical*

Ans: ***(4) Vertical***

Q45. To increase performance of computer its through put is increased by

1. Replacing processor with faster version

2. Replacing input/output

3. Replacing Operating System

4. Replacing Cache

(1) Replacing processor with faster version

Q46. Which of the following is a benchmark widely used for CPU performance evaluation.

1. CPEC

2. PEC

3. CPEB

4. SPEC

Ans: ***(4)*** SPEC(Standard Performance Evaluation Corporation)

Q47. Computer B having execution time 110 ns and computer A having 1001 then

1. A is 9.1 times as fast as B for programs

2. B is 9.1 times as fast as A for programs

3. A is 8 times as fast as B for programs

4. B is 8 times as fast as A for programs

1001/110 = 9.1

Ans: ***(2)*** B is 9.1 times as fast as A for programs

Q48. Where the result of an arithmetic and logical operation are stored ?

1. In Accumulator

2. In Cache Memory

3. In ROM

4. In Instruction Registry

*Ans: **(1)**In Accumulator*

Q49. What is the unit which decodes and translates each instruction and generates the necessary enable signals for ALU and other units called

1. ALU

2. Control Unit

3. CPU

4. Logical Unit

Ans: ***(2)*** *Control Unit*

Q50. Which one among the following is an important data transfer technique ?

1. CAD

2. CAM

3. DMA

4. MMA

Ans: ***(3)*** *DMA*

Q51. On the motherboard, the connection points for chips are referred to as

(1) slots

(2) sockets

(3) ports

(4) lines

Ans: ***(2)*** *Sockets*

Q50. When machine instructions are being executed by a computer, the instruction phase followed by the execution phase is referred to as

(1) program cycle

(2) machine instruction

(3) instruction cycle

(4) task cycle

Ans: ***(3)*** *Instruction Cycle*

I hope that you did great.

Lecture 3 following up.

See you in there.

Thank you for watching.

BY **TAWQEER UL ISLAM**

PHD IN CSE (PURSUING)
JKSSB PANCHAYAT ACCOUNTS ASSISTANT EXAMINATION QUALIFIED

PRACTICE SET FOR LECTURE 3 COMPUTER HARDWARE

MCQ'S ON THE FOLLOWING TOPICS

- **Introduction to Computer Hardware.**
- **Input Devices:**
- *Keyboard, mouse, trackball, joystick, light pen, touch screen, barcode reader, OMR, OCR, MICR, smart card reader, biometric sensor, scanner, Mic, web cam, PC card, etc.*
- **Output Devices:**
- *Monitor, printer, plotter, speaker, headphones, projector, etc.*
- **Both Input-Output Devices:**
- *Modems, Network cards, Touch screen, Headsets, Facsimile (FAX), Audio cards/sound cards, etc.*
- **Input/Output (I/O)Ports.**

QUESTIONS ASKED IN PAA 2020 PAPER

1) Which of the following is an Input device of the computer?

A) Projector

B) Plotter

C) Printer

D) Barcode

Ans: D) Barcode

2) Which among the following is the input device used Specially for checking the answer sheets of an examination having multiple choice question?

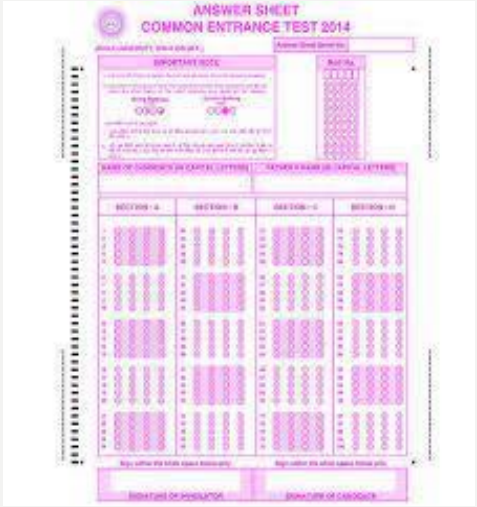

A) Bar Code Readers

B) Optical Character Reader

C) Magnetic Ink Card Reader

D) Optical Mark Reader

Ans: D) Optical Mark Reader

3) Laser printing is an electrostatic digital printing process What is the unit of printing speed in laser printer?

A) Digits per second

B) Digits per line

C) Lines per page

D) Pages per minute

Ans: ***(D)Pages per minute***.

OTHER QUESTIONS

Q1. Any component of the computer you can see and touch is **[IBPS Clerk 2015]**

(1) software

(2) peripheral

(3) storage

(4) CPU

(5) hardware

Ans: ***(5) Hardware***

Q2. Which of the following is not a hardware? **[SSC FCI 2012]**

(1) Processor chip

(2) Printer

(3) Mouse

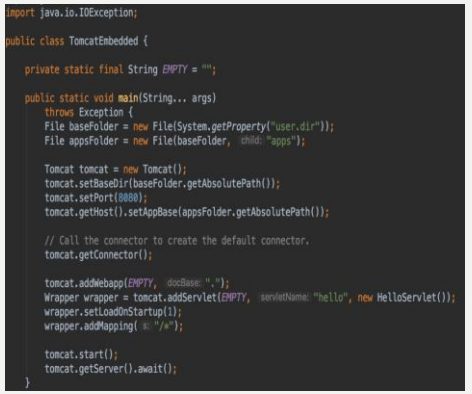

(4) Java

Ans: ***(4) Java***

```
import java.io.IOException;

public class TomcatEmbedded {

    private static final String EMPTY = "";

    public static void main(String... args)
        throws Exception {
        File baseFolder = new File(System.getProperty("user.dir"));
        File appsFolder = new File(baseFolder,  child: "apps");

        Tomcat tomcat = new Tomcat();
        tomcat.setBaseDir(baseFolder.getAbsolutePath());
        tomcat.setPort(8080);
        tomcat.getHost().setAppBase(appsFolder.getAbsolutePath());

        // Call the connector to create the default connector.
        tomcat.getConnector();

        tomcat.addWebapp(EMPTY,  docBase: ".");
        Wrapper wrapper = tomcat.addServlet(EMPTY,  servletName: "hello", new HelloServlet());
        wrapper.setLoadOnStartup(1);
        wrapper.addMapping( s: "/*");

        tomcat.start();
        tomcat.getServer().await();
    }
```

Q3. A (n) …… device is any hardware component that allows you to enter data and instructions into a computer? **[SBI Clerk 2014]**

(1) interaction

(2) input

(3) communication

(4) output

(5) terminal

Ans: ***(2)*** *input*

Q4. Computer gets …… with the help of mouse, joystick or keyboard.

(1) Insert

(2) delete

(3) input

(4) output

Ans: ***(3) input***

Q5. The most common method of entering text and numerical data into a computer system is through the use of a **[SBI PO 2015]**

(1) plotter

(2) scanner

(3) printer

(4) keyboard

(5) None of these

Ans: ***(4)*** **Keyboard**

Q6. Which key is also known as toggle keys?

(1) Caps lock

(2) Num lock

(3) '1' and '2' both

(4) None of these

Ans: ***(3) 1 and 2***

Q7. You can use the Tab key to **[SBI Clerk 2013]**

(1) move a cursor across the screen

(2) indent a paragraph

(3) move the cursor down the screen

(4) Both '1' and '2'

(5) None of the above

Ans: ***(2) indent a paragraph***

Q8. To move to the beginning of a line of text, press the ..... key.

(1) Page up

(2) Shift

(3) Home

(4) Enter

Ans: ***(3) Home***

Q9. In a keyboard, left-right-up-down set of keys facilitates which among the following functions?

[IBPS RRB PO Mains 2017]

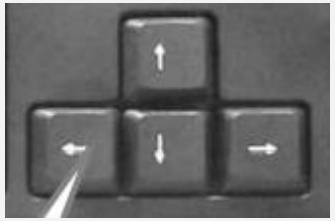

(1) Deleting Data or Modification

(2) Page Scrolling to view a Document

(3) Launching Start Menu

(4) Initiating Search and Help

(5) Controlling RAM or process execution

Ans: ***(2) Page Scrolling to view a Document***

Q10. Shift, Ctrl, Alt are examples of which among the following category?

[IBPS RRB PO Mains 2017]

(1) Modifier Keys

(2) Primary Keys

(3) Function Keys

(4) Alternate Keys

(5) Candidate Keys

Ans: (1) ***Modifier Keys***

Q11. Pointing device includes the following except

(1) mouse

(2) joystick

(3) trackball

(4) Keyboard

Ans: ***(4) Keyboard***

Q12. First computer mouse was built by **[SSC CGL 2013]**

(1) Douglas Engelbart

(2) William English

(3) Oaniel Coogher

(4) Robert Zawacki

Ans: (1) Douglas Engelbart

Q13. Which is the best position for operating the mouse? **[IBPS Clerk 2011]**

(1) Tail away from the user

(2) Tail towards the user

(3) Tail facing the right

(4) Tail facing the left

(5) None of the above

Ans: ***(2) Tail towards the user***

Q14. Which button is called as middle button used as third mouse button by pressing on it? **[IBPS RRB PO Mains 2017]**

(1) right button

(2) scroll wheel

(3) touch bar

(4) light bar

(5) left button

Ans: (2) scroll wheel

Q15. Trackball is an example of a/an **[IBPS Clerk 2011]**

(1) programming device

(2) pointing device

(3) output device

(4) software device

(5) printing device

Ans: ***(2) pointing device***

Q16. **22.** A joystick is primarily used to/for ……. . **[IBPS Clerk 2012, SBI PO 2013]**

(1) control sound on the screen

(2) computer gaming

(3) enter text

(4) draw pictures

(5) print text

Ans: ***(2) computer gaming***

Q17. A joystick allows movements in which angle?

(1) 30°

(2) 60°

(3) 90°

(4) 360°

Ans: **(4) 360°**

Q18. A device, which is used for making drawings, graphics and for menu selection.

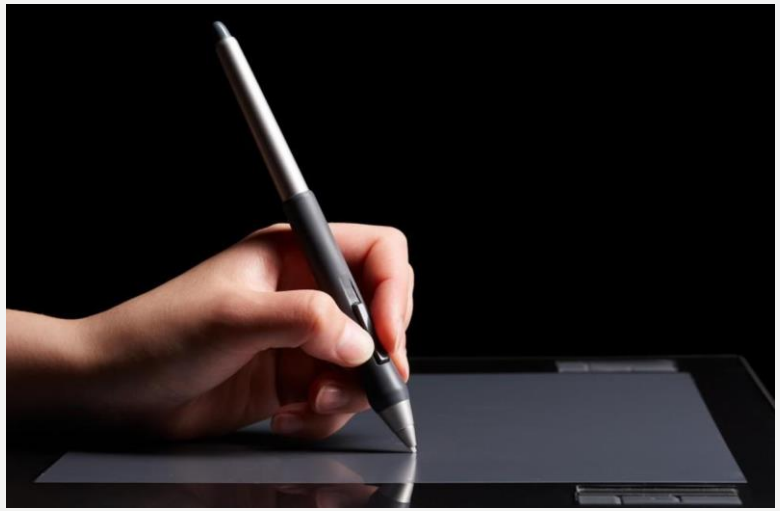

(1) Keyboard

(2) Mouse

(3) Touch screen

(4) Light Pen

Ans: (4) Light Pen

Q19. The pattern of printed lines on most products are called **[SBI Clerk 2009]**

(1) prices

(2) OCR

(3) scanners

(4) barcodes

(5) None of these

***Ans:* (4) barcodes**

Q20. An optical input device that interprets pencil marks on paper media is ……

[IBPS RRB PO Mains 2017]

(1) OMR

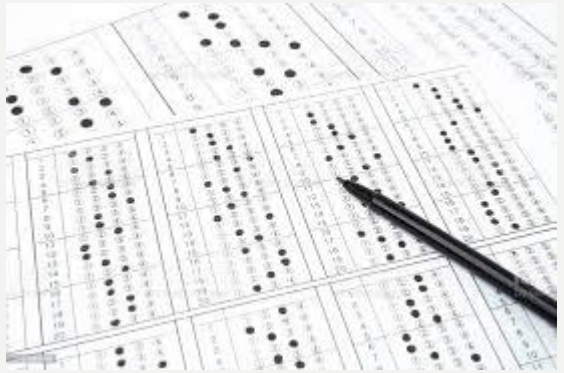

(2) punch card reader

(3) optical scanners

(4) magnetic tapes

(5) Stylus

Ans: ***(1) OMR***

Q21. What does MICR stand for? **[IBPS Clerk 2014, RBI Grade B 2014]**

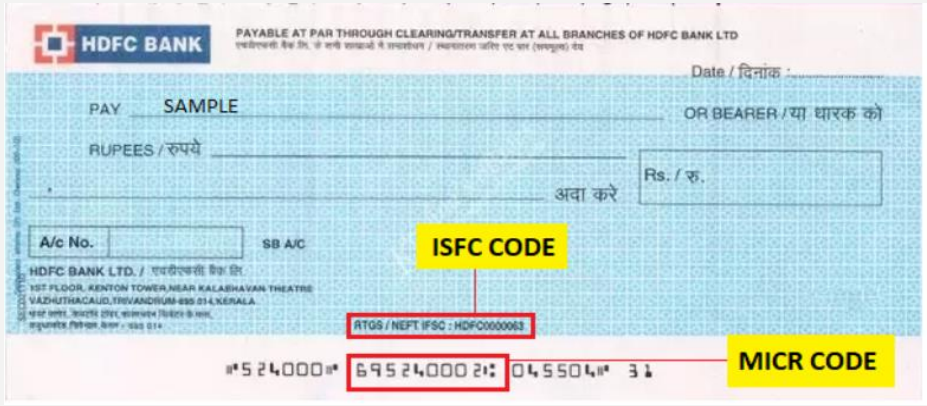

(1) Magnetic Ink Character Register

(2) Magnetic Ink Code Reader

(3) Magnetic Ink Code Register

(4) Magnetic Ink Character Recognition

(5) Magnetic Ink Cases Reader

Ans: ***(4) Magnetic Ink Character Recognition***

Q22. Which of the following device which recognizes physical traits of an individual?

(1) Smart card

(2) Biometric sensor

(3) Bar code

(4) MICR

Ans: (2) Biometric sensor

Q23. A..... is used to read handwritten or printed text to make a digital image that is stored in memory. **[RBI Grade B 2012]**

(1) printer

(2) laser beam

(3) scanner

(4) touchpad

(5) None of these

Ans: (3) scanner

Q24. It is a video capturing device **[IBPS PO 2012]**

(1) webcam

(2) microphone

(3) monitor

(4) mouse

(5) Scanner

Ans: (1) webcam

Q25. Which of the following could be digital input devices for computers?

[RBI Grade B 2014]

(1) Digital camcorder

(2) Microphone

(3) Scanner

(4) All of these

(5) None of these

Ans: ***(4) All of these***

Q26. Using output device one can ……

[IBPS RRB PO Mains 2017]

(1) View or Print Data

(2) Modify Data

(3) Store Data

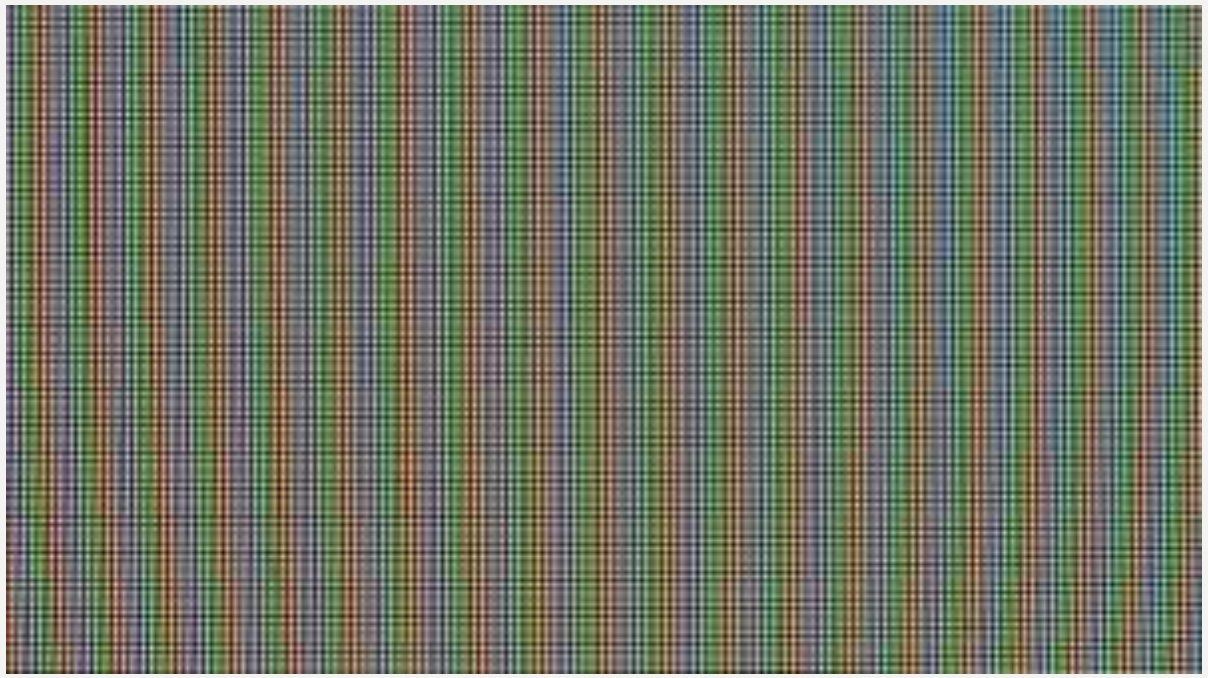

(4) Replicate Data

(5) Enter Data

Ans: ***(1) View or Print Data***

Q27. Which among the following is the smallest unit in an image in a computer screen?

[IBPS RRB PO Mains 2017]

(1) Unit

(2) Pixel

(3) Array

(4) Resolution

(5) Clip

Ans: ***(2) Pixel***

Q28. Soft copy refers to ……. .

[IBPS Clerk 2013]

(1) printed output

(2) digitizing

(3) music sounds

(4) screen output

(5) None of these

Ans: (4) screen output

Q29. The most common method of entering text and numerical data into a computer system is through the use of a _____

(1)Plotter

(2) Scanner

(3) Printer

(4) Keyboard

Ans: ***(4) Keyboard***

Q30. The higher the resolution of a monitor, the **[IBPS PO 2011]**

(1) larger the pixels

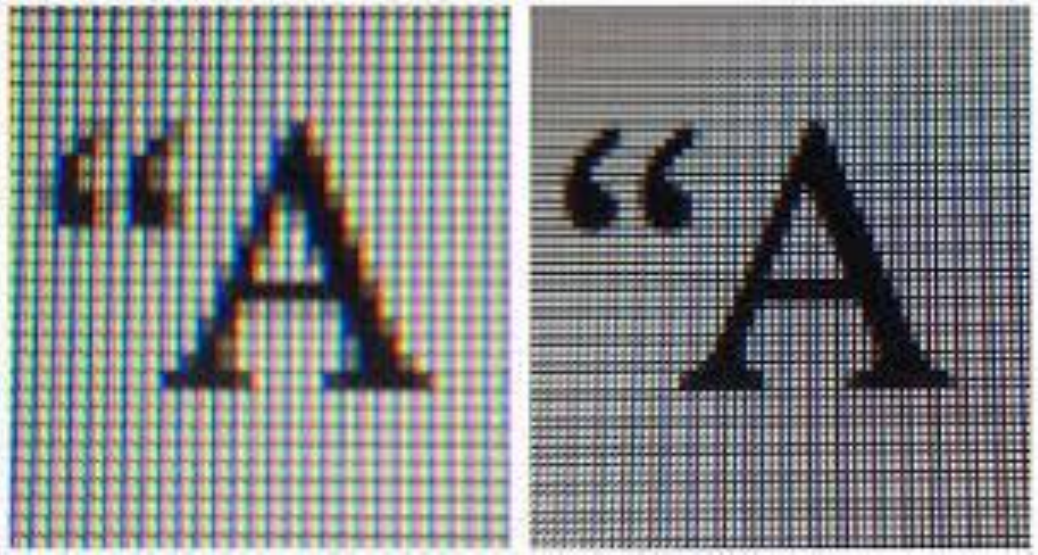

(2) less clear the screen is

(3) further apart the pixels

(4) closer together the pixels

(5) None of the above

Ans: (4) closer together the pixels

Q31. The CRT is …… in shape. **[RBI Grade B 2013, SBI PO 2011]**

(1) circular

(2) rectangular

(3) eclipse

(4) conical

(5) None of these

Ans: ***(2) rectangular***

Q32. What are the units used to count the speed of a printer? **[IBPS Clerk 2013]**

(1) CPM

(2) DPI

(3) PPM

(4) BIT

(5) None of these

Ans: (3) PPM

Characters Per Second (CPS), Lines Per Minute (LPM) and Pages Per Minute (PPM).

Q33. …… printer cannot print more than on characters at a time. **[SSC CHSL 2013]**

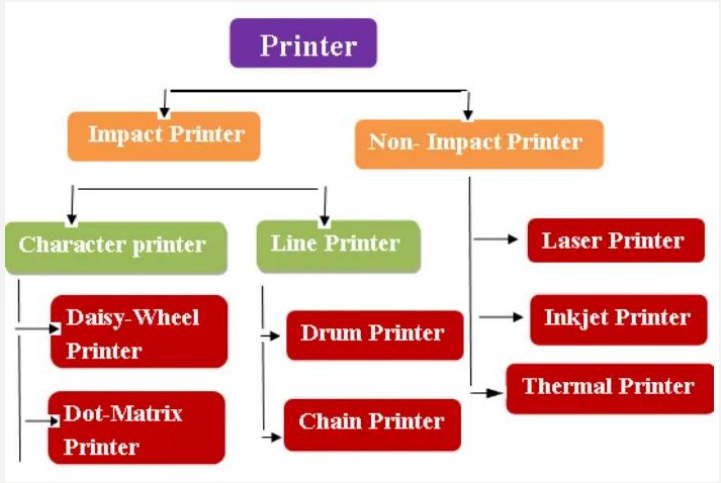

(1) Line

(2) Daisy wheel

(3) Laser

(4) Dot matrix

Ans: **(2) Daisy Wheel *(4) Dot matrix***

Q34. Speed of line printer is limited by the speed of **[IBPS PO 2012, Clerk 2013]**

(1) paper movements

(2) cartridge used

(3) length of paper

(4) All of these

(5) None of these

Ans: ***(1) paper movements***

Q35. An example of peripheral equipment is

(1) printer

(2) CPU

(3) spreadsheet

(4) microcomputer

Ans: *(1) printer*

Q36. The impact printers are

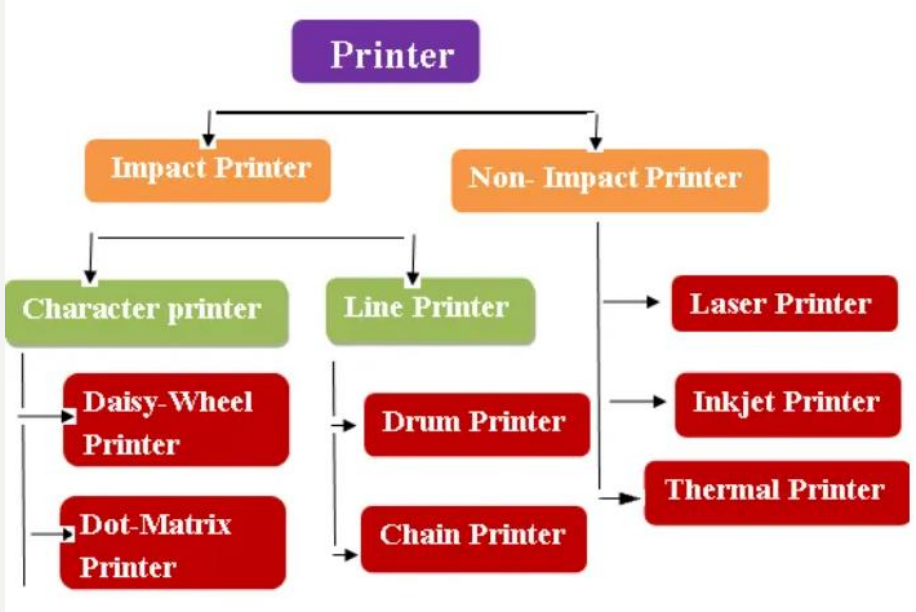

(1) dot matrix

(2) drum

(3) inkjet

(4) Both '1' and '2'

Ans: (4) Both '1' and '2'

Q37. Which among the device that converts computer output into a form that can be transmitted over a telephone line?

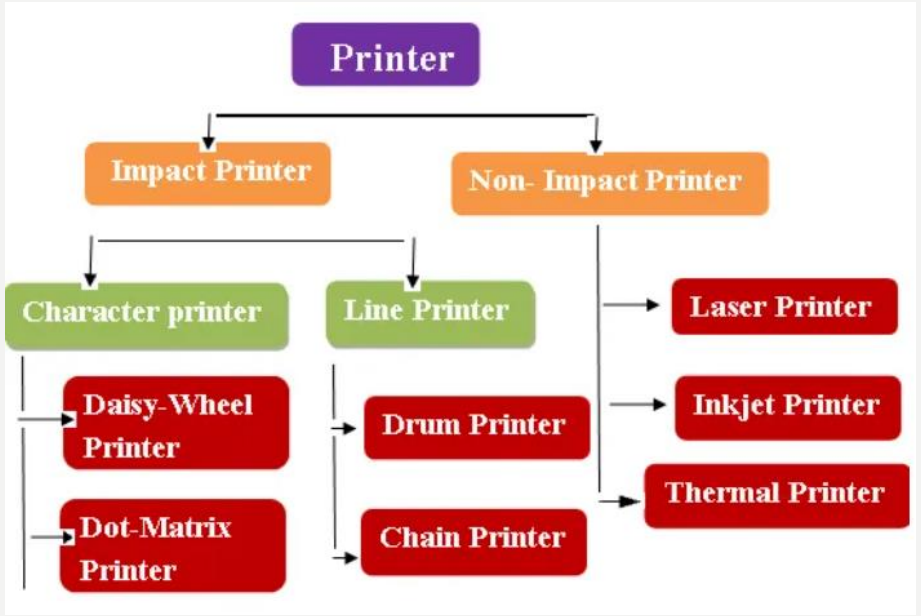

1. *Teleport*
2. *Multiplexer*
3. *Concentrator*
4. *Modem*

Ans: ***(4)*** *Modem*

Q38. Laser printers belongs to

1. *line printer*
2. *page printer*
3. *band printer*
4. *dot matrix printer*

Ans: ***(2)*** *Page printer*

Q39. The example of non-impact printers are **[RBI Grade B 2013]**

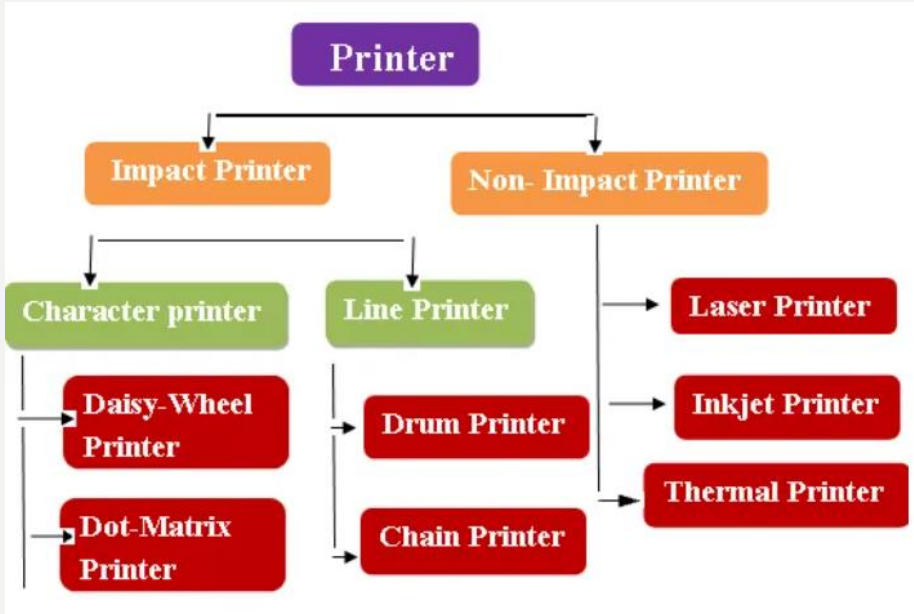

(1) Laser-Dot matrix

(2) Inkjet-Laser

(3) Inkjet-Dot matrix

(4) Dot matrix

(5) None of these

Ans: ***(2) Inkjet-Laser***

Q40. In laser printers, printing is achieved by deflecting laser beam on to …… surface of a drum. **[SBI PO, IBPS Clerk 2011, 2013]**

(1) magnetised

(2) photosensitive

(3) magnetic

(4) Either '1' or '2'

Ans: (2) photosensitive

Q41. It is used to produce large drawings or images such as construction plans, blueprints for mechanical object etc.

(1) Printer

(2) Plotter

(3) MICR

(4) OCR

Ans: ***(2) Plotter***

Q42. The transfer of data from a CPU to peripheral devices of computer is achieved through **[SSC CGL 2012]**

(1) interfaces

(2) buffer memory

(3) modems

(4) I/O ports

Ans: (4) I/O ports

Q43. A parallel port is most often used by a **[SSC CPO 2011]**

(1) printer

(2) monitor

(3) mouse

(4) external storage device

Ans: (1) printer

Q44. USB in data cables stands for **[IBPS Clerk 2014]**

(1) Unicode Smart Bus

(2) Universal Structural Bus

(3) Unicode Serial Bus

(4) Universal Smart Bus

(5) Universal Serial Bus

Ans: (5) Universal Serial Bus

Q45. USB refers to **[SSC MTS 2013]**

(1) a storage device

(2) a processor

(3) a port type

(4) a serial bus standard

Ans: *(3) a port type*

Q46. …… can interpret voice data into words that can be understood by the computer.

[IBPS Clerk 2014]

(1) Speech input hardware

(2) Speech recognition software

(3) Word recognition software

(4) Talking software

(5) Other than those given as options

Ans: (2) Speech recognition software

Q47. Dumb terminals have terminals and **[SBI PO 2015]**

(1) mouse

(2) speakers

(3) Storage

(4) mouse or speakers

(5) None of these

Ans: ***(4) mouse or speakers***

Q48. Which one of the following input device is user-programmable? **[IBPS Clerk 2015]**

(1) Dumb terminal

(2) VDT

(3) Intelligent terminal

(4) All of these

Ans: (3) Intelligent terminal

Q49. Input devices are used to provide the steps and tasks the computer needs to process data and these steps and tasks are called **[IBPS Clerk 2015]**

(1) program

(2) design

(3) information

(4) instructions

(5) flow chart

Ans: *(4) instructions*

Q50. Which of the following are properties of USB? **[IBPS Clerk Mains 2017]**

(1) Platform independent

(2) Platform dependent

(3) Source dependent

(4) Software dependent

(5) Software Independent

Ans: (1) Platform independent

I hope that you did great.

JKSSB PANCHAYAT ACCOUNTS ASSISTANT EXAMINATION QUALIFIED

PRACTICE SET FOR LECTURE 4 COMPUTER MEMORY

FRONTLINE ACADEMY
Leading From The Front

MCQ'S ON THE FOLLOWING TOPICS

- Memory Hierarchy
- Parameters of Memory
- Types of Memory:

I. Primary memory or Main memory

    1. **Random Access Memory** (RAM).
    2. **Read Only Memory** (ROM)

2. Secondary memory or Auxiliary memory:

hard disk drive, floppy disk, magnetic tape, Solid State Drive, CD, DVD and Blu-ray disc.

- **Cache Memory**
- **Flash Memory**

QUESTIONS ASKED IN PAA 2020 PAPER

1) Which one of the following is called as primary memory Of Computer?

A) RAM

B) External Hard disk

C) Pen Drive

D) CD/DVD Drive

Ans: A) RAM

2) SSD is a new generation of storage device used in computers

A) Solid-State Drive

B) Storage-State Drive

C) Solid-Storage Drive

D) Simple-Storage Drive

Ans: A) Solid-State Drive

A **solid-state drive** (**SSD**) is a solid-state storage device that uses integrated circuit assemblies to store data persistently, typically using flash memory, and functioning as secondary storage in the hierarchy of computer storage. It is also sometimes called a **solid-state device** or a **solid-state disk**,[1] even though SSDs lack the physical spinning disks and movable read–write heads used in hard disk drives (HDDs) and floppy disks.[2]

3) Which of the following is NOT feature of primary memory

A) it is accessed directly by the processor

B) it is the fastest memory available

C) its contents are lost once powder is switched off

D) it is non-volatile

Ans: ***(D) it is non-volatile.***

OTHER QUESTIONS

Q0. Arrange the memory devices **in decreasing order** based on the access time

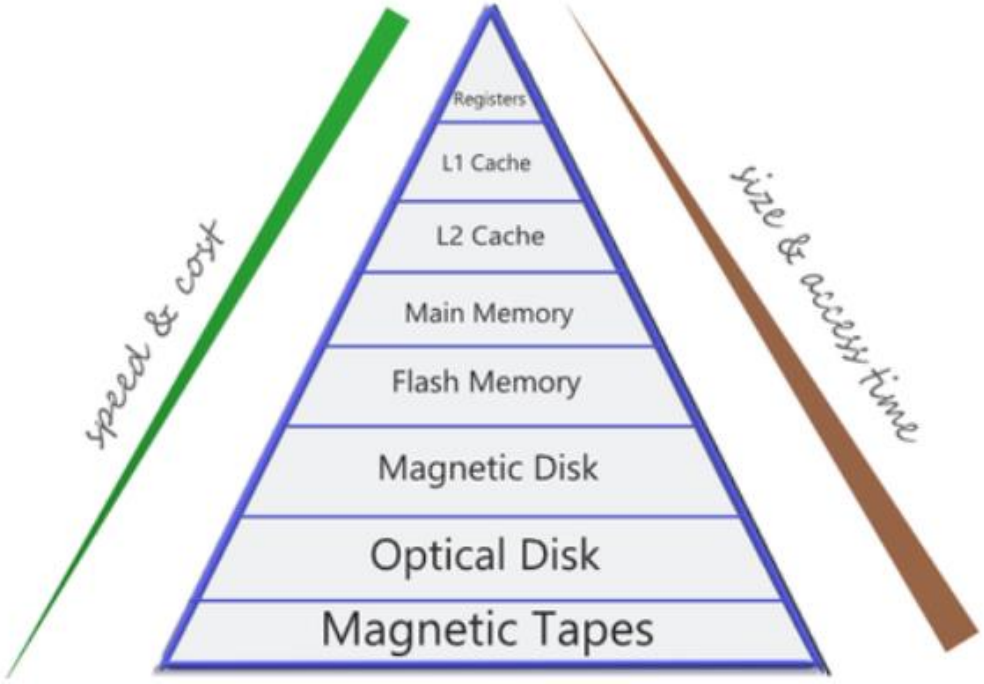

(1) Magnetic tapes → magnetic disks → optical disks → electronic disks → main memory → registers → cache

(2) Magnetic tapes → main memory → electronic disks → optical disks → magnetic disks → cache → registers

(3) registers → cache → main memory → electronic disks → magnetic disks → optical disks → Magnetic tapes

(4) Magnetic tapes → optical disks → magnetic disks → electronic disks → main memory → cache → registers

Ans: *(4) Magnetic tapes → optical disks → magnetic disks → electronic disks → main memory → cache → registers*

Q1. Storage which stores or retains data after power off is called-

(1) Volatile storage

(2)Non-volatile storage

(3)Sequential storage

(4)Direct storage

(5)None of these

Volatile ---> Deleted

Non-Volatile ---> Not Deleted

Ans: ***(B) Non-volatile storage***

Q2. A permanent memory, which halls data and **instruction for start-up** the computer and does not erase data after power off.

(1) Network interface card

(2)CPU

(3)RAM

(4)ROM

(5)None of these

Ans: ***(D) ROM***

Q3. Which of the following is true about RAM?

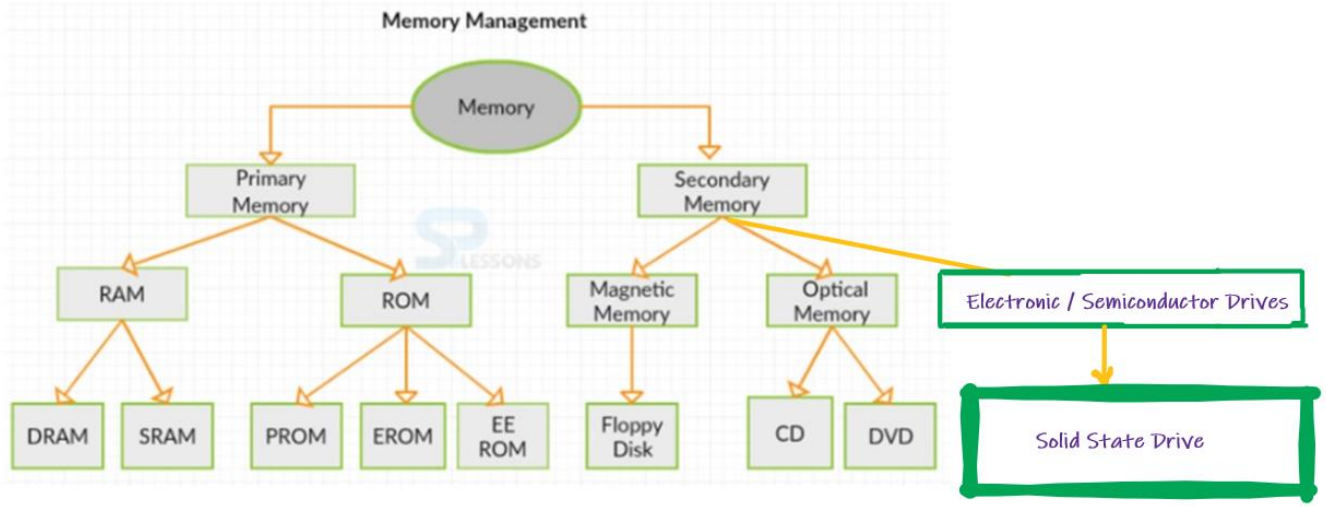

1) *Can only be read.*
2) *Can only be written*
3) *Is a permanent storage*
4) *Can be both read and written.*

Ans: *(4) Can be both read and written.*

Q4. Which one is the secondary memory device ?

1) *RAM*
2) *ROM*
3) *Floppy disk*
4) *ALU.*

Ans: ***(3) Floppy Disk***

Q5. Which of the following is not an example of non-volatile memory ?

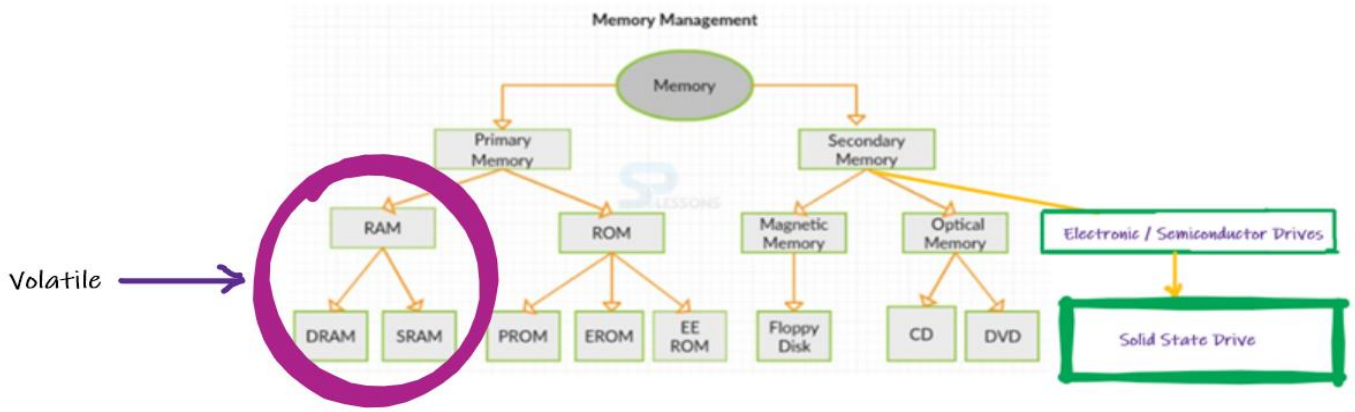

(1) SSD

(2) HDD

(3) RAM

(4) ROM

Ans: ***(3)* RAM**

Q6. Which of the following memory is capable of operating at electronics speed?

(1) Magnetic tapes

(2) Magnetic drums

(3) Semiconductor memory

(4) Floppy Drive

Ans: (3) Semiconductor memory

Q7. A gigabyte is equal to

(1) 1024 bytes

(2) 1024 megabytes

(3) Million megabytes

(4) Thousand kilobytes

Ans: ***(2) 1024 megabytes***

kilobyte	KB/kB	10^3	2^{10}	1024 B
megabyte	MB	10^6	2^{20}	1024 KB
gigabyte	GB	10^9	2^{30}	1024 MB
terabyte	TB	10^{12}	2^{40}	1024 GB
petabyte	PB	10^{15}	2^{50}	1024 TB
exabyte	EB	10^{18}	2^{60}	1024 PB
zettabyte	ZB	10^{21}	2^{70}	1024 EB
yottabyte	YB	10^{24}	2^{80}	1024 ZB

Q8. Which of the following does not refer to the memory in computer?

(1) ROM

(2) SSD

(3) VGA

(4) HDD

Ans: ***(3) VGA***

FRONTLINE ACADEMY
Leading From The Front

Q9. Storage and memory differ with respect to which of the following characteristics?

(1) speed

(2) Price

(3) Reliability

(4) All of these

Ans: ***(4) All of these***

Q10. Which of the following is not a semiconductor memory?

(1) Static RAM

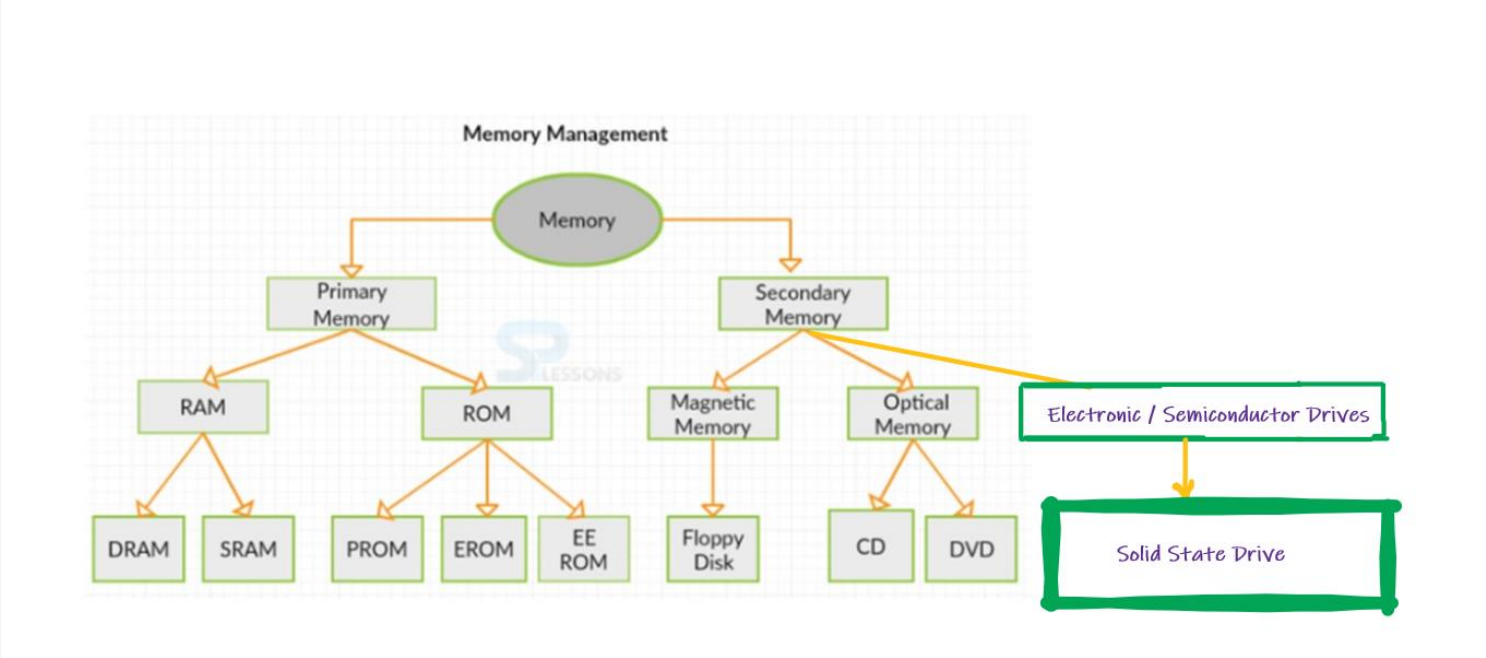

(2) Dynamic RAM

(3) ROM

(4) SSD

(5) Floppy Disk

Ans: *(5)* ***Floppy disk***

Q11. Which of the following is not a valid size of a floppy disk?

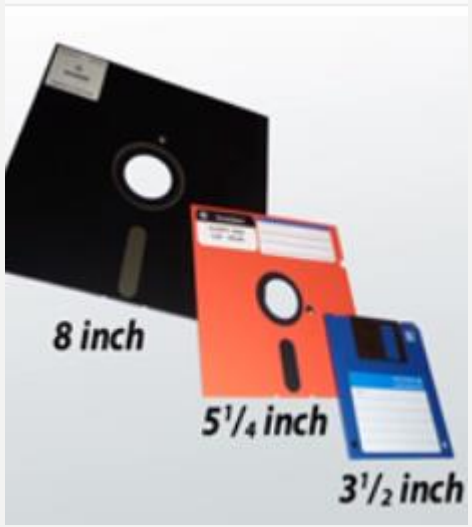

(1) 3.5’

(2) 5.25’

(3) 2’

(4) 8’

Ans: ***(3) 2’***

Q12. A half byte is known as_____.

(1) data

(2)Bit

(3)half byte

(4)nibble

Ans: (1) Nibble

Q13. _____ is the permanent memory built into your computer called.

(1) RAM

(2)CPU

(3)DVD-ROM

(4)ROM

Ans: ***(4) ROM***

Q14. Magnetic tape is not practical for applications where data must be quickly recalled because tape is _____.

(1) A random-access medium

(2)A sequential-access medium

(3)A read-only medium

(4)An expensive storage medium

Ans: (2) A sequential-access medium

Q15. Hard disc drives are considered……storage-

(1) Flash

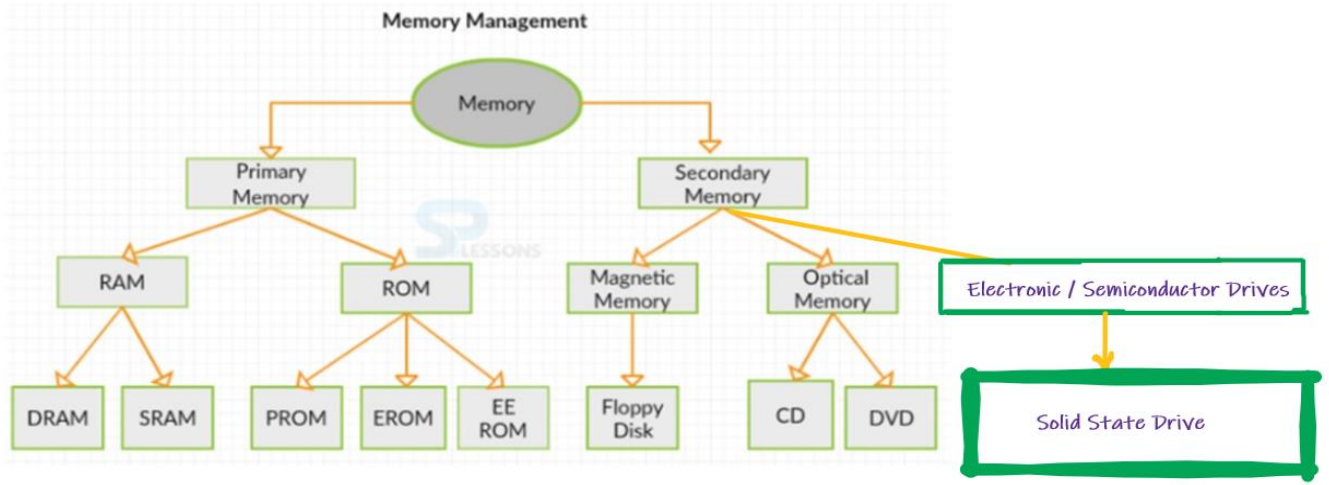

(2)Non-volatile

(3)Temporary

(4)Non-permanent

(5)None of these

Ans: ***(2) Non-volatile***

Q16. What is the main advantage of magnetic core memory over semiconductor RAM memory?

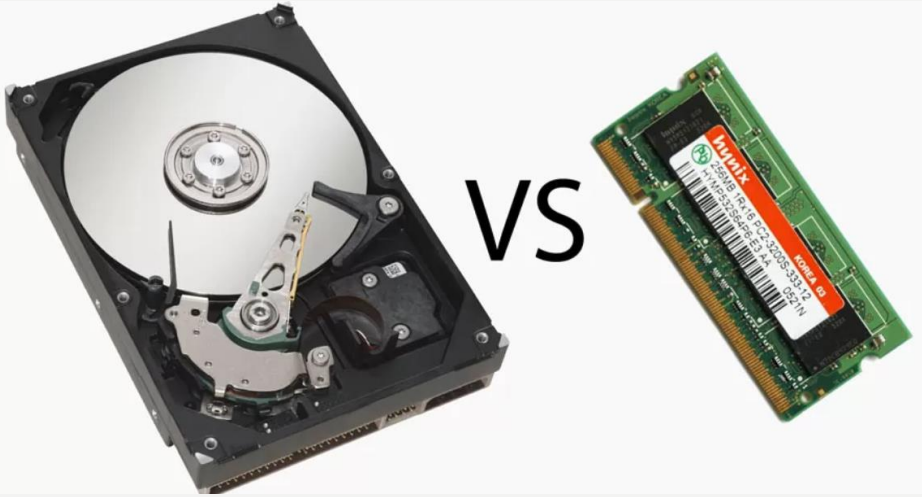

(1) More compact and smaller

(2)More economical

(3)A bit does not have to write after reading

(4)Non-volatile

Ans: ***(4) Non-volatile***

Q17. The storage element for a static RAM is the _____.

(1) Diode

(2) Resistor

(3) Capacitor

(4) Flip-flop (Transistor)

Ans: **(4) Flip-flop (Transistor)**

Q18. All of the following are non-volatile except

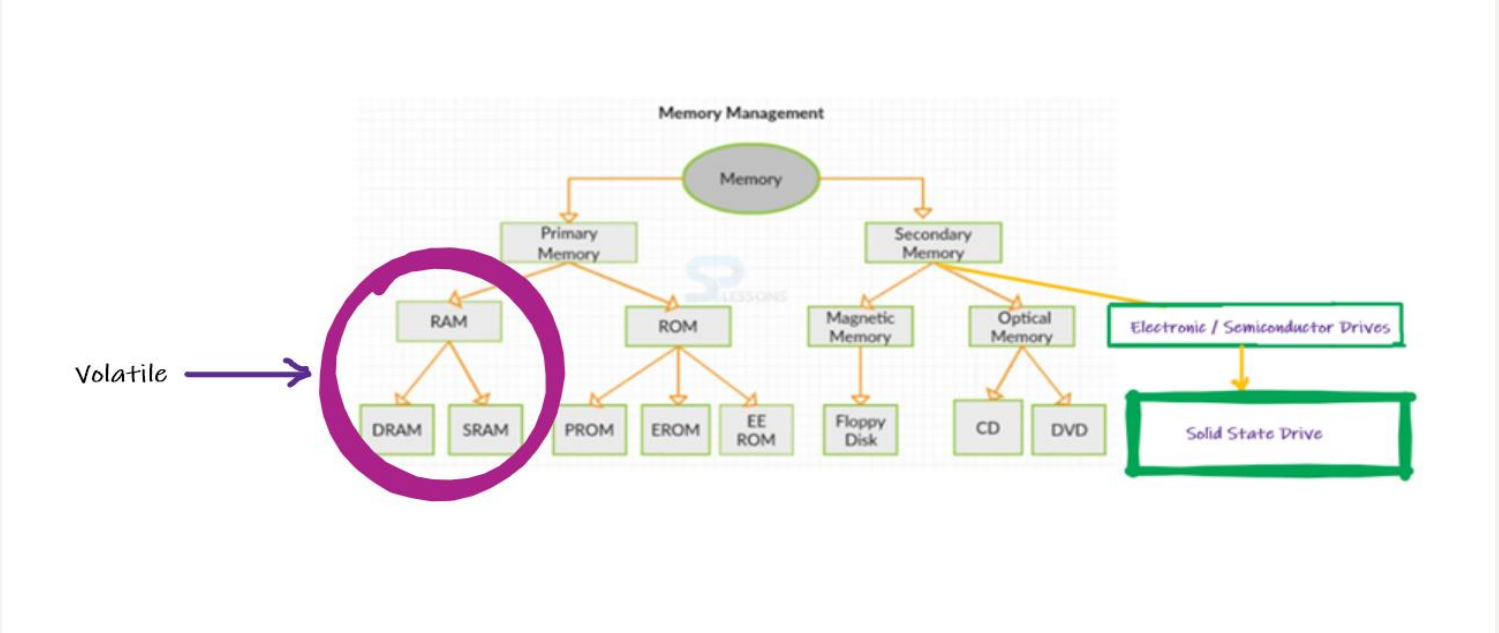

(1) ROM

(2) PROM

(3) Flash

(4) RAM

Ans: (4) RAM

Q19. Where is data saved permanently?

(1) Memory

(2) Storage

(3) CPU

(4) Printer

***Ans:* (2) Storage**

Q20. Primary storage is ..... as compared to secondary storage.

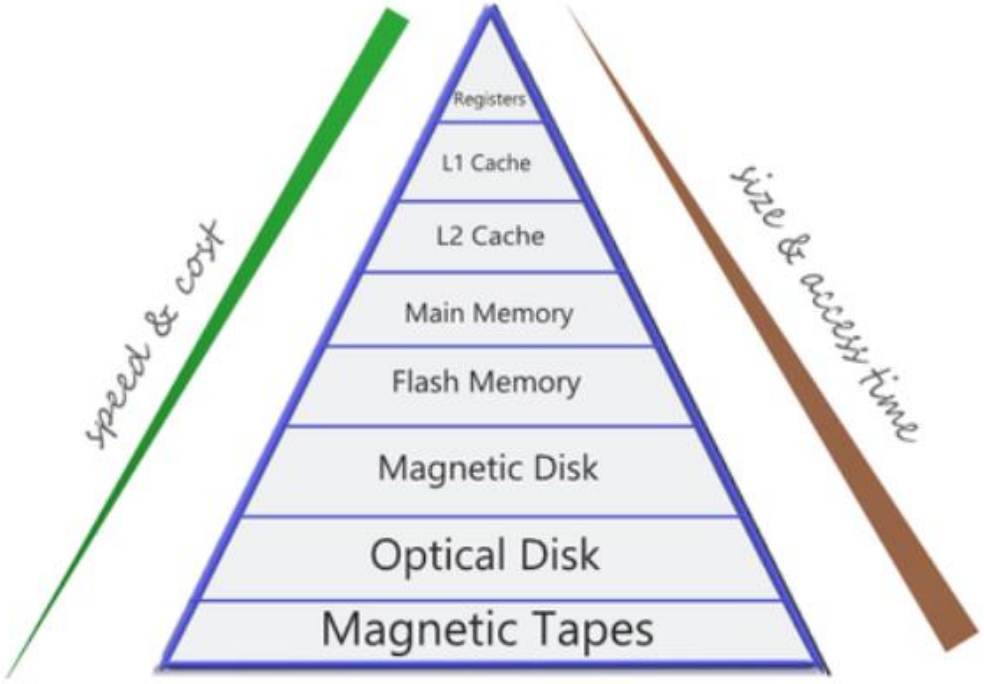

(1) slow and inexpensive

(2) fast and inexpensive

(3) fast and expensive

(4) slow and expensive

Ans: ***(3) fast and expensive***

Q21. The key feature(s) of internal memory is/are

(1) limited storage capacity

(2) temporary storage

(3) fast access and high cost

(4) All of the above

Ans: ***(4) All of the above***

Q22. Which memory is used as temporary memory?

(1) Non-volatile memory

(2) Volatile memory

(3) Hard disk memory

(4) Read only memory

Ans: (2) Volatile memory

Q23. ……memory in a computer is where information is temporarily stored while it is being accessed or worked on by the processor. **[IBPS RRB PO 2017]**

(1) Logical

(2) Secondary

(3) ROM

(4) RAM

Ans: (4) RAM

Q24. Why RAM is so called? **[IBPS Clerk 2015]**

(1) Because it is read and write memory

(2) Because it is a volatile memory

(3) Because it can be selected directly for storing and retrieving data and instructions of any location of chip

(4) Because it is a non-volatile memory

(5) None of the above

Ans: (3) Because it can be selected directly for storing and retrieving data and instructions of any location of chip

Q25. Which of the following is **not true** about RAM? **[IBPS PO 2015, IBPS Clerk 2014]**

(1) RAM is a temporary storage area

(2) RAM is volatile

(3) RAM is a primary memory

(4) RAM is the same as hard disk storage

Ans: ***(4) RAM is the same as hard disk storage***

Q26. Dynamic RAM consumes …… power and …… than static RAM.

(1) more, faster

(2) more, slower

(3) less, slower

(4) less, faster

Ans: ***(1) less, slower***

Q27. Which of the following memory chip is faster? **[SBI Clerk 2012]**

(1) There is no certainty

(2) DRAM

(3) SRAM

(4) RAM

(5) None of these

Ans: ***(3) SRAM***

Q28. When you first turn on a computer, the CPU is preset to execute instructions stored in the **[IBPS PO 2015]**

(1) RAM

(2) flash memory

(3) ROM

(4) CD-ROM

(5) ALU

Ans: (3) ROM

Q29. A disc's content that is recorded at the time of manufacture and that cannot be changed or erased by the user is **[IBPS Clerk 2013]**

(1) memory only

(2) write only

(3) once only

(4) run only

(5) read only

Ans: ***(5) read only***

Q30. The difference between memory and storage is that memory is …… and storage is …… .

[IBPS Clerk 2015]

(1) temporary; permanent

(2) permanent; temporary

(3) slow; fast

(4) non-volatile; volatile

(5) None of the above

Ans: (1) temporary; permanent

Q31. The most frequently used instructions of a computer program are likely to be fetched from

(1) the hard disk

(2) cache memory

(3) RAM

(4) Registers

Ans: ***(2) cache memory***

Q32. Which of the following is the high speed memory which compensates the gap in speeds of processor and main memory? **[IBPS Clerk 2015]**

(1) SRAM

(2) PROM

(3) EPROM

(4) Cache

Ans: (4) Cache

Q33. Which of the following statements is/are true? **[RBI Grade B 2012]**

(1) Cache memories are bigger than RAM

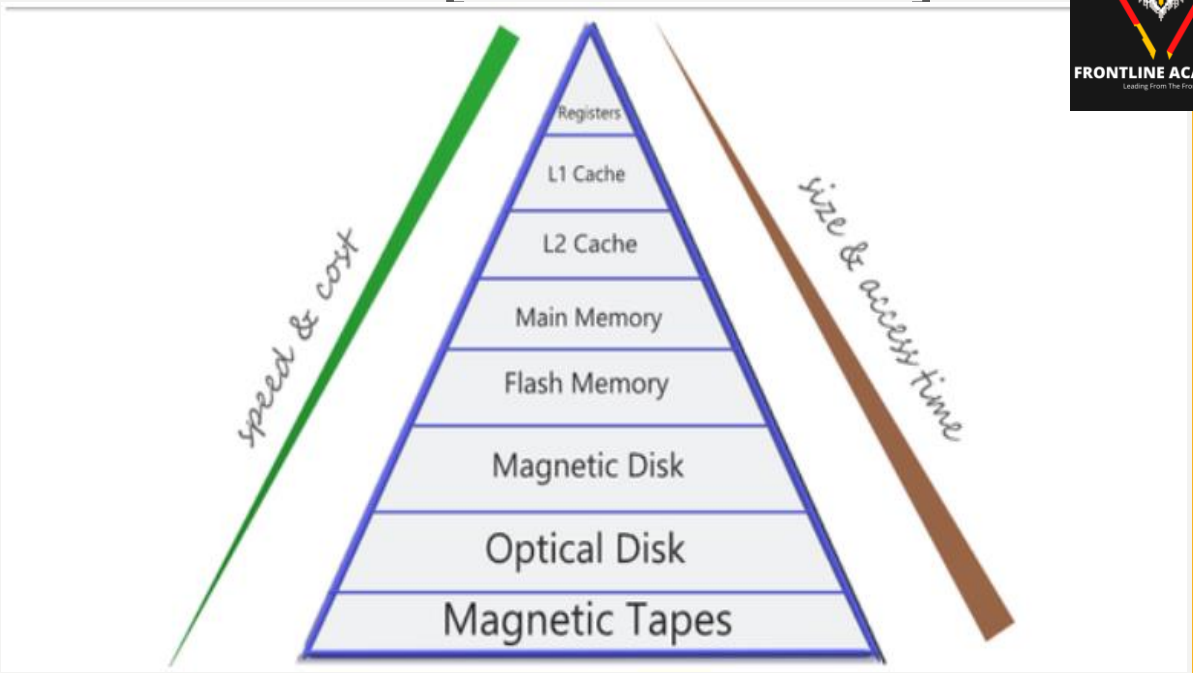

(2) Cache memories are smaller than RAM

(3) ROM are faster than RAM

(4) Information in ROM can be written by users

(5) None of the above

Ans: ***(2) Cache memories are smaller than RAM***

Q34. ..... is having more memory addresses than are physically available. **[SBI PO 2014]**

(1) Vertical memory

(2) System software

(3) Application software

(4) RAM

(5) Virtual memory

Ans: (5) Virtual memory

Q35. Virtual memory is **[SBI Clerk 2011]**

(1) an extremely large main memory

(2) an extremely large secondary memory

(3) an illusion of extremely large main memory

(4) a type of memory used in super computers

(5) None of the above

Ans: *(3) an illusion of extremely large main memory*

Q36. ……is the ability of a device to 'jump' directly to the requested data.

[IBPS Clerk 2012]

(1) Sequential access

(2) Random access

(3) Quick access

(4) All of the above

(5) None of the above

Ans: (2) Random access

Q37. The main directory of a disk is called the …… directory.

(1) Network

(2) Folder

(3) Root

(4) Other than those given as options

(5) Program

Ans: ***(3)*** *Root*

Q38. Hard disk devices are considered …… storage. **[SBI Clerk 2014]**

(1) flash

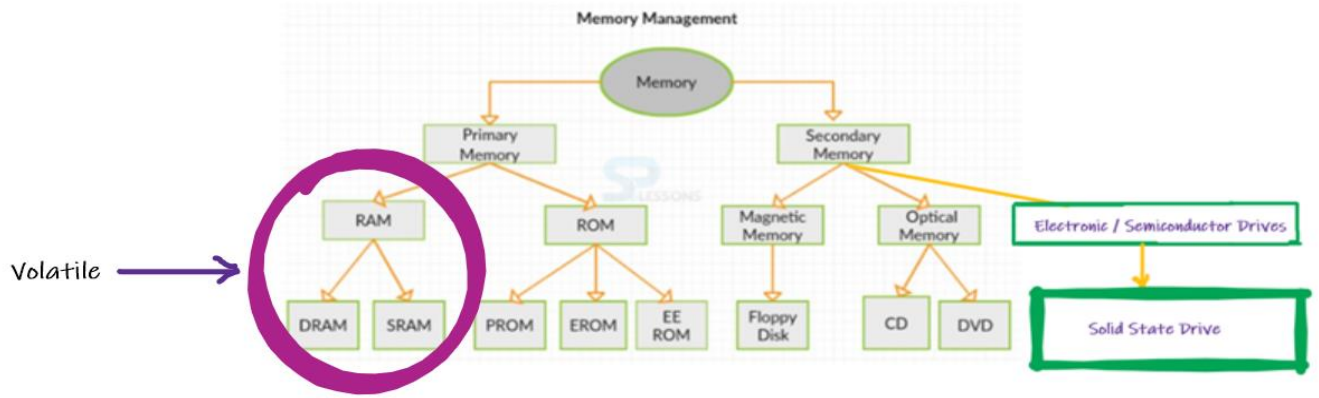

(2) temporary

(3) worthless

(4) non-volatile

(5) non-permanent

Ans: (4) non-volatile

Q39. The hard drive is normally located

(1) next to the printer

(2) plugged into the back of the computer

(3) underneath the monitor

(4) on top of the CD-ROM

(5) inside the system base unit

[SBI PO 2014]

Ans: ***(5) inside the system base unit***

Q40. Data on a floppy disk is recorded in rings called

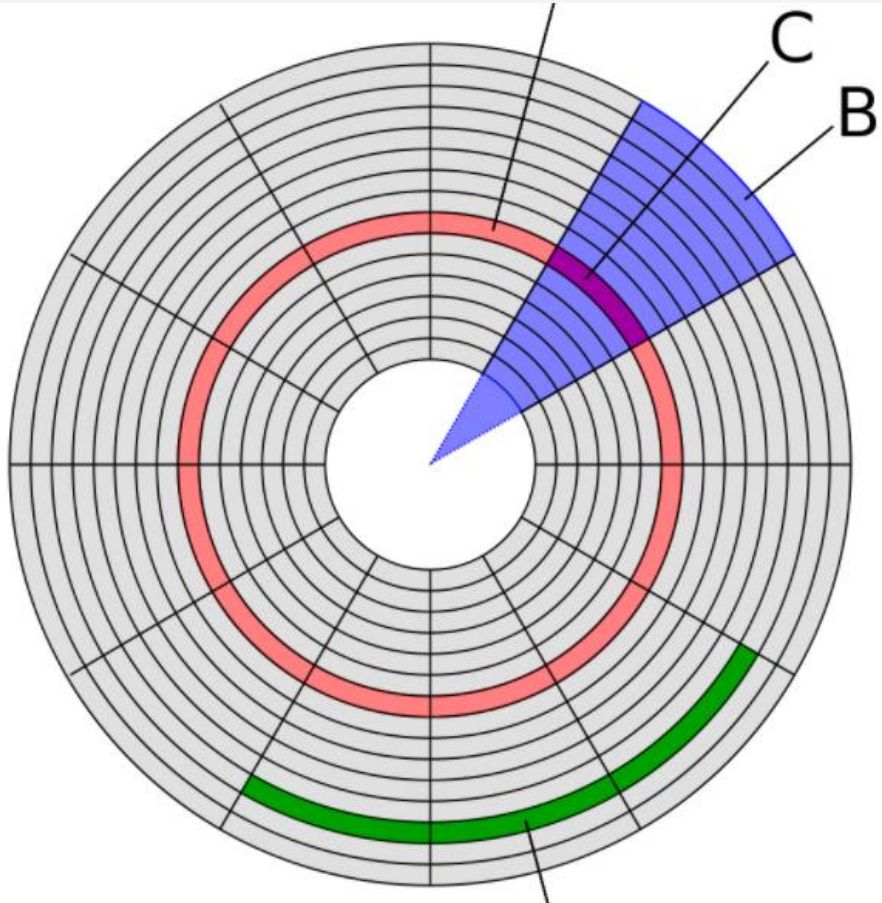

(1) sectors

(2) ringers

(3) rounders

(4) tracks

Ans: (4) tracks

Q41. 'FDD' stands for **[IBPS Clerk 2015]**

(1) Floppy Drive Detector

(2) Floppy Drive Demodulator

(3) Floppy Disk Drive

(4) Floppy Demodulator Disc

(5) None of the above

Ans: ***(3) Floppy Disk Drive***

Q42. ..... is the process of dividing the disc into tracks and sectors.

[SBI PO 2015, IBPS Clerk Mains 2017]

(1) Tracking

(2) Formatting

(3) Crashing

(4) Allotting

(5) None of these

Ans: (2) Formatting

Q43. Which of the following is correct sequence of smallest to largest unit of storage size?

[SBI PO 2014]

(1) Petabyte,Kilobyte,Megabyte,Gigabyte, Terabyte
(2) Kilobyte, Megabyte, Terabyte, Petabyte, Gigabyte
(3) Megabyte, Terabyte,Gigabyte,Kilobyte, Petabyte
(4) Kilobyte, Megabyte, Petabyte, Terabyte, Gigabyte
(5) Kilobyte,Megabyte,Gigabyte, Terabyte, Petabyte

Ans: (5) Kilobyte,Megabyte,Gigabyte, Terabyte, Petabyte

kilobyte	KB/kB	10^3	2^{10}	1024 B
megabyte	MB	10^6	2^{20}	1024 KB
gigabyte	GB	10^9	2^{30}	1024 MB
terabyte	TB	10^{12}	2^{40}	1024 GB
petabyte	PB	10^{15}	2^{50}	1024 TB
exabyte	EB	10^{18}	2^{60}	1024 PB
zettabyte	ZB	10^{21}	2^{70}	1024 EB
yottabyte	YB	10^{24}	2^{80}	1024 ZB

Q44. A … is approximately one billion bytes. **[IBPS Clerk 2014, SBI PO 2015]**

(1) kilobyte
(2) bit
(3) gigabyte
(4) megabyte
(5) None of the above

Ans: (3) gigabyte

Q45. How many kilobytes make a megabyte? **[IBPS Clerk 2015]**

(1) 128

(2) 1024

(3) 256

(4) 512

(5) 64

Ans: (2)*1024*

kilobyte	KB/kB	10^3	2^{10}	1024 B
megabyte	MB	10^6	2^{20}	1024 KB
gigabyte	GB	10^9	2^{30}	1024 MB
terabyte	TB	10^{12}	2^{40}	1024 GB
petabyte	PB	10^{15}	2^{50}	1024 TB
exabyte	EB	10^{18}	2^{60}	1024 PB
zettabyte	ZB	10^{21}	2^{70}	1024 EB
yottabyte	YB	10^{24}	2^{80}	1024 ZB

Q46. Which of the following is not true

(1) 1 MB contains 2^{10} KB

(2) 1 GB contains 1024 MB

(3) 1GB contains 2^{20} KB

(4) 1GB contains 10^2 KB

Ans: (4) 1GB contains 10^2 KB

Q47. What does the computer abbreviation 'MB' used for? **[SBI Clerk 2012, IBPS Clerk 2014]**

(1) Megabit

(2) Millionbytes

(3) Megabytes

(4) Millionbit

(5) Microbytes

Ans: ***(3) Megabytes***

Q48. Which of the following statements is valid?

(1) 1 KB = 1024 bits

(2) 1 MB = 2048 bits

(3) 1 MB = 1000 kilobits

(4) 1 KB = 1000 bytes

(5) 1 MB = 1024 kilobytes

Ans: (5) 1 MB = 1024 kilobytes

kilobyte	KB/kB	10^3	2^{10}	1024 B
megabyte	MB	10^6	2^{20}	1024 KB
gigabyte	GB	10^9	2^{30}	1024 MB
terabyte	TB	10^{12}	2^{40}	1024 GB
petabyte	PB	10^{15}	2^{50}	1024 TB
exabyte	EB	10^{18}	2^{60}	1024 PB
zettabyte	ZB	10^{21}	2^{70}	1024 EB
yottabyte	YB	10^{24}	2^{80}	1024 ZB

Q49. A 'bit' refers to [SBI Clerk 2014]

(1) a form of storage

(2) a value equal to a kilobyte

(3) a value equal to a megabyte

(4) the smallest unit of digital information

(5) the same things as a pixel

Ans: *(4) the smallest unit of digital information*

Q50. Which of the following discs can be read only? [IBPS Clerk 2015]

(1) DVD-R

(2) DVD-ROM

(3) DVR-RW

(4) CD-R

(5) None of these

Ans: (2) DVD-ROM

A Compact Disc Recordable (CD-R) is a Write Once Read Multiple (WORM) disc. These discs can only **record data once** and then the data becomes permanent on the disc. **After writing to a CD-R, it becomes a CD-ROM.**

I hope that you did great.

A SHORT TERM COURSE
ON

COMPUTER FUNDAMENTALS

FOR JKSSB FAA AND OTHER COMPETITIVE EXAMINATIONS

BY **TAWQEER UL ISLAM**

PHD IN CSE (PURSUING)
JKSSB PANCHAYAT ACCOUNTS ASSISTANT EXAMINATION QUALIFIED

PRACTICE SET FOR LECTURE 6 OPERATING SYSTEMS

FRONTLINE ACADEMY
Leading From The Front

MCQ'S ON THE FOLLOWING TOPICS

- Introduction to Computer Software.

- Types of Software:

1. **System software:** Operating Systems, Device drivers and Language Translators.

2. **Application software:** General Purpose Software and Specific Purpose Software.

3. **Utility Software / System Utilities.**

- Linker and Loader.

QUESTIONS ASKED IN PREVIOUS JKSSB PAPERS

1) Which one of the following is responsible for managing computer's memory, processes, and its hardware and software? **[JKSSB Accounts Assistant 2013]**

A) RAM

B) External Hard disk

C) ROM

D) Operating System

Ans: D) Operating System

2) Parts of a computer that **cannot** be touched are called **[JKSSB Accounts Assistant 2014]**

A) Hardware

B) Abstract

C) Functional

D) Software

Ans: D) Software

OTHER QUESTIONS

1. The term used to describe the intangible instructions that tell the computer what to do is **[IBPS Clerk 2015]**

(1) hardware

(2) software

(3) storage

(4) input/output

(5) None of these

Ans: (2) Software

2. Software refers to **[IBPS Clerk 2012]**

(1) the physical components that a computer is made of

(2) firmware

(3) programs

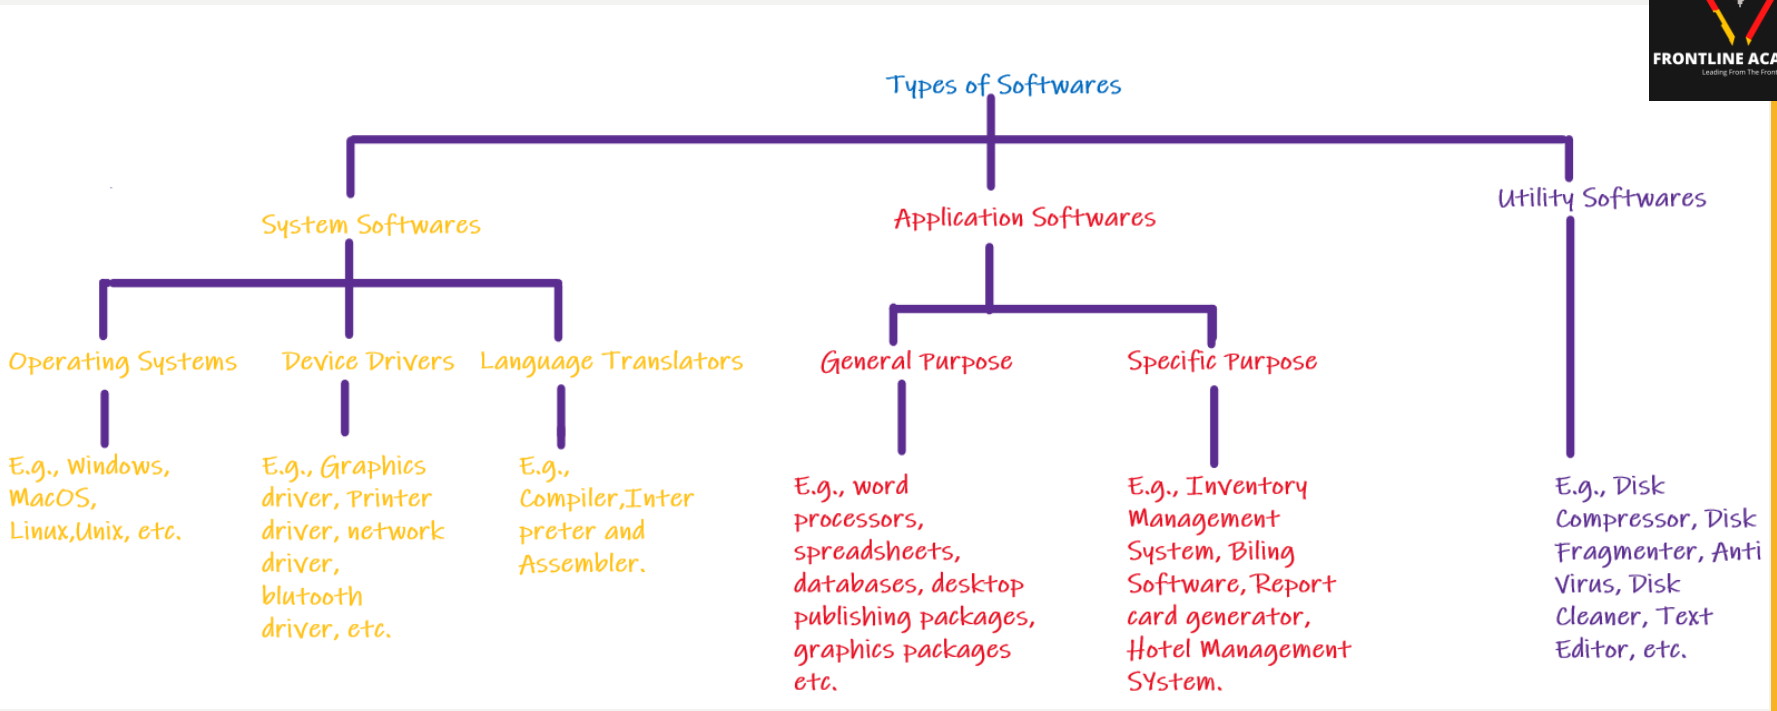

(4) people ware

Ans: (3) programs

Q3. Which one of the following is application software

1) *Interpreter.*
2) *Compiler*
3) *Microsoft Windows*
4) *MS Word*

Ans: *(4) MS Word*

Q4. Which one of the following is **not true**?

1) Application Software is a program that does real work for the user.
2) They are designed to fulfill the requirements of the user for performing specific tasks.
3) Application Softwares are generally written in a low level language
4) You can also install multiple Application Software on a single System Software..

Ans: (3) Application Softwares are generally written in a low level language

Q5. Which one of the following is **not true**?

(1) It is written in a low-level language like a machine or assembly language.

(2) The System Software starts running when the system is powered on and runs until the system is powered off.

(3) Application software needs system software to run.

(4) Application Softwares are designed to manage the resources of the system, like memory and process management, security, etc.

Ans: *(4)* Application Softwares are designed to manage the resources of the system, like memory and process management, security, etc.

Q6. Which of the following is not a system software?

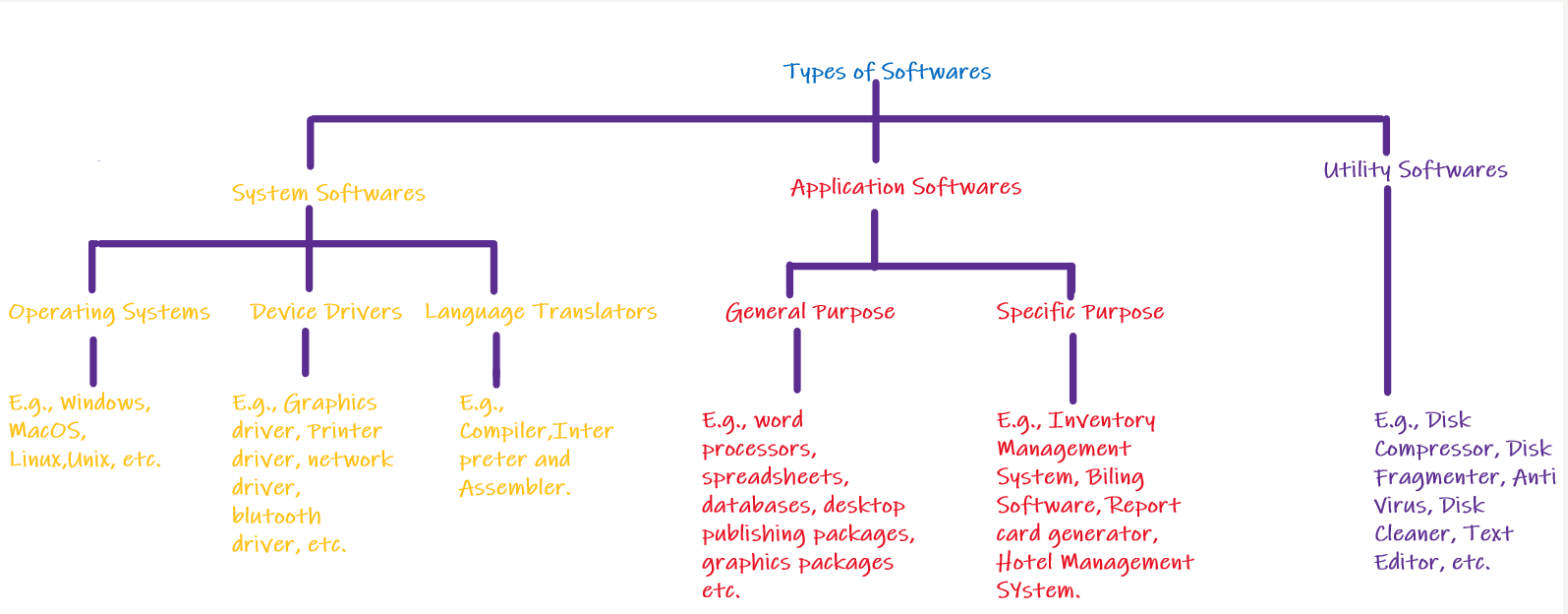

(1) MS Windows

(2) MacOS

(3) MS Office

(4) Linux

Ans: (3) MS Office

Q7. Which of the following is TRUE with reference to hardware and software of a computer?

(1) Software is the tangible component of a computer

(2) Software acts as an Interface between user and Hardware

(3) The actual execution of the instructions is done by the software

(4) A collection of softwares is called a program.

Ans: ***(2) Software acts as an Interface between user and Hardware***

Q8. Which of the following is not a system software?

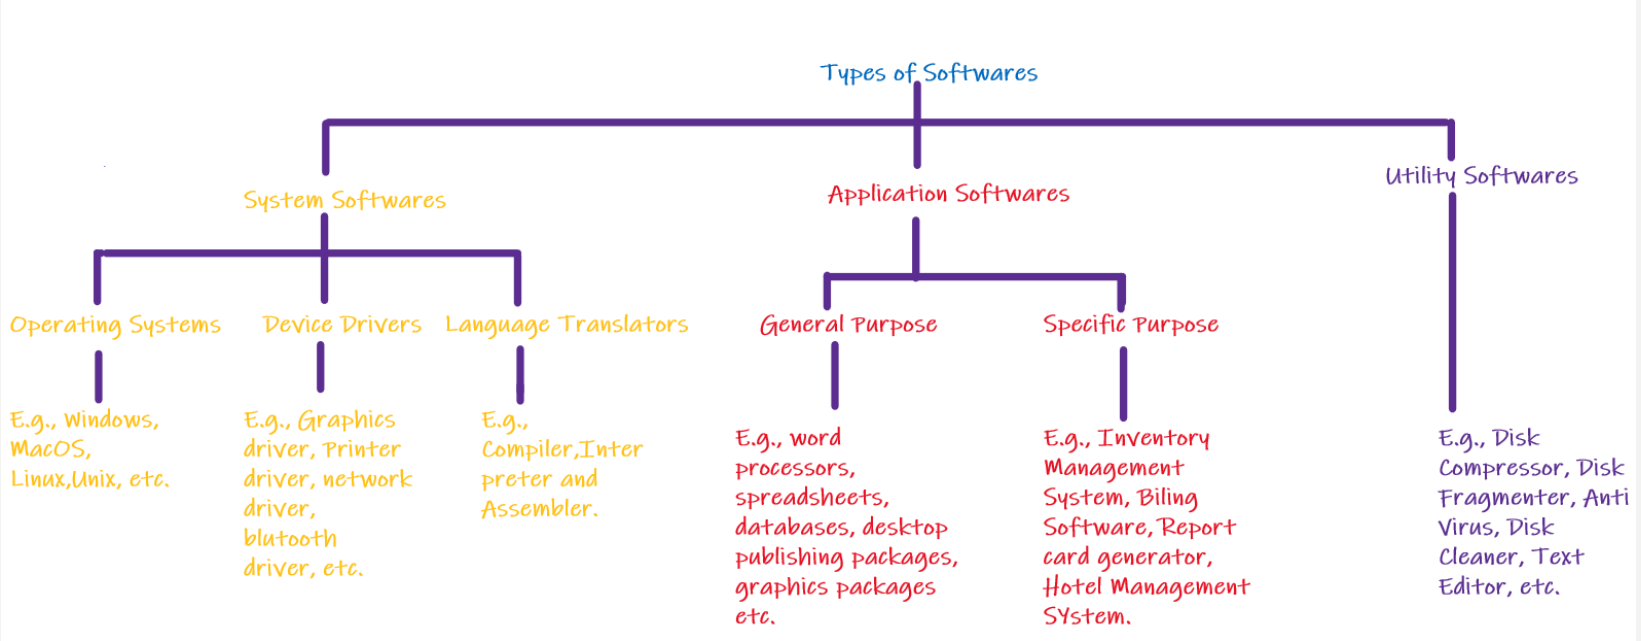

(1) Operating System

(2) Compiler

(3) Google Chrome

(4) Assembler

Ans: (3) Google Chrome

Q9. MS Excel is a?

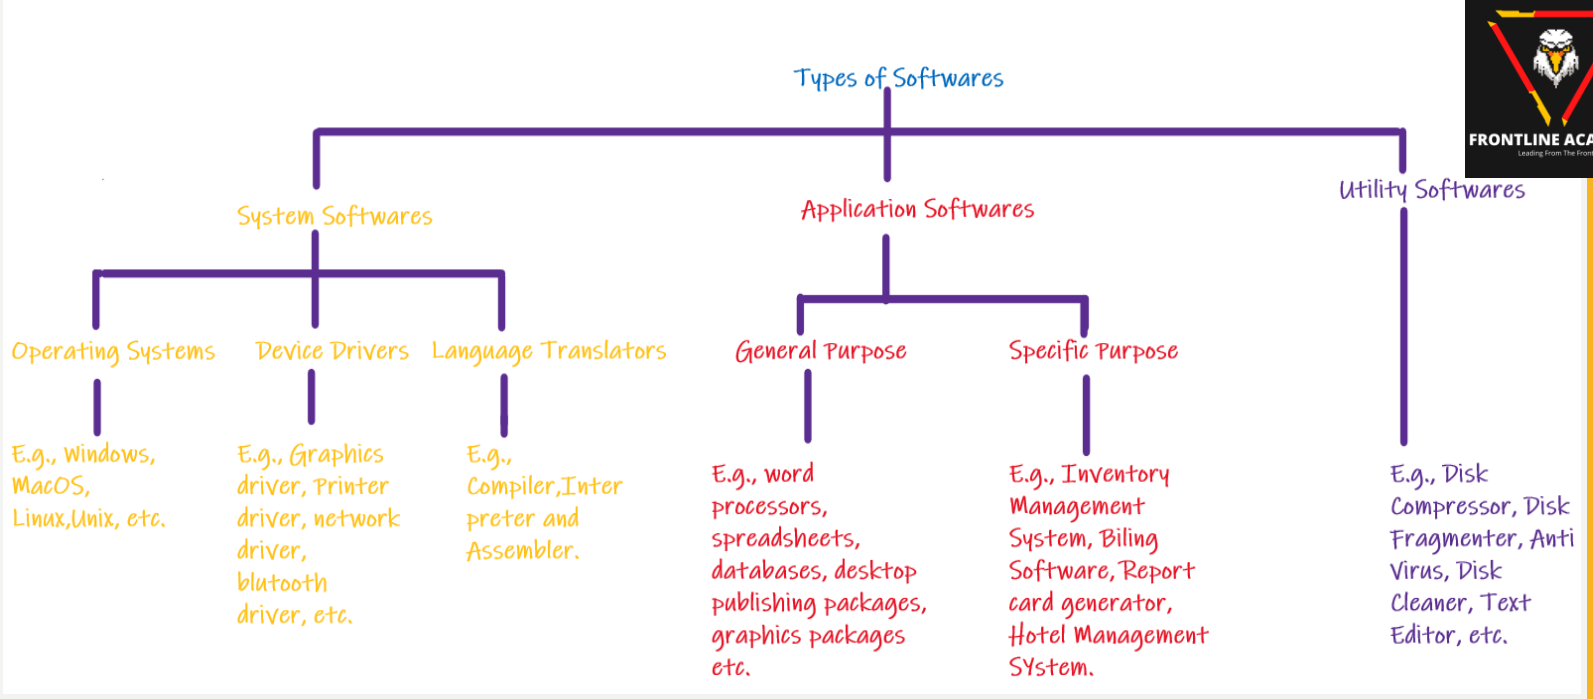

(1) System Software

(2) Utility Software

(3) Word Processing Software

(4) Application Software

Ans: ***(4) Application Software***

Q10. The softwares that perform specialized tasks like word processing, spreadsheets, email, photo editing, etc. are called?

(1) System Utilities

(2) Special Softwares

(3) Application Softwares

(4) System Softwares

Ans: (3) Application Softwares

Q11. Which of the following is true regarding system software?

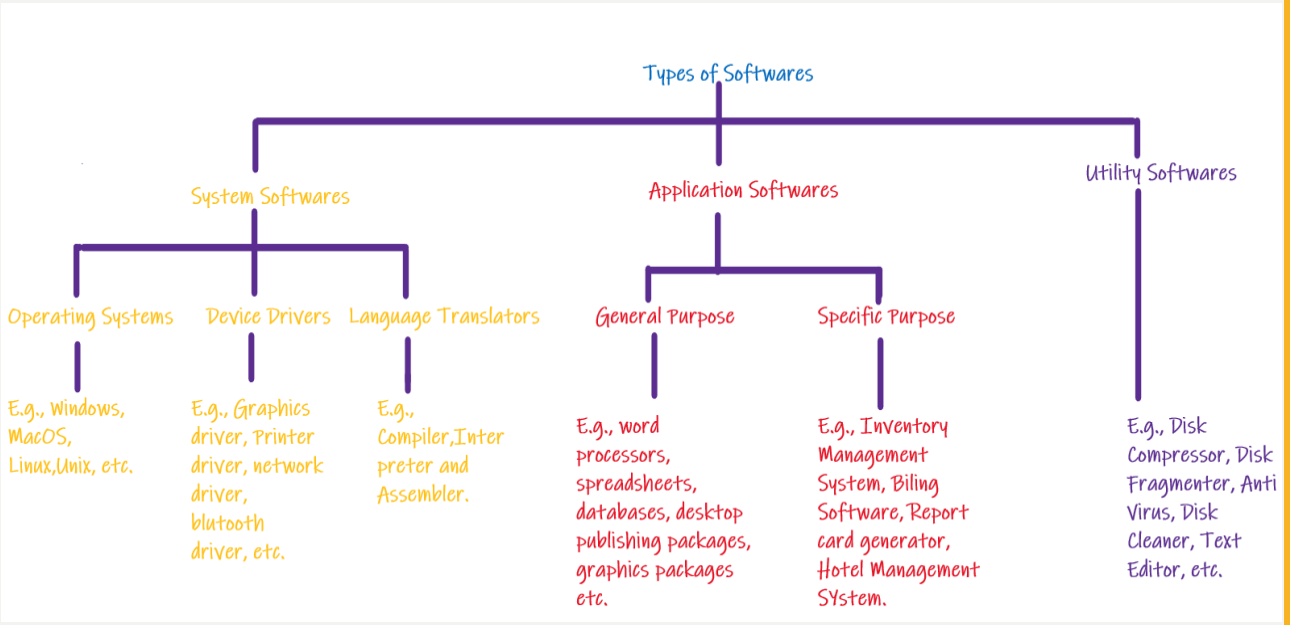

(1) Generally written in a low-level language

(2) The system software is difficult to design and understand

(3) Fast in speed

(4) Needs application software to run

Ans: (4) Needs application software to run

Q12. Which of the following does not contain only Application Softwares?

(1) MS Word, CorelDraw, Google Sheets, VLC Player

(2) MS Access, Avast, Disk Doubler, Google Slides

(3)MS Excel, Adobe Photoshop, Chrome, Adobe Acrobat Reader

(4) MS PowerPoint, VLC Player, Illustrator, Firefox

Ans: (2) MS Access, Avast, Disk Doubler, Google Slides

Q13. Which of the following is not a specific purpose software.

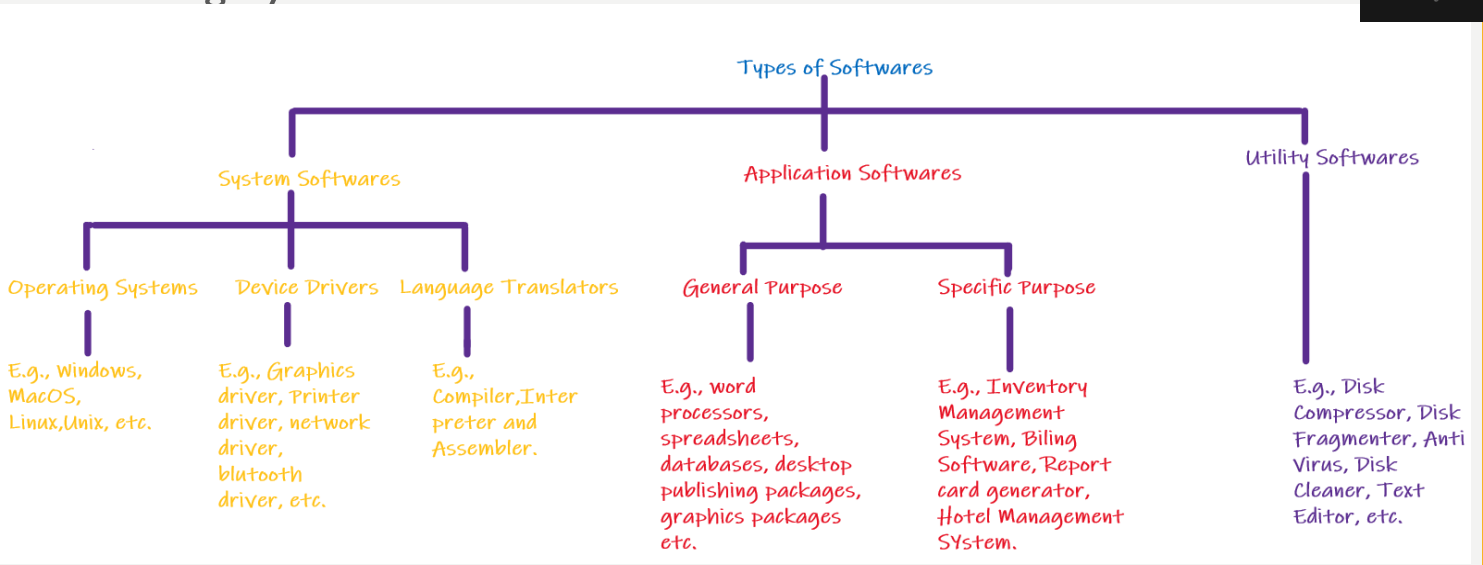

(1) Inventory Management System and Purchasing System

(2) Hotel Management System

(3) Word Processing Software

(4) Report Card Generator

Ans: (3) Word Processing Software

Q14. The programs which perform tasks related to the maintenance and enhancement of the computer system are called

(1) System Software

(2)Operating System

(3)Application Software

(4)Utility Software

Ans: (4)Utility Software

Q15. ..... means that their source code is publicly available.

(1) Fire ware

(2) Free-source

(3) Open-Source

(4) Firmware

Ans: *(3) Open-Source*

Q16. Utility programs include

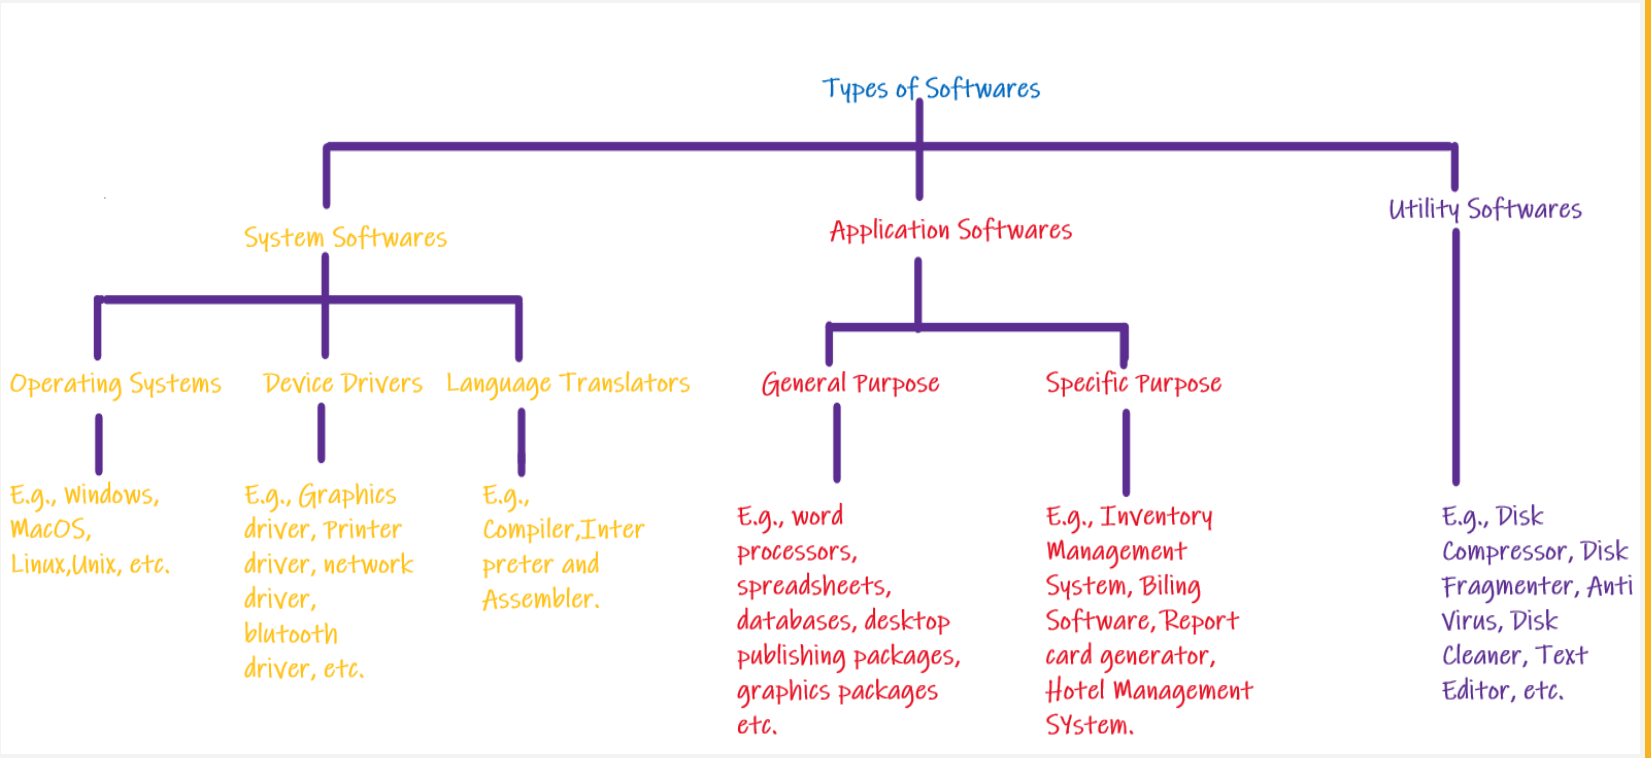

(1) anti-virus software

(2) backup software

(3) disk cleaner

(4) All of the above

Ans: (4) All of the above

Q17. The term firmware refers to

(1) The hard components of a computer system

(2) The intangible components of a computer system

(3) A combination of hardware and software

(4) The user of the computer system

Ans: (3) A combination of hardware and software

Q18. Which of the following is not related to an application software?

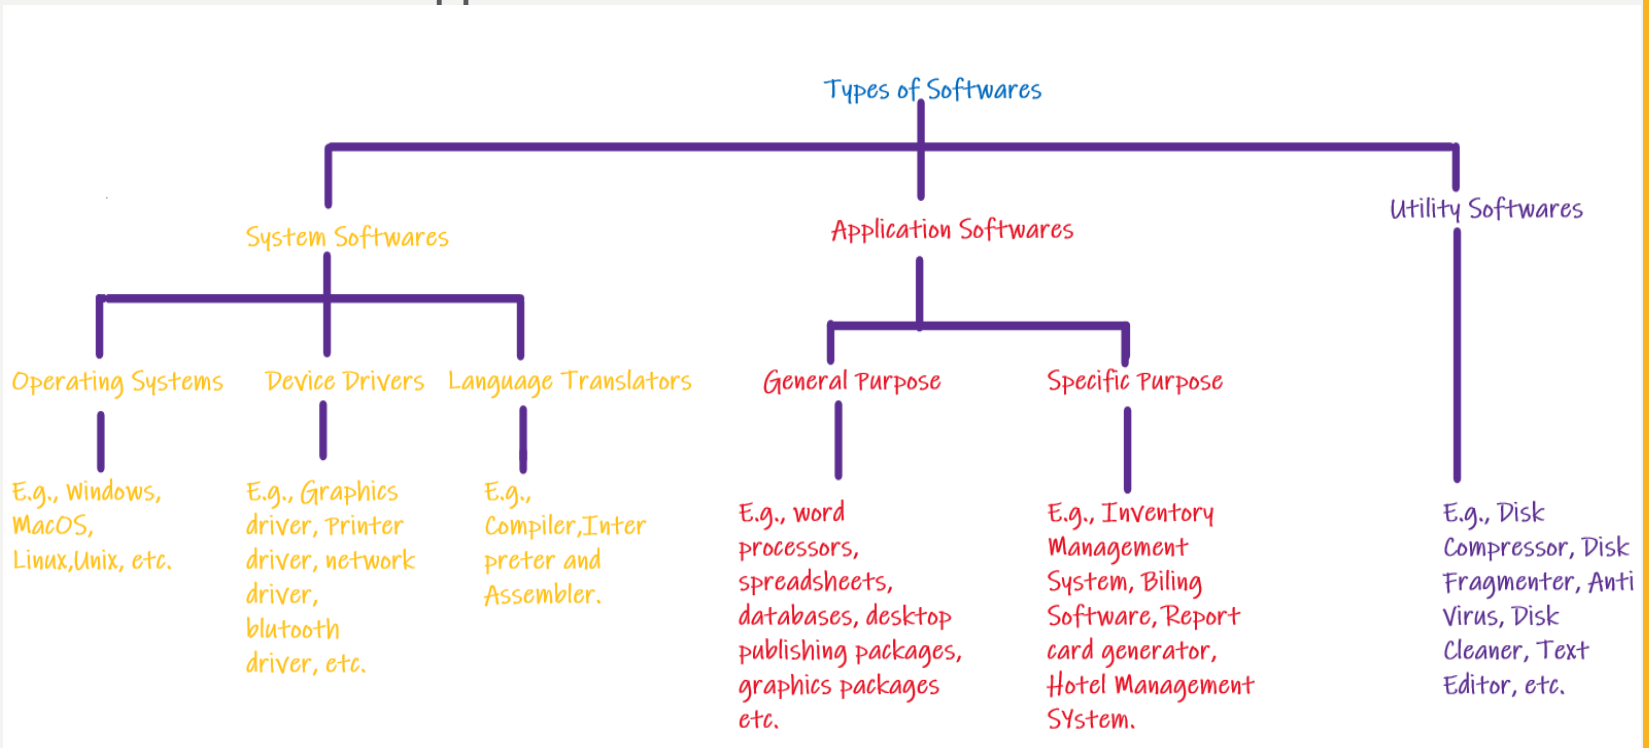

(1) Word processor

(2) Railway reservation system

(3) Video Player

(4) Anti Virus

Ans: (4) Anti Virus

Q19. Which of the following if not a text editor software?

(1) Notepad

(2) WordPad

(3) Vim

(4) Adobe Acrobat Reader

***Ans:* (4) Adobe Acrobat Reader**

Q20. What is backup? **[Union Bank 2011, RBI Grade B 2012]**

(1) Connect his network to more component

(2) Making a duplicate of the data and saving it in some other storage

(3) Filter on old data from new data

(4) Access data from tape

Ans: (2) Making a duplicate of the data and saving it in some other storage

Q21. What happens during Defragmentation?

(1) Information is rearranged on a USB

(2) To make the retrieval of data quicker

(3) Information is rearranged on a Hard Drive

(4) To make the retrieval of data slower

Ans: *(3) Information is rearranged on a Hard Drive*

Q22. A software program that adds functionality to your computer or help your computer perform better is called as **[IBPS RRB PO Mains 2017]**

(1) utility program

(2) function program

(3) System program

(5) compiling program

Ans: (1) utility program

Q23 The type of software which makes a device functional and acts as an interface between the OS and the device is called

(1) Utility software

(2) Device driver

(3) System software

(4) Application Software

Ans: (2) Device driver

Q24. The main purpose of …… is to resolve references among files. **[SBI PO 2012]**

(1) text editor

(2) loader

(3) antivirus

(4) linker

Ans: (4) linker

Q25. This type of software works with end-users, application software and computer hardware to handle the majority of technical details. **[RBI Grade B 2014, IBPS PO 2012]**

(1) Communications software

(2) Application software

(3) Utility software

(4) System software

(5) None of the above

Ans: (4) System software

Q26. Which of the following is a software? **[IBPS Clerk 2014]**

(1) Keyboard

(2) Internet Explorer

(3) Scanner

(4) Mouse

(5) Printer

***Ans:* (2) Internet Explorer**

Q27. In any software package, which of the following version represents a major improvement on the earlier version?

(1) 1.1

(2) 1.2.1

(3) 2.0

(4) 2.5

Ans: (3) 2.0

Q28. Which of the following software can't be categorized application software?

(1) DBM

(2) MS-DOS

(3) Spreadsheet

(4) Word processing

Ans: (2) MS-DOS

Q29. A set of programs along with a full set of documentation is called as

(1) File Package

(2) Database Package

(3) Program Set

(4) Software Package

Ans: (4) Software Package

Q30. _____ allows users to create and manage a computerized database and to produce reports from stored data.

(1) Desktop Publishing Software

(2) Freeware

(3) Project Management Software

(4) Database Management Software

Ans: (4) Database Management Software

I hope that you did great.

MCQ'S ON THE FOLLOWING TOPICS

- Introduction to Operating Systems.
- Functions of an Operating System.
- Types of Operating Systems:
    1. *Batch Processing Operating System*
    2. *Single User Operating System*
    3. *Multi User Operating System*
    4. *Multi-Tasking Operating System*
    5. *Time Sharing Operating System*
    6. *Real Time Operating System (RTOS)*
- User Interface : GUI and CUI
- Some Important Operating Systems: Unix, Linux, Windows and Macintosh.
- Mobile Operating System: Android, Symbian, iOS and Blackberry.
- MS-DOS (Microsoft-Disk Operating System)

QUESTIONS ASKED IN PREVIOUS JKSSB PAPERS

1) Which of the following is NOT an open source Operating System? **[JKSSB PAA 2020]**

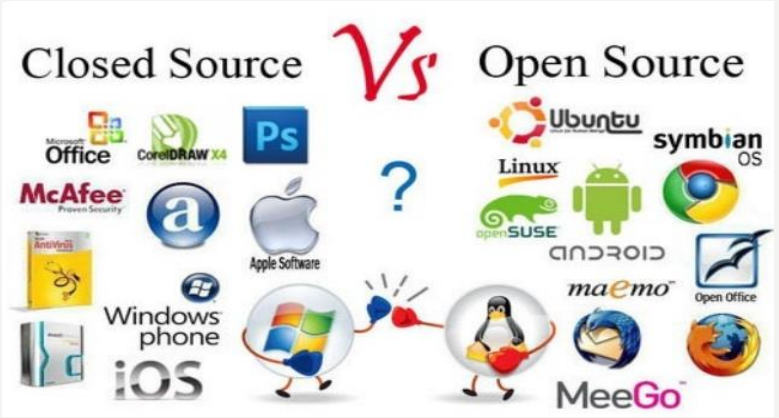

A) Windows

B) FreeBSD

C) Android

D) Linux

Ans: A) Windows

2) Which of the following is/are the main function(s) of an Operating system? **[JKSSB PAA 2020]**

i) Manage the Processor and assign tasks which are to performed

ii) Allocated memory and storage areas to the system and user programs and data.

iii) Control, co-ordinate various input and output devices.

iv) Accessing world wide web without internet connectivity

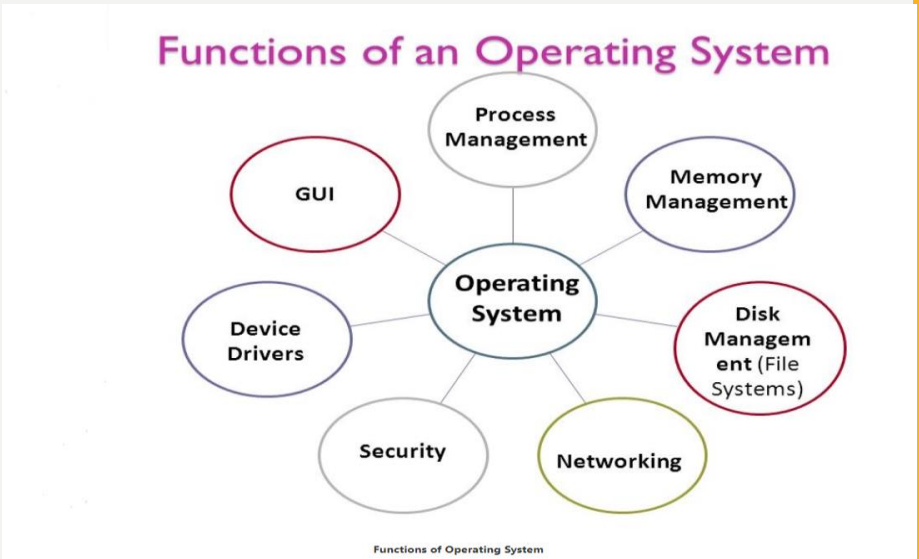

A) i & ii Only

B) i, ii and iii Only

C) i, ii, iii and iv

D) iii & iv Only

Ans: B) i, ii and iii Only

QUESTIONS ASKED IN PREVIOUS JKSSB PAPERS

3) What is Kernel? **[JKSSB PAA 2014]**

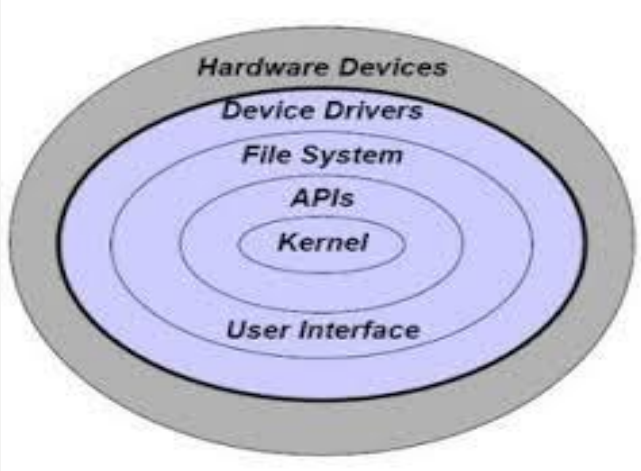

A) Collection of OS programmes in memory

B) Collection of User programmes

C) Collection of interrupts

D) Collection of jobs

Ans: A) Collection of OS programmes in memory

4) The translator between Operating system and hardware is? **[JKSSB PAA 2013]**

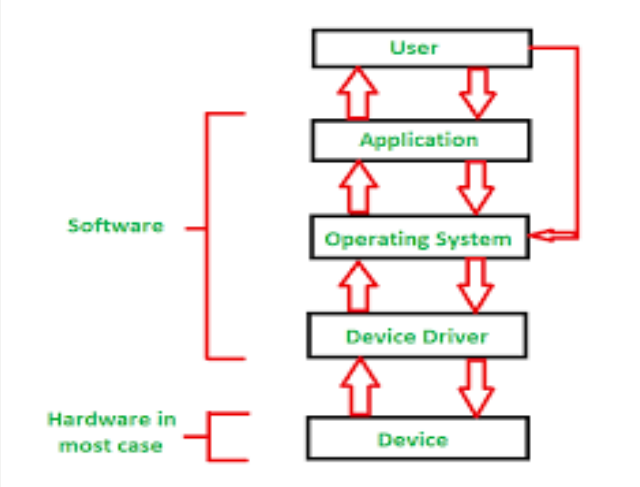

A) interpreter

B) compiler

C) Printer

D) Device driver

Ans: D) Device driver

OTHER QUESTIONS

1. Which of the following is not an operating system?

(1) Windows

(2) Linux

(3) Oracle

(4) DOS

Ans: (3) Oracle

2. When was the first operating system developed?

(1) 1948

(2) 1949

(3) 1950

(4) 1951

Ans: (3) 1950

Q3. When was the first MS operating systems released?

(1)1994

(2) 1990

(3) 1992

(4) 1985

Ans: ***(4) 1985***

Unix: 1971
Mac: 1984
Windows: 1985
Linux: 1991

Q4. Which of the following is the extension of Notepad files?

(1) .txt

(2) .xls

(3) .ppt

(4) .bmp

Ans: (1) .txt

Q5. What else is a command interpreter called?

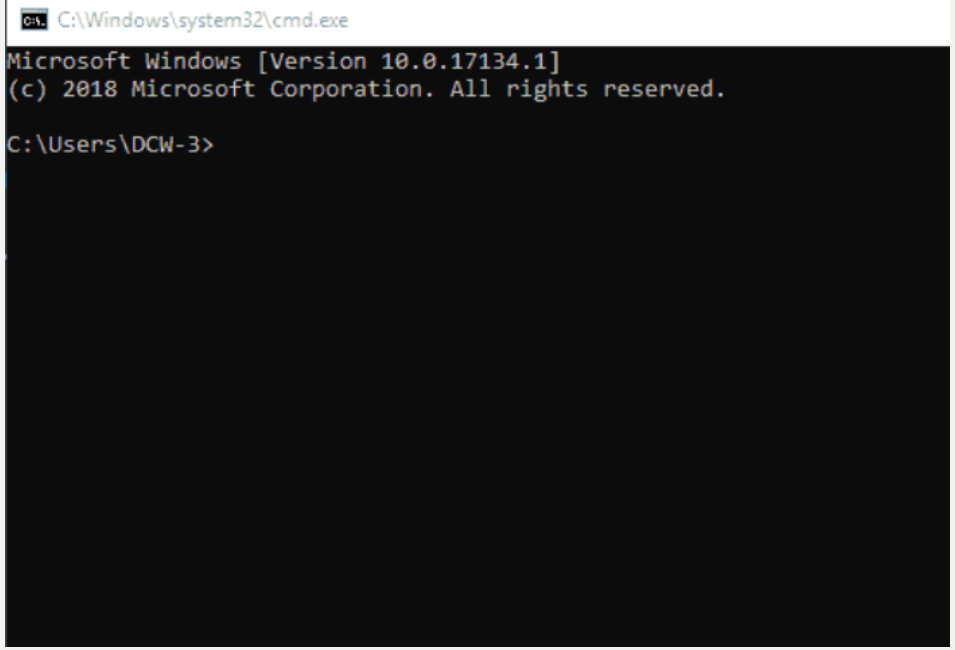

(1) prompt

(2) kernel

(3) shell

(4) command

Ans: *(3) shell*

Q6. What is the full name of FAT?

(1) File attribute table

(2) File allocation table

(3) Font attribute table

(4) Format allocation table

Ans: (2) File allocation table

NTFS: New Technology File System
FAT: File Allocation Table
exFAT: Extended FAT
HFS: Hierarchical File Systems
EXT: Extended File System

FRONTLINE ACADEMY
Leading From The Front

Q7. BIOS is used?

(1) By operating system

(2) By compiler

(3) By interpreter

(4) By application software

Ans: ***(1) By operating system***

BIOS is used by the operating system. It is used to **configure and identify the hardware in a system** such as the hard drive, floppy drive, optical drive, CPU, and memory.

Q8. What is the meaning of the Booting in the operating system?

(1) Starting computer

(2) Install the program

(3) To scan

(4) To turn off

Ans: (1) Starting computer

Q9. Banker's algorithm is used?

(1) To prevent deadlock

(2) To deadlock recovery

(3) To solve the deadlock

(4) None of these

Ans: ***(1) To prevent deadlock***

Q10. Which is the Linux operating system?

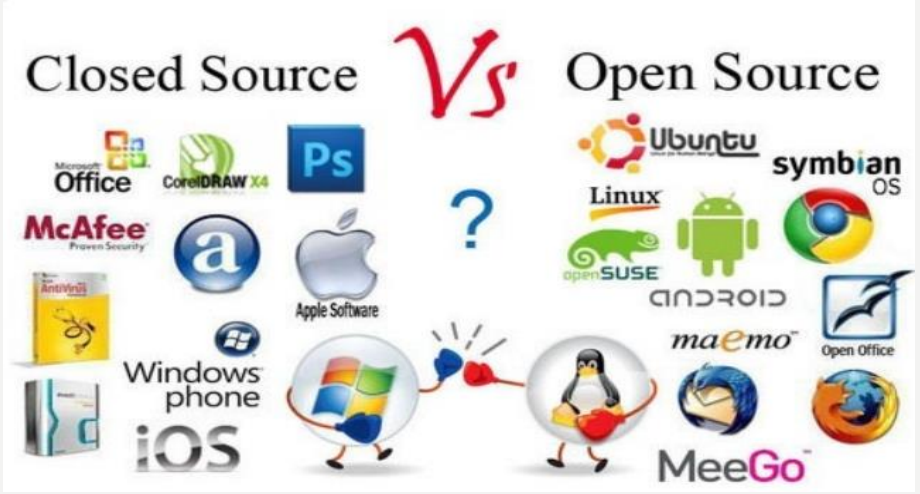

(1) Private operating system

(2) Windows operating system

(3) Open-source operating system

(4) None of these

Ans: (3) Open-source operating system

Q11. Which of the following is a single-user operating system?

(1) Windows 98

(2) MAC OS

(3) MS-DOS

(4) All of these

Windows has been a **multi user operating system** after **Windows** XP. It does allow you have remote working session on two different desktops. **Linux, Unix, Open VMS** are multi-user.

Ans: (4) All of these

Q12. Which of the following is not application software?

(1) Windows 7

(2) WordPad

(3) Photoshop

(4) MS-excel

Ans: (1) Windows 7

Q13. Which of the following operating systems does not support more than one program at a time?

(1) Linux

(2) Windows

(3) MAC

(4) MS DOS

Ans: (4) MS DOS

Q14. Which of the following operating systems do you use for a client-server network?

(1) MAC

(2) MS DOS

(3) Windows XP

(4) Windows 2000

Ans: (4) Windows 2000

Q15. What is the number of characters contained in the primary name of the file of MS-DOS?

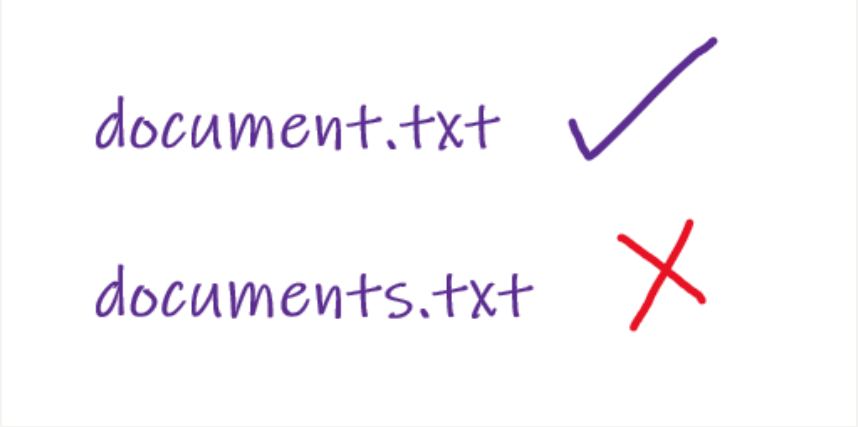

(1)Up to 8 characters

(2) 3 characters

(3) Up to 10 characters

(4) None of the above

Ans: *(1)Up to 8 characters*

Q16. An operating system is

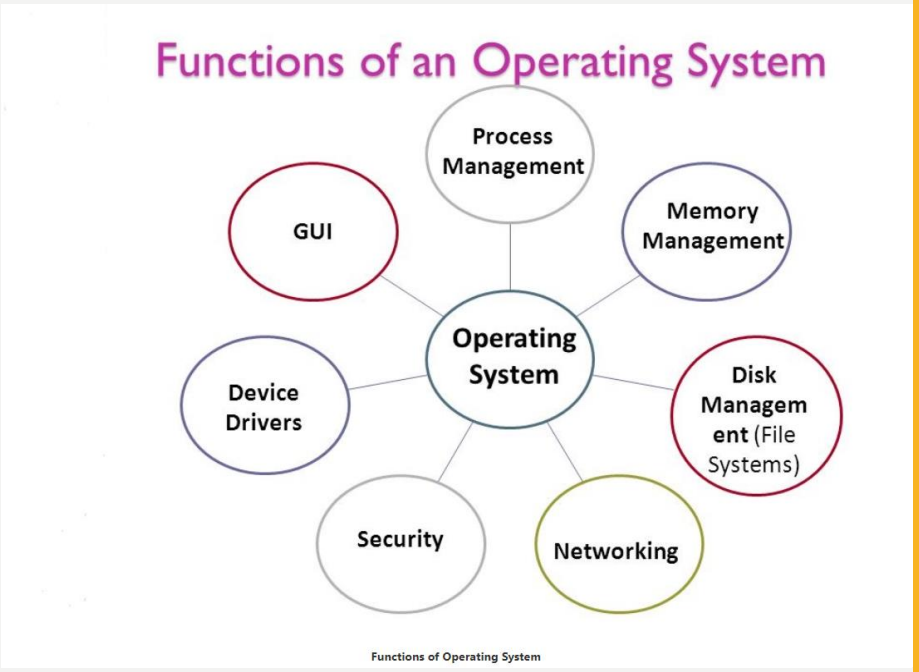

(1) A collection of programs that manages hardware

(2) System service provider to the application programs

(3) An interface between the application programs and the hardware

(4) All of the above

Ans: (4) All of the above

Q17. Which of the following is a function of the operating system

(1) Process Management

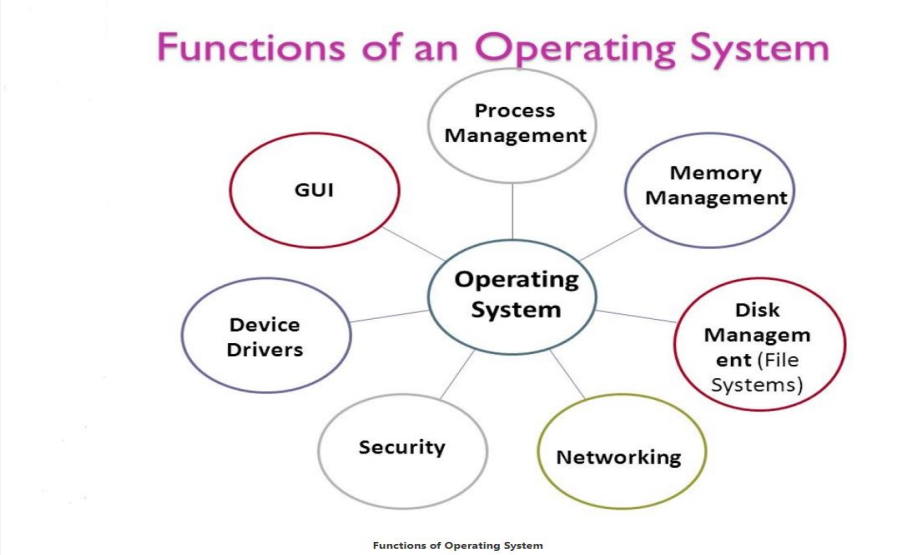

(2) Memory Management

(3) CPU Management

(4) Hardware Management

(5) All of these

Ans: (5) All of these

Q18. Which of the following is not a CPU Scheduling algorithm?

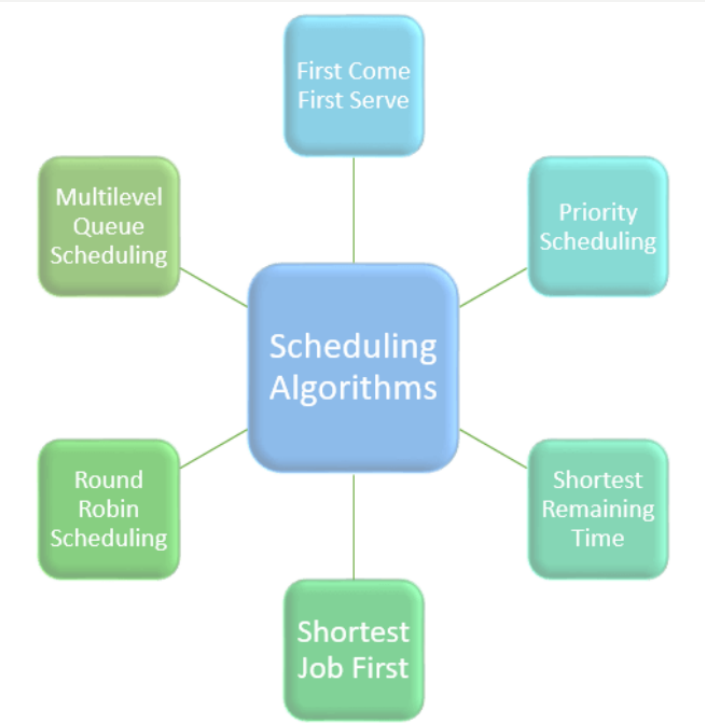

(1) FCFS

(2) SJF

(3) Round Robin

(4) RTFS

Ans: (4) RTFS

Q19. In which of the following CPU scheduling algorithms the priority is given on the basis of arrival

(1) SJF

(2) Round Robin

(3) Priority Scheduling

(4) FCFS

Ans: (4) FCFS

Q20. An example of multi-user operating system is

(1) Mac OS

(2) Windows 98

(3) Open VMS

(4) MS-DOS

Ans: (3) Open VMS

Q21. An OS that allows more than one processes to be executed concurrently is called?

(1) Multiuser OS

(2) Multitasking OS

(3) Real Time OS

(4) None of these

Ans: *(2) Multitasking OS*

Q22. ……are often used in applications such as flight reservation system, military applications, etc.

(1) Single User OS

(2) Batch processing OS

(3) Real Time OS

(4) None of these

Ans: (3) Real Time OS

Q23. The Linux Operating System was developed by

(1) Linus Torvalds

(2) Dennis Ritchie

(3) Ken Thompson

(4) Bill Gates

Ans: (1) Linus Torvalds

Q24. The most widely used desktop OS and Server OS respectively are

(1) Windows and MAC OS

(2) MAC OS and Linux

(3) Windows and Linux

(4) Windows and Unix

Ans: (3) Windows and Linux

Q25. Windows NT (New Technology) is a family of the Windows operating system from

(1) 1985 -2000

(2) 2000- onwards

(3) 1993-1996

(4) 1990 -2000

Ans: (4) 1993-1996

Q26. Which of the following are CUI based OS'?

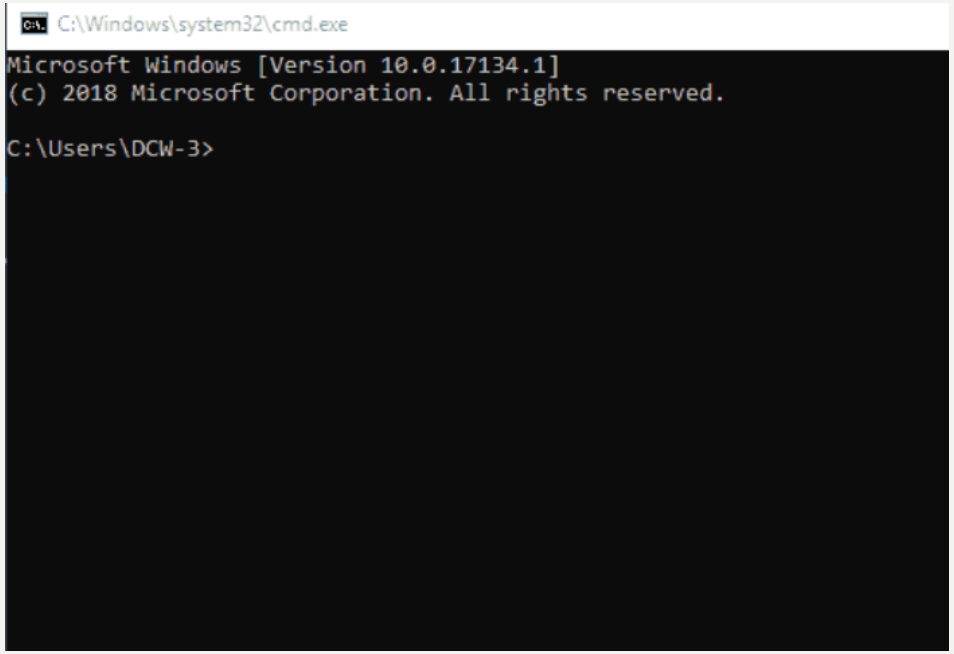

(1) Windows 10 and Windows 7

(2) Mac OS and Windows 10

(3) MS DOS and Unix

(4) Ubuntu and Mac OS

***Ans:* (3) MS DOS and Unix**

Q27. Which of the following is not a mobile OS?

(1) Android

(2) Symbian

(3) Blackberry

(4) Mac OS

Ans: (4) Mac OS

Q28. The process of transferring data intended for a peripheral device into a disk, so that I can be transferred to peripheral at a mor convenient time or in bulk, is known as

(1) multiprogramming

(2) spooling

(3) caching

(4) virtual programming

Ans: (2) spooling

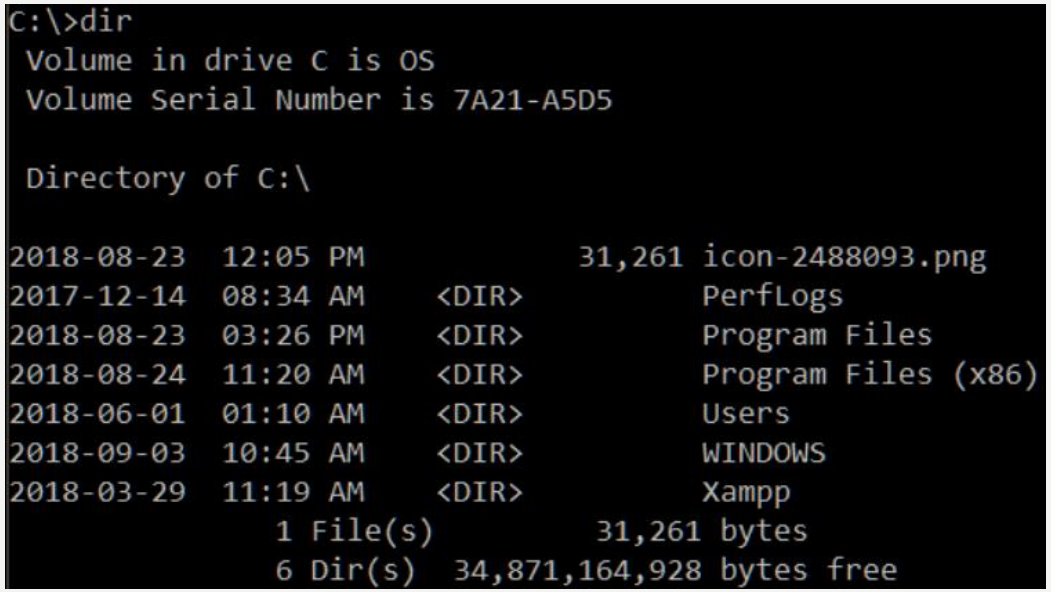

Q29. In DOS, the DIR command is used to **[SSC CGL 2013]**

(1) display content of a file

(2) delete file

(3) display list of files and sub-directories

(4) copy files

Ans: (3) display list of files and sub-directories

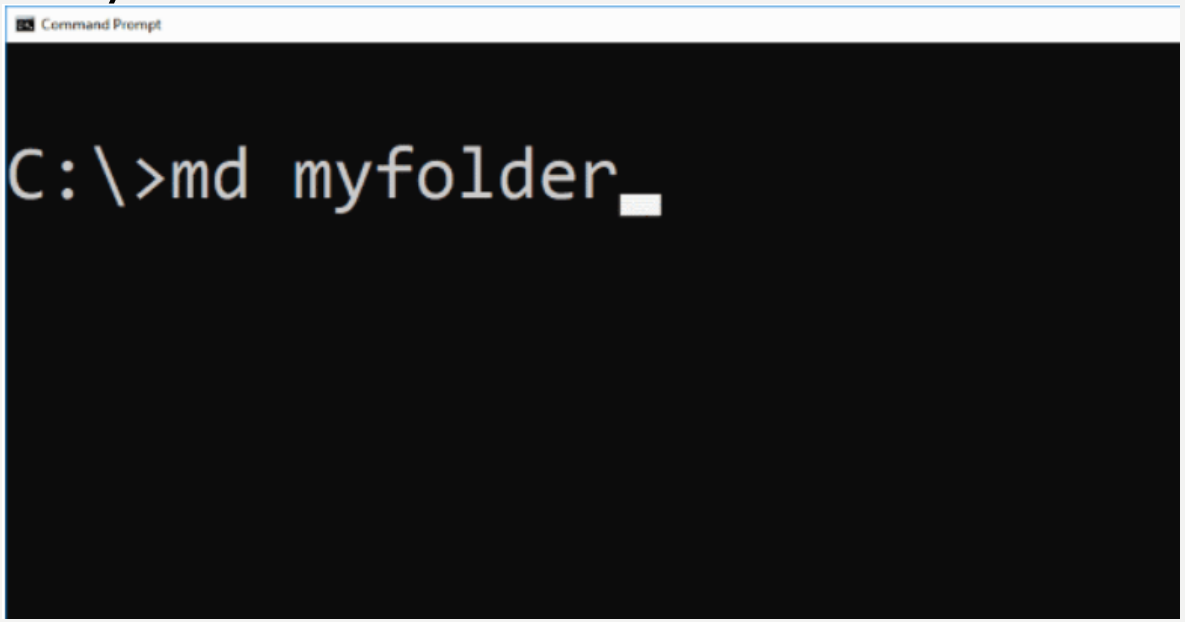

Q30. Which command is used to create a new directory in DOS?

(1) REN

(2) DEL

(3) CD

(4) MD

Ans: (4) MD

Q31. Which of the following is an operating system? **[SBI Clerk 2014]**

(1) Linux

(2) Debugger

(3) Mozilla

(4) Google Chrome

(5) Intel 8085

Ans: (1) Linux

Q32. What happens when you boot up a PC? **[RBI Grade B 2012]**

(1) Portions of the operating system are copied from disk into memory

(2) Portions of the operating system are copied from memory onto disk

(3) Portions of the operating system are complied

(4) Portions of the operating system are emulated

Ans: (1) Portions of the operating system are copied from disk into memory

Q33. ..... only uses text types one after another just as commands used in MS-DOS

(1) CUI

(2) CLI

(3) Both '1' and '2'

(4) GUI

Ans: (3) Both '1' and '2'

Q34. Which of the following refers to the mean by which an OS or any other program interacts with the user? **[SBI Clerk 2014]**

(1) Program front-end

(2) Programming interface

(3) User login

(4) User interface

Ans: (4) User interface

Q34. Which of the following terms explains the execution of more than one file at the same on a single processor?

(1) Single tasking

(2) Multi-tasking

(3) Scheduling

(4) Multiprocessing

Ans: (2) Multi-tasking

Q35. Grouping and processing all of a firm's transactions at one time, is called

[IBPS Clerk 2011]

(1) a database management system

(2) batch processing

(3) a real time system

(4) on-time system

(5) None of these

Ans: (2) batch processing

I hope that you did great.

A SHORT TERM COURSE
ON

COMPUTER FUNDAMENTALS

FOR JKSSB FAA AND OTHER COMPETITIVE EXAMINATIONS

BY **TAWQEER UL ISLAM**

PHD IN CSE (PURSUING)
JKSSB PANCHAYAT ACCOUNTS ASSISTANT EXAMINATION QUALIFIED

PRACTICE SET FOR LECTURE 7 PROGRAMMING CONCEPTS

FRONTLINE ACADEMY
Leading From The Front

MCQ'S ON THE FOLLOWING TOPICS

- Introduction to Programs.
- Programming Languages.
- Low level, Medium level and High level languages.
- Some Important High Level Languages.
- Language Translators: Compiler, Assembler, Interpreter.
- Generation of Languages.
- Programming errors.
- Terms Related to Programming.

FRONTLINE ACADEMY
Leading From The Front

1. A set of instructions that need to be executed to accomplish a computing task is called

(1) Language

(2) Register

(3) Program

(4) Memory

Ans: (3) Program

2. A programmer is a person who ?

(1) Writes computer programs

(2) Develops computer software

(3) Tests and debugs computer software

(4) All of these

Ans: (4) All of these

Q3. Who among the following is considered to be the first computer programmer?

(1) Steve Jobs

(2) Dennis Ritchie

(3) Alan Turing

(4) Ada Lovelace

Ans: *(4) Ada Lovelace*

Q4. Which of the following is not a language used by the programmers to develop softwares?

(1) Go

(2) Python

(3) Laser

(4) C#

Ans: (3) Laser

Q5. The structure of statements in a computer language is called?

(1) prompt

(2) semantics

(3) syntax

(4) command

Ans: (3) syntax

Q6. Semantics of a program refers to?

(1) The number of statements used

(2) Meaning of the program

(3) Structure of the program

(4) None of these

Ans: (2) Meaning of the program

Q7. What is the only language that a computer understands directly?

(1) English

(2) BASIC

(3) Machine language

(4) Java

Ans: ***(3) Machine language***

Q8. From the point of view of the programmer what are the major advantages of using a high-level language rather than internal machine code or assembler language?

(1) No need of a compiler or interpreter

(2) Easy development

(3) Fast and Efficient

(4) All of these

Ans: (2) Easy development

Q9. Which of the following is an advantage of Low Level Languages?

(1) Programs developed using low level languages are fast and memory efficient.

(2) Programmers can utilize processor and memory in better way using a low level language.

(3) There is no need of any compiler or interpreters to translate the source to machine code.

(4) All of these

Ans: ***(4) All of these***

Q10. The language/code understood by a computer is also called?

(1) Machine language

(2) Object code

(3) Binary language

(4) All of these

Ans: (4) All of these

Q11. Who invented C Language.?

(1) Charles Babbage

(2) Graham Bell

(3) Dennis Ritchie

(4) Steve Jobs

Ans: (3) Dennis Ritchie

Q12. Low level language is .?

(1) Human readable like language.

(2) language with big program size.

(3) language with small program size.

(4) Difficult to understand and readability is questionable.

Ans: (4) Difficult to understand and readability is questionable.

Q13. C language is a?

(1) Low Level Language

(2) High Level Language

(3) Assembly Language

(4) Interpreted Language

Ans: (2) High Level Language

Q14. The primary programming used in Android applications is

(1) C

(2) Python

(3) Java

(4) BASIC

Ans: (3) Java

Q15. Which of the following languages is not both compiled and interpreted?

(1) Java

(2) Python

(3) C++

(4) LISP

Ans: *(3) C++*

Q16. Which of the following translates one line at a time

(1) Compiler

(2) Translator

(3) Simulator

(4) Interpreter

Ans: (4) Interpreter

Q17. Who invented the python language

(1) James Gosling

(2) Dennis Ritchie

(3) Elon Musk

(4) Guido van Rossum

Ans: (4) Guido van Rossum

Q18. Which of the following takes in high level language as an input and outputs a machine level code?

(1) Assembler

(2) Compiler

(3) Interpreter

(4) Both 2 and 3

Ans: (4) Both 2 and 3

Q19. Which of the following converts high level language program into machine code all at once?

(1) Compiler

(2) Interpreter

(3) Both 1 and 2

(4) Converter

***Ans:* (1) Compiler**

Q20. Assembly language

(1) Is the easiest language to write programs

(2) Uses alphabetic codes in place of binary codes used in machine language

(3) Needs not to be translated into machine language

(4) Is directly understood by the computer

Ans: (2) Uses alphabetic codes in place of binary codes used in machine language

Q21. A type of error, when the rules of the programming languages are not followed is called?

(1) Semantic Error

(2) Syntax Error

(3) Logical Error

(4) None of these

Ans: *(2) Syntax Error*

Q22. This type of error occurs when the statements written in the program are not meaningful to the compiler

(1) Semantic Error

(2) Syntax Error

(3) Logical Error

(4) Runtime error

Ans: (1) Semantic Error

Q23. …….. is a finite sequence of well-defined, computer-implementable instructions, typically to solve a class of specific problems or to perform a computation.

(1) Firmware

(2) Algorithm

(3) Computer Series

(4) None of these

Ans: (2) Algorithm

Q24. Who is known to be the father of Algorithms

(1) Muhammad ibn Musa al-Khwarizmi

(2) Alan Turing

(3) Ibn e Sina

(4) Ummayed al-Berouni

Ans: (3) Muhammad ibn Musa al-Khwarizmi

Q25. Second generation languages are language that consists of

(1) machine language

(2) assembly language

(3) Java

(4) visual basic

Ans: (2) assembly language

Q26. In programming, repeating some statements is usually called **[SSC CGL 2013]**

(1) looping

(2) control structure

(3) compiling

(4) structure

Ans: looping

Q27.……is the process of locating and fixing or bypassing bugs (errors) in computer program code.

(1) Coding

(2) Debugging

(3) Cleaning

(4) looping

Ans: (2) Debugging

Q28. OOP stands for

(1) Object Operated Program

(2) Online Operational Procedure

(3) Object Oriented Programming

(4) Online Oriented Programming

Ans: (3) Object Oriented Programming

Q29. Error in a program is called

(1) bug

(2) debug

(3) virus

(4) Noise

Ans: (1) bug

Q30. Computer programs are written in a high level programming language, however the human readable version of a program is called **[IBPS PO 2015]**

(1) Word size

(2) Source code

(3) Instruction set

(4) Application

Ans: (2) Source code

I hope that you did great.

BY **TAWQEER UL ISLAM**

PHD IN CSE (PURSUING)
JKSSB PANCHAYAT ACCOUNTS ASSISTANT EXAMINATION QUALIFIED

PRACTICE SET FOR LECTURE 8 MICROSOFT WINDOWS

FRONTLINE ACADEMY
Leading From The Front

MCQ'S ON THE FOLLOWING TOPICS

- Introduction to Microsoft Windows.
- Versions of MS-Windows: *Windows NT (New Technology), Windows 95, Windows 98, Windows ME, Windows XP, Windows Vista, Windows 7, Windows 8, Windows 10 and Windows 11.*
- Desktop.
- Some important components of desktop: *Task Bar and Start Menu.*
- Structure of a Window.
- Main Programs Inside the Windows: *Notepad, WordPad, Calculator, Media Player, etc.*
- Files.
- MS-Windows Shortcut Keys
- Important terms related to MS Windows.

MCQ'S ASKED IN PREVIOUS JKSSB EXAMS

FRONTLINE ACADEMY
Leading From The Front

1. During cut or copy a portion of the text is stored in a temporary buffer called **[FAA 2013]**

(1) Buffer Pool

(2) Clipboard

(3) Disk Cache

(4) Hard Disk

Ans: (2) Clipboard

2. Which of the following is not an Open Source software? **[JKSSB PAA 2020]**

(1) Linux

(2) Free BSD

(3) Android

(4) Windows

Ans: (4) Windows

1. Microsoft Windows is a/an

(1) Open-Source and GUI based OS

(2) Open Source and CUI based OS

(3) Proprietary and GUI based OS

(4) Closed Source and CUI based OS

Ans: (3) Proprietary and GUI based OS

2. Microsoft introduced Windows Operating System on ?

(1) 20th November 1981

(2) 20th November 1983

(3) 20th November 1984

(4) 20th November 1985

Ans: (4) 20th November 1985

Q3. The first operating system in the Windows 9x Family was?

(1) Windows 92

(2) Windows 95

(3) Windows XP

(4) Windows 98

Ans: *(2) Windows 95*

Q4. The first Windows OS to introduce WDM was?

(1) Windows 95

(2) Windows 98

(3) Windows XP

(4) MS DOS

Ans: (2) Windows 98

Q5. The first Windows Operating System to introduce start button, taskbar, Windows Explorer was ?

(1) Windows 95

(2) Windows 98

(3) Windows XP

(4) MS DOS

Ans: (1) Windows 95

Q6. ……Was the first Windows Server Operating System?

(1) Windows Me

(2) Windows NT 3.1

(3) Windows XP

(4) Windows 2000

Ans: (2) Windows NT 3.1

Q7. …… was the last in the line of Windows 9x operating Systems?

(1) Windows 92

(2) Windows 95

(3) Windows Me

(4) Windows 2000

Ans: ***(3) Windows Me***

Q8. 'Me' in Windows Me stands for?

(1) Micro edition

(2) Mini edition

(3) Millennium edition

(4) Modified edition

Ans: (3) Millennium edition

Q9. The different applications, files, directories in Windows are represented by?

(1) Graphs

(2) Labels

(3) Symbols

(4) Icons

Ans: ***(4) Icons***

Q10. **……**is a system of interactive visual components for computer software?

(1) Windows

(2) CLI

(3) GUI

(4) None of these

Ans: (3) GUI

Q11. Which one of the following is the default text editor for Microsoft Windows?

(1) Word

(2) TextEdit

(3) Nano

(4) Vim

(5) None of these

Ans: (5) None of these

Q12. Which one of the following is the default word processor for Microsoft Windows.?

(1) Word

(2) TextEdit

(3) Open Office Writer

(4) Vim

Ans: (1) Word

Q13. Which of the following is the Latest release of Windows Client Operating System?

(1) Windows 7

(2) Windows 20

(3) Windows 10

(4) Windows 8

Ans: (3) Windows 10

Q14. Which of the following Operating Systems is better for implementing a Client Server model

(1) Windows 10

(2) Windows Me

(3) Windows Vista

(4) Windows 2000

Ans: (4) Windows 2000

Q15. My Computer was introduced in?

(1) Windows 95

(2) Windows 98

(3) Windows XP

(4) Windows Vista

Ans: *(1) Windows 95*

Q16. Which of the following Windows do not have a start button

(1) Windows Vista

(2) Windows 7

(3) Windows 8

(4) Windows 10

Ans: (3) Windows 8

Q17. Which of the following does not support Networking between computers

(1) Windows 3.1

(2) Windows 95

(3) Windows 2000

(4) Windows NT

Ans: (1) Windows 3.1

Q18. You should choose sleep option when?

(1) The computer is tired after working for the whole day

(2) You leaving for a very short time and want to resume work shortly

(3) When computer gets hanged frequently. Let it sleep for some time

(4) You finish working and going to bed

Ans: (2) You leaving for a very short time and want to resume work shortly

Q19. Which mode loads minimal set of drivers when starting windows?

(1) Normal Mode

(2) Micro Mode

(3) Safe Mode

(4) VGA Mode

***Ans:* (3) Safe Mode**

Q20. A …….. is a named location on a disk where files are stored

(1) Folder

(2) File

(3) Directory

(4) Both 1 and 3

Ans: (4) Both 1 and 3

Q21. A user interface that is easy to use is considered to be ?

(1) User-happy

(2) User-Simple

(3) User-Friendly

(4) User-Safe

Ans: *(3) User-Friendly*

Q22. The …… is the drive containing the files to be copied

(1) Destination Drive

(2) Source Drive

(3) Home drive

(4) USB Drive

Ans: (2) Source Drive

Q23. In a computer 'Drag and Drop' means to select an item, hold down the mouse and

(1) Move file from one window to another

(2) Move file from one folder to another

(3) Move text between document

(4) All of these

Ans: (4) All of these

Q24. The first Windows OS for 64-bit processors was

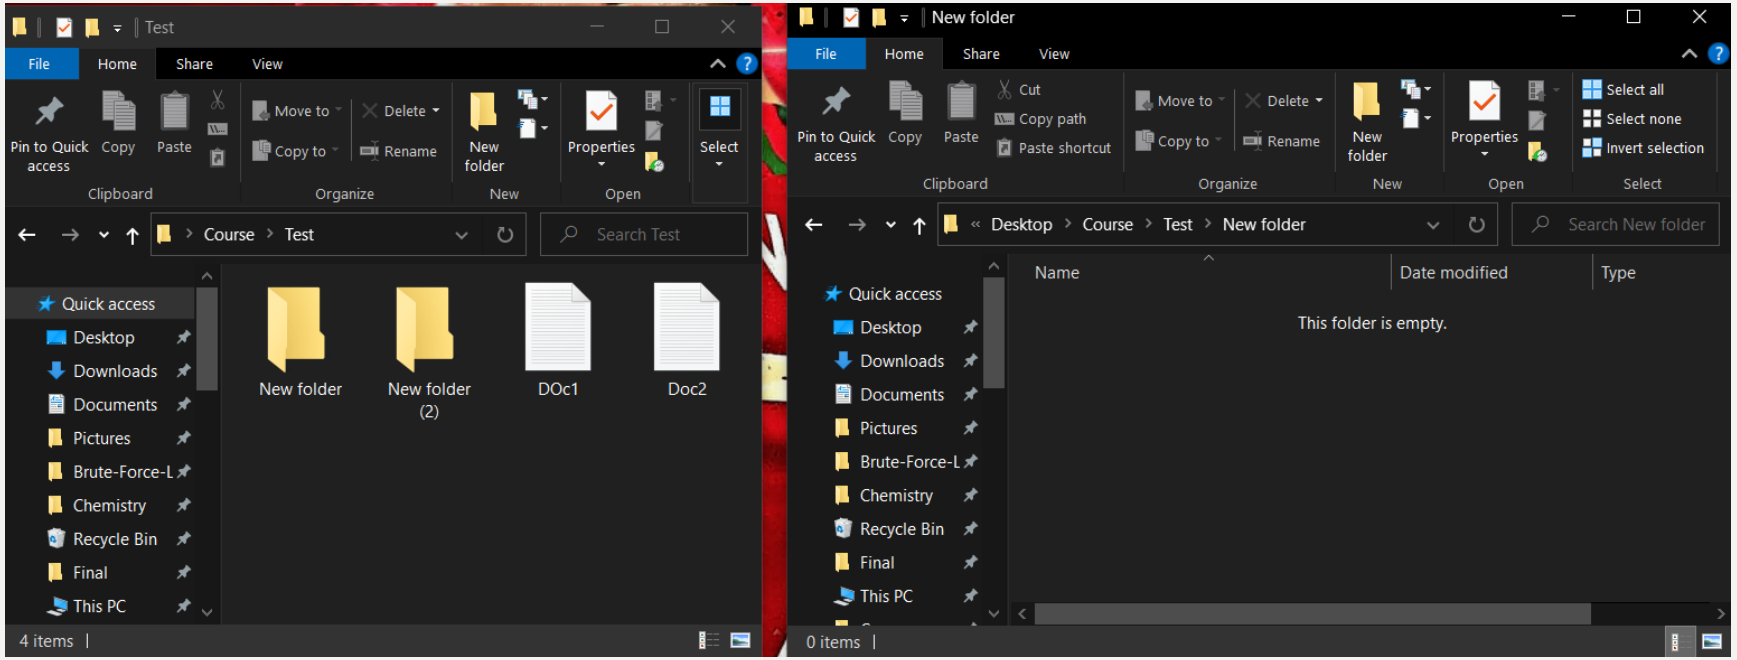

(1) Windows 95

(2) Windows Me

(3) Windows XP

(4) Windows Vista

Ans: (3) Windows XP

Q25. The Microsoft's Virtual Assistant Cortana was introduced in

(1) Windows 7

(2) Windows 8

(3) Windows 9

(4) Windows 10

Ans: (4) Windows 10

Q26. Which of the following is a part of the windows 10 desktop **[SSC CGL 2013]**

(1) Start Button

(2) Search Bar

(3) System Tray

(4) Task Bar

(5) All of these

Ans: (5) All of these

Q27. To delete permanently without sending directly to the recycle bin

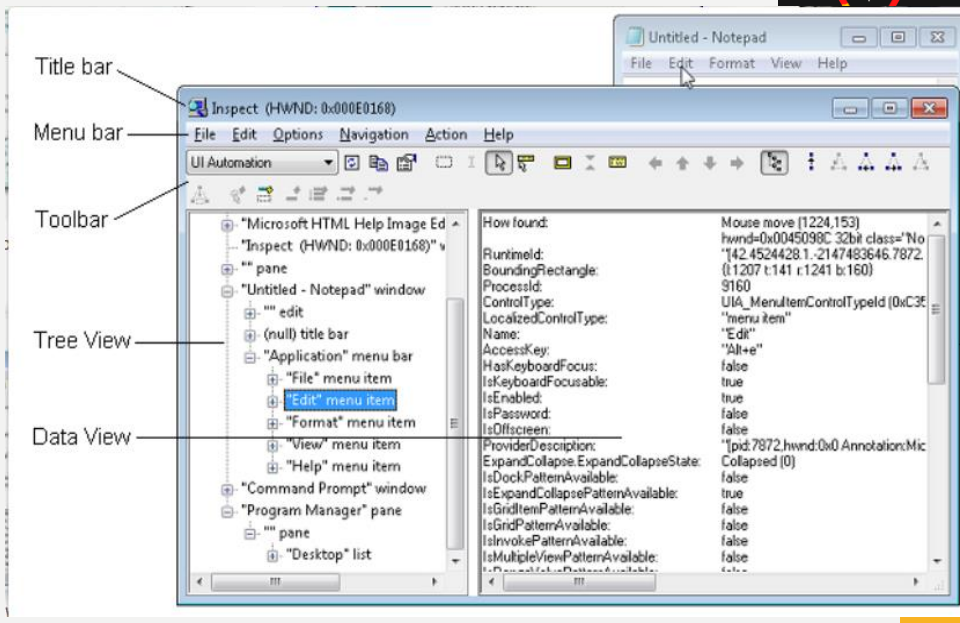

(1) Ctrl + Del

(2) Alt + Del

(3) Ctrl + Alt + Del

(4) None of these

Ans: (4) None of these

Q28. The icons of currently running programs are displayed in

(1) Tool Bar

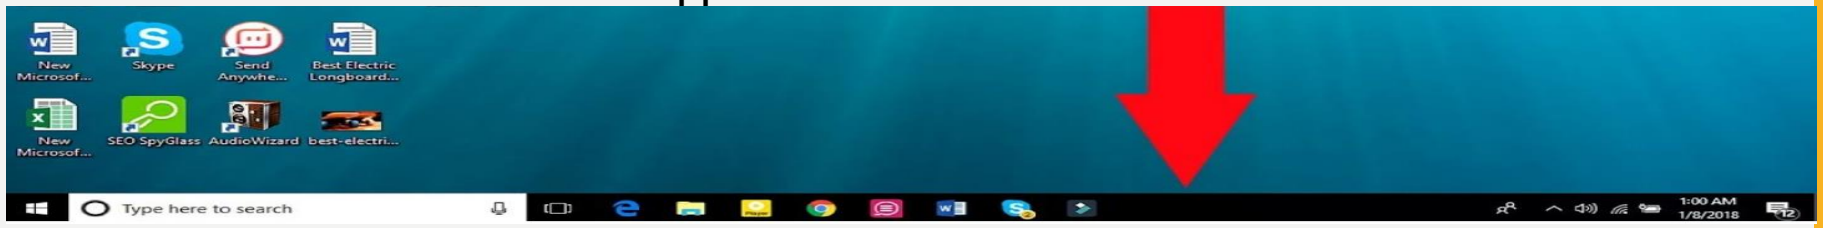

(2) Start Menu

(3) Ribbon

(4) Task Bar

Ans: (4) Task Bar

Toolbar is (graphical user interface) a **row of buttons, usually marked with icons, used to activate the functions** of an application.

Taskbar is the application **desktop bar which is used to launch and monitor applications.**

Q29. In Windows the Start Button can be used to

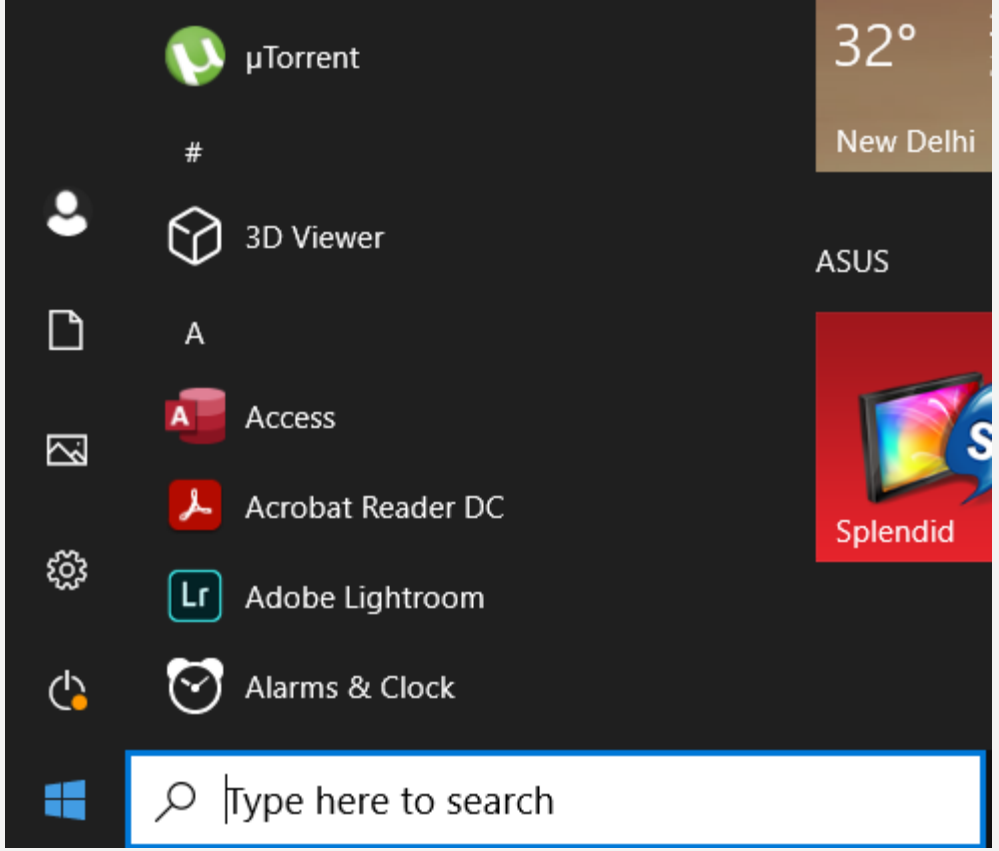

(1) Run Application

(2) Device Settings

(3) Turn Off the System

(4) All of these

Ans: (4) All of these

Q30. In sleep mode

(1) The Computer is completely turned off

(2) The files and programs are saved in the Disk

(3) The Computer is not completely turned off

(4) None of these

Ans: (3) The Computer is not completely turned off

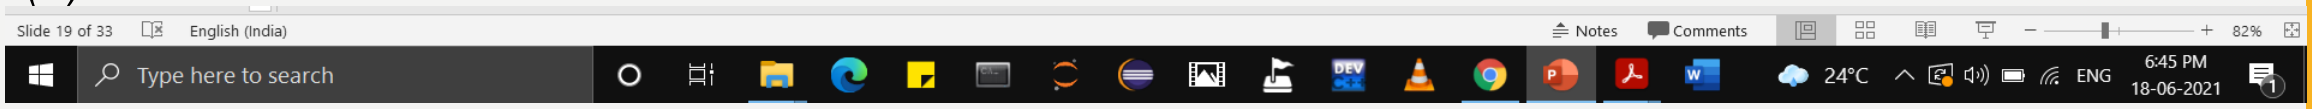

Q31. In Windows operating system it is the long horizontal bar at the bottom of a screen. Unlike the desktop, which can get obscured by the windows on top of it, it is visible almost all the time.

(1) Title Bar

(2) Tool Bar

(3) Menu Bar

(4) Task Bar

Ans: (4) Task Bar

Q32. How can you find the amount of memory installed on your computer?

(1) Right click on "My Computer"/Properties

(2) Use Control Panel

(3) There is no way to tell without rebooting your system

(4) Right click on your desktop and go to Properties

Ans: (1) Right click on "My Computer"/Properties

Q33. F2 key is used to ……A file/folder.

(1) Close

(2) Open

(3) Rename

(4) Delete

Ans: (3) Rename

- **F1** - Display help screen
- **F2** - Highlight file or folder for renaming
- **F3** - Open search tool
- **Alt+F4** - Close the current window
- **F5** - Refresh the contents of a window or webpage
- **F8** - Boot Windows into Safe Mode by holding F8 during startup

Q34. Clicking on the Close button without saving the document the ……will be appear on the screen.

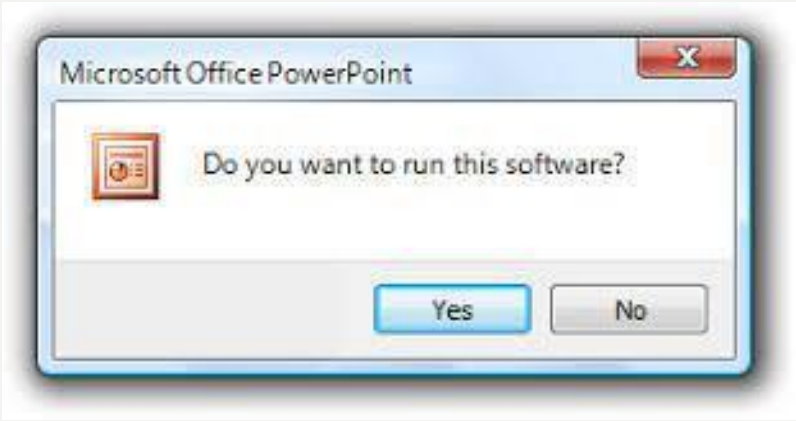

(1) Tool Bar

(2) Dialog Box

(3) Warning Box

(4) Menu Bar

Ans: (4) Menu Bar

Q35. The shortcut key for refresh is

(1) F1

(2) F3

(3) F5

(4) F7

Ans: (3) F5

- **F1** - Display help screen
- **F2** - Highlight file or folder for renaming
- **F3** - Open search tool
- **Alt+F4** - Close the current window
- **F5** - Refresh the contents of a window or webpage
- **F8** - Boot Windows into Safe Mode by holding F8 during startup

Q36. The file extension .rtf for WordPad files stands for

(1) Reverse Text File

(2) Rich Text Format

(3) Reverse Text Format

(4) Realistic Text Format

Ans: (2) Rich Text Format

Q37. Which function key needs to be press during reboot to enter in Safe Mode of a Windows machine?

(1) F8

(2) F2

(3) F1

(4) F9

Ans: (1) F8

- **F1** - Display help screen
- **F2** - Highlight file or folder for renaming
- **F3** - Open search tool
- **Alt+F4** - Close the current window
- **F5** - Refresh the contents of a window or webpage
- **F8** - Boot Windows into Safe Mode by holding F8 during startup

Q38. The shortcut key to view the properties of the selected file

(1) Alt + Shift

(2) Alt + Enter

(3) Shift + Enter

(4) Shift + Alt

Ans: (2) Alt + Enter

Keys	Description
Delete	Delete characters to the right of cursor
Backspace	Delete characters to the left of the cursor
Ctrl + A	Select all
F3	Search for a file or folder
Alt + Enter	View properties for the selected item
Alt + F4	Close the active item, or quit the active program
Alt + Spacebar	Opens the shortcut menu for the active window
F2	Rename selected item
Ctrl + Right Arrow	Move the insertion point to the beginning of the next word
Ctrl + Left Arrow	Move the insertion point to the beginning of the previous word
Ctrl + Alt + Del	Restart the computer
Ctrl + Esc	Display the Start menu
F5	Refresh the active window
Esc	Cancel the current task
Window	To display or hide the Start menu
Window + D	To display the desktop
Window + L	To Lock the keyboard

Q39. Ctrl + Right Arrow is used to

(1) Move the Insertion point the beginning of the next word

(2) Move the Insertion point the beginning of the line

(3) Move the Insertion point the end of the next line

(4) (4) Move the Insertion point the beginning of the previous word

Ans: (1) Move the Insertion point the beginning of the next word

Q40. 'Windows Key + D' and **'Windows Key + L'** are used to

(1) Open Dialog Box and close the current window

(2) Hide or Display the Desktop and open the dialog box

(3) Open Dialog Box and open a new window

(4) Hide or Display the Desktop and Lock the Computer

Ans: (4) Hide or Display the Desktop and Lock the Computer

Keyboard shortcut	Action
Windows key	Open or close Start Menu.
Windows key + A	Open Action center.
Windows key + C	Open Cortana in listening mode.
Windows key + D	Display and hide the desktop.
Windows key + E	Open File Explorer.
Windows key + G	Open Game bar when a game is open.
Windows key + H	Open the Share charm.
Windows key + I	Open Settings.
Windows key + K	Open the Connect quick action.
Windows key + L	Lock your PC or switch accounts.
Windows key + M	Minimize all windows.
Windows key + R	Open Run dialog box.
Windows key + S	Open Search.
Windows key + U	Open Ease of Access Center.
Windows key + X	Open Quick Link menu.
Windows key + Number	Open the app pinned to the taskbar in the position indicated by the number.
Windows key + Left arrow key	Snap app windows left.
Windows key + Right arrow key	Snap app windows right.

Q41. Win key + M

(1) Closes the window

(2) Maximizes the window

(3) Minimizes the window

(4) None of these

Ans: (2) Maximizes the window

Q42. The file manager application in Microsoft Windows is called

(1) File Manager

(2) Windows Explorer

(3) File Driver

(4) File Weaver

Ans: (2) Windows Explorer

Keyboard shortcut	Action
Windows key	Open or close Start Menu.
Windows key + A	Open Action center.
Windows key + C	Open Cortana in listening mode.
Windows key + D	Display and hide the desktop.
Windows key + E	Open File Explorer.
Windows key + G	Open Game bar when a game is open.
Windows key + H	Open the Share charm.
Windows key + I	Open Settings.
Windows key + K	Open the Connect quick action.
Windows key + L	Lock your PC or switch accounts.
Windows key + M	Minimize all windows.
Windows key + R	Open Run dialog box.
Windows key + S	Open Search.
Windows key + U	Open Ease of Access Center.
Windows key + X	Open Quick Link menu.
Windows key + Number	Open the app pinned to the taskbar in the position indicated by the number.
Windows key + Left arrow key	Snap app windows left.
Windows key + Right arrow key	Snap app windows right.

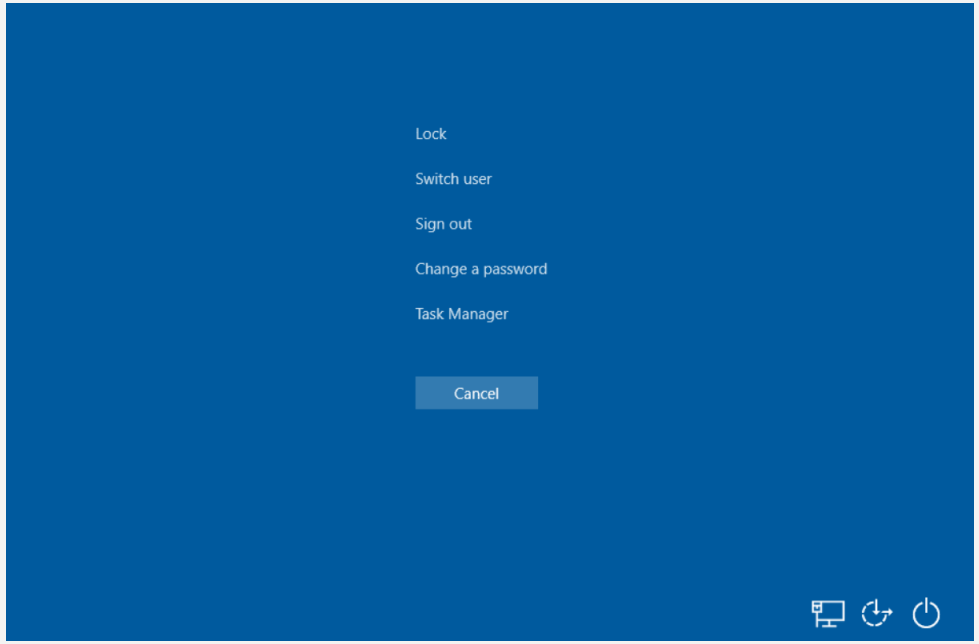

Q43. If your computer hangs, in order to open the task manager to close running apps you would press

(1) Del + Ctrl

(2) Backspace + Ctrl

(3) Insert + Esc

(4) Ctrl + Alt + Del

Ans: (4) Ctrl + Alt + Del

Q44. Which of the following keys is used to delete characters to the right of the cursor?

[SBI PO 2014]

(1) Alt + Delete

(2) Backspace

(3) Esc

(4) Delete

Ans: (4) Delete

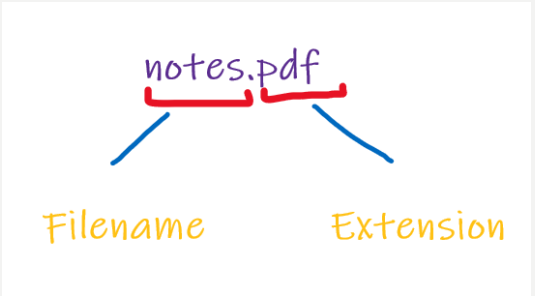

Q45. Which of the following statements is a false conceiving file names? **[IBPS Clerk 2014]**

(1) Every file in the same folder must have a unique name

(2) The file name comes before the dot (.)

(3) File extension is another name for the type

(4) The file extension comes before the dot (.) followed by the file name

Ans: (4) The file extension comes before the dot (.) followed by the file name

Q46. What is an on-screen display listing of available options of functions on a computer? **[SBI Clerk 2015]**

(1) Document

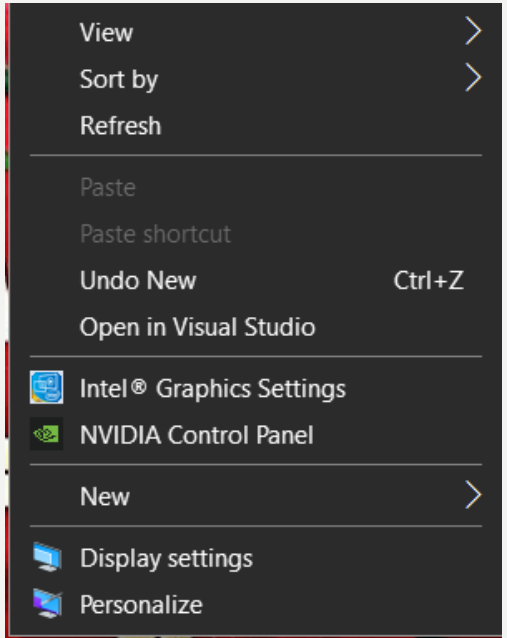

(2) View

(3) Tool

(4) Format

(5) Menu

Ans: (5) Menu

Q47. A …….. is a set of changes to a computer program or its supporting data designed to update, fix, or improve it.

(1) Build

(2) Driver

(3) Patch

(4) Fixer

Ans: (3) Patch

Q48. Which of the following is not a version of Windows Operating System

(1) 98

(2) Me

(3) 95

(4) 99

Ans: (4) 99

Q49. Why do you log-off from your computer when going out from your office?

[IBPS Clerk Mains 2017]

(1) Someone might steal your files, passwords, etc.

(2) In order to save electricity

(3) Logging off is essential to increase performance

(4) Logging off is mandatory before you go out

Ans: (1) Someone might steal your files, passwords, etc.

Q50. ZIP stands for

(1) Zone Internet Protocol

(2) Zone Information Packet

(3) Zone Information Protocol

(4) Zone Internet Packet

Ans: (3) Zone Information Protocol

I hope that you did great.

MCQ'S ASKED IN PREVIOUS JKSSB EXAMS

FRONTLINE ACADEMY
Leading From The Front

1. Which one among the following MS Excel functions is used to remove extra spaces from a cell/string? **[PAA 2020]**

(1) LEN

(2) TRIM

(3) REPLACE

(4) SPACE

Ans: (2) TRIM

2. Which one of the following is a shortcut key to start a slide show From the beginning in MS PowerPoint? **[JKSSB PAA 2020]**

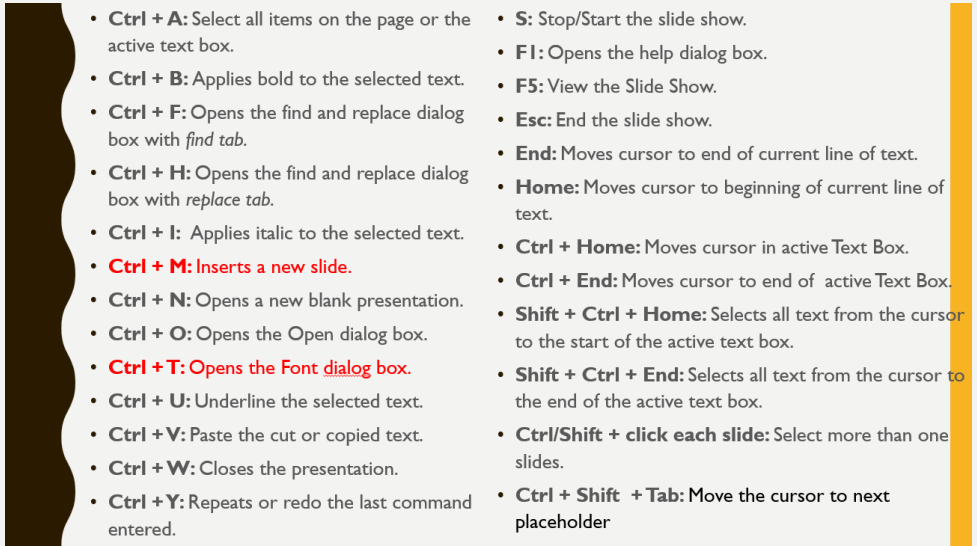

(1) F3

(2) F5

(3) F6

(4) F8

Ans: (2) F5

- **Ctrl + A:** Select all items on the page or the active text box.
- **Ctrl + B:** Applies bold to the selected text.
- **Ctrl + F:** Opens the find and replace dialog box with *find tab*.
- **Ctrl + H:** Opens the find and replace dialog box with *replace tab*.
- **Ctrl + I:** Applies italic to the selected text.
- **Ctrl + M:** Inserts a new slide.
- **Ctrl + N:** Opens a new blank presentation.
- **Ctrl + O:** Opens the Open dialog box.
- **Ctrl + T:** Opens the Font dialog box.
- **Ctrl + U:** Underline the selected text.
- **Ctrl + V:** Paste the cut or copied text.
- **Ctrl + W:** Closes the presentation.
- **Ctrl + Y:** Repeats or redo the last command entered.
- **S:** Stop/Start the slide show.
- **F1:** Opens the help dialog box.
- **F5:** View the Slide Show.
- **Esc:** End the slide show.
- **End:** Moves cursor to end of current line of text.
- **Home:** Moves cursor to beginning of current line of text.
- **Ctrl + Home:** Moves cursor in active Text Box.
- **Ctrl + End:** Moves cursor to end of active Text Box.
- **Shift + Ctrl + Home:** Selects all text from the cursor to the start of the active text box.
- **Shift + Ctrl + End:** Selects all text from the cursor to the end of the active text box.
- **Ctrl/Shift + click each slide:** Select more than one slides.
- **Ctrl + Shift + Tab:** Move the cursor to next placeholder

FRONTLINE ACADEMY
Leading From The Front

7. You are creating a new PowerPoint presentation in MS Office 2007. Suppose you want to insert a 'Banner' shape in a slide. Which of the following is the correct option for doing so? **[JKSSB JSA]**

1. Design-->Shapes-->Stars and Banners

2. Insert-->Shapes-->Stars and Banners

3. Format-->Shapes-->Stars and Banners

4. Insert-->WordArt

Ans: 2. Insert-->Shapes-->Stars and Banners

8. How will you enable Word Art Toolbar in MS Word 2007? **[JKSSB JSA]**

1. Insert --> Word Art

2. Tools -->Options -->Word Art

3. View -->Word Art

4. View-->Toolbars-->Word Art

Ans: 1. Insert --> Word Art

MCQ'S ASKED IN PREVIOUS JKSSB EXAMS

FRONTLINE ACADEMY
Leading From The Front

9. Which of these is the extension of MS Access 2007 database file? **[JKSSB SI]**

1. .accdb

2. .adp

3. .mdw

4. .accde

Ans: 1. .accdb

10. When was MS Excel launched for Windows OS? **[JKSSB SI]**

1. 1986

2. 1985

3. 1987

4. 1988

Ans: 3. 1987

MCQ'S ASKED IN PREVIOUS JKSSB EXAMS

11. Which of the following key combination is used to create a new document in MS Word? **[JKSSB SI]**

1. Ctrl + W

2. Shift + N

3. Ctrl + N

4. Alt + N

Ans: 3. Ctrl + N

12. What is Ctrl + Q used for in MS Word? **[JKSSB SI]**

1. To remove the paragraph formatting

2. To open an existing file

3. To delete the selected text

4. To spell check the document

Ans: 1. To remove the paragraph formatting

MCQ'S ASKED IN PREVIOUS JKSSB EXAMS

13. Number of page orientations allowed in PowerPoint is? **[JKSSB Graduate Level 2019]**

1. 1

2. 2

3. 3

4. 4

Ans: 2. 2

14. PowerPoint slide can be saved as **[JKSSB Graduate Level 2019]**

i. .pdf

ii. .pps

iii. ipg

iv. .python

1. Only 1 & 2
2. Only 2 & 4
3. Only 1 & 3
4. Only 1,2 & 3

Ans: 4. Only 1,2 & 3

Leading From The Front

19. In MS PowerPoint 2007, which Key combination is used to Move the cursor to next placeholder (if on slide's last placeholder, this inserts a new slide)? **[JKSSB Graduate Level 2019]**

1. Alt + M

2. Ctrl + Shift + Tab

3. Ctrl + Enter

4. Ctrl + D

Ans: 2. Ctrl + Shift + Tab

- **Ctrl + A:** Select all items on the page or the active text box.
- **Ctrl + B:** Applies bold to the selected text.
- **Ctrl + F:** Opens the find and replace dialog box with *find tab*.
- **Ctrl + H:** Opens the find and replace dialog box with *replace tab*.
- **Ctrl + I:** Applies italic to the selected text.
- **Ctrl + M:** Inserts a new slide.
- **Ctrl + N:** Opens a new blank presentation.
- **Ctrl + O:** Opens the Open dialog box.
- **Ctrl + T:** Opens the Font dialog box.
- **Ctrl + U:** Underline the selected text.
- **Ctrl + V:** Paste the cut or copied text.
- **Ctrl + W:** Closes the presentation.
- **Ctrl + Y:** Repeats or redo the last command entered.
- **S:** Stop/Start the slide show.
- **F1:** Opens the help dialog box.
- **F5:** View the Slide Show.
- **Esc:** End the slide show.
- **End:** Moves cursor to end of current line of text.
- **Home:** Moves cursor to beginning of current line of text.
- **Ctrl + Home:** Moves cursor in active Text Box.
- **Ctrl + End:** Moves cursor to end of active Text Box.
- **Shift + Ctrl + Home:** Selects all text from the cursor to the start of the active text box.
- **Shift + Ctrl + End:** Selects all text from the cursor to the end of the active text box.
- **Ctrl/Shift + click each slide:** Select more than one slides.
- **Ctrl + Shift + Tab:** Move the cursor to next placeholder

20. MS Excel 2007, which key combination is used to display the font dialog box? **[JKSSB GL 2019]**

1. Alt + Shift + Down arrow

2. Alt + Shift + Left arrow

3. Shift + F9

4. Ctrl + Shift + F

Ans: 4. Ctrl + Shift + F

SHORTCUT KEYS OF MS-WORD AND THEIR DESCRIPTIONS

- **Ctrl + Shift + F** -- Change the font.
- **Ctrl + Shift + >** -- Increase selected font +1.
- **Ctrl +]** -- Increase selected font +1.
- **Ctrl + [** -- Decrease selected font -1.
- **Ctrl + (Left arrow)** -- Move one word to the left.
- **Ctrl + (Right arrow)** -- Move one word to the right.
- **Ctrl + (Up arrow)** -- Move to the beginning of the line or paragraph.
- **Ctrl + (Down arrow)** -- Move to the end of the paragraph.
- **Ctrl + Del** -- Delete word to the right of the cursor.
- **Ctrl + Backspace** -- Delete word to the left of the cursor.
- **Ctrl + End** -- Move cursor to end of the document.
- **Ctrl + Home** -- Move cursor to the beginning of the document.
- **Ctrl + Space** -- Reset highlighted text to default font.
- **Ctrl + 1** -- Single-space between lines.
- **Ctrl + 2** -- Double-space between lines.
- **Ctrl + 5** -- 1.5-line spacing.
- **Ctrl + Alt + 1** -- Change text to heading 1.
- **Ctrl + Alt + 2** -- Change text to heading 2.
- **Ctrl + Alt + 3** -- Change text to heading 3.

MORE MCQS

1. Microsoft Office Word is a(n)

(1) area in the computer's main memory in which Microsoft Office text files are store temporarily

(2) Program included with Windows 2000 that can be used only to create or edit text files, smaller than64k, that do not require formatting

(3) classified password that prevents unauthorized users from accessing a protected Microsoft Office item or document

(4) full featured Word processing program that can be used to create and revise professional looking documents easily

Ans: (4) full featured Word processing program that can be used to create and revise professional looking documents easily

2. A Word processor would be used best to **[IBPS Clerk 2011]**

(1) paint a picture

(2) draw a diagram

(3) type a story

(4) work out income and expenses

Ans: (3) type a story

Q3. Match the following?

(i) MS Word	*(a) Personal Management Software*
(ii) MS PowerPoint	*(b) DBMS*
(iii) MS Access	*(c) Used to create professional looking documents*
(iv) MS Outlook	*(d) Display information through slides*

(1) i – a, ii - c, iii – b, iv - d

(2) i – d, ii - c, iii – b, iv - a

(3) i – c, ii - d, iii – b, iv - a

(4) i – c, ii - b, iii – a, iv - d

Ans: *(3) i – c, ii - d, iii – b, iv - a*

Q4. The maximum size of text in a word document could be?

(1) 16MB

(2) 100 MB

(3) 32MB

(4) 256 MB

Ans: (3) 32MB

Q5. Which of the following is not a word processor ?

(1) MS Word

(2) Google Docs

(3) Apple Pages

(4) Notepad

Ans: (4) Notepad

Q6. You can start MS word by typing …… in the Run application?

(1) Word

(2) msword

(3) Microsoft word

(4) winword

Ans: (4) winword

Q7. The default extension of post 2207 versions of MS Word is?

(1) .doc

(2) .docx

(3) .docc

(4) .doc7

Ans: *(2) .docx*

Q8. Office button in MS office has been replaced by which of the following tabs?

(1) Home

(2) Office

(3) File

(4) Format

Ans: (3) File

Q9. The tools like shapes, header, footer, text box, pictures and table can be found under ……. tab?

(1) Home

(2) Design

(3) Insert

(4) View

Ans: ***(3) Insert***

Q10. **……** Tab contains groups like Font, Paragraph, Styles and clipboard.

(1) Home

(2) Design

(3) Insert

(4) View

Ans: (1) Home

Q11. ..... Tab contains groups related to language like Thesaurus, Spelling Check, Translate, etc.

(1) Home

(2) Design

(3) Insert

(4) Review

Ans: (4) Review

Q12. Which one of the following tab contains tools like margins, columns, indent, orientation, etc.?

(1) View

(2) Design

(3) Review

(4) Layout

Ans: (4) Layout

Q13. ……Tab consists of Table of Contents, Footnotes, Citations & Bibliography, Captions, Index, Table of Authorities?

(1) Mailings

(2) Help

(3) References

(4) Insert

Ans: (3) References

Q14. The space left on the left or top of the document which is intended for the punch holes to be drawn into the document for binding after printing is called

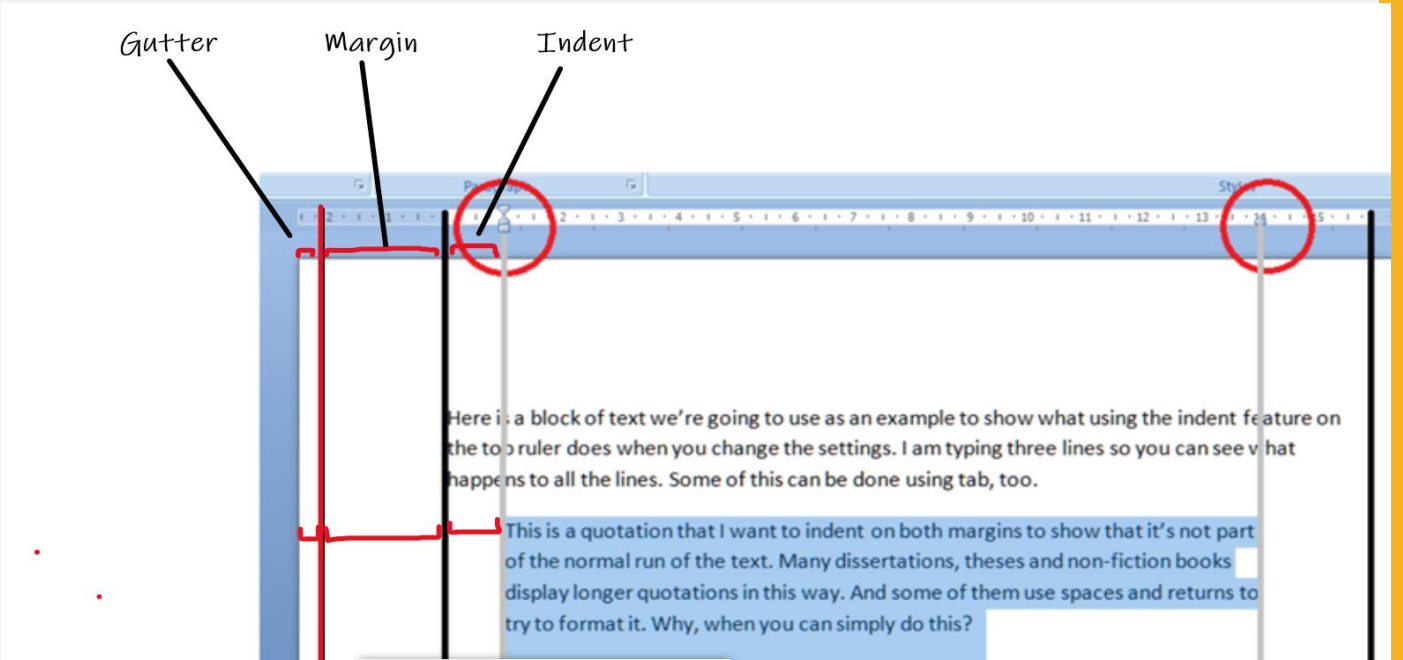

(1) Indent

(2) Gutter

(3) Margin

(4) Punch

Ans: (2) Gutter

Q15. Bullets are?

(1) Numbered lists

(2) Ordered lists

(3) Unordered lists

(4) None of these

Ans: *(3) Unordered lists*

Q16. A document in MS Word can be saved by

(1) clicking on Save option from File menu.

(2) Select Save button from Standard/Quick Access toolbar

(3) Pressing Ctrl + S key.

(4) All of the above

Ans: (4) All of the above

FOR DETAILED EXPLANATION WATCH THE VIDEO BELOW:

https://youtu.be/WRAnCc0p1IE

Q17. Which of the following does not support Networking between computers

(1) Windows 3.1

(2) Windows 95

(3) Windows 2000

(4) Windows NT

Ans: (1) Windows 3.1

Q18. Match the following?

(i) Ctrl + K	(a) Indent the Paragraph
(ii) Ctrl + M	(b) Change text to Heading 1
(iii) Ctrl + Alt + 1	(c) Change test to default font
(iv) Ctrl + Space	(d) Insert a link

(1) i – a, ii - c, iii – b, iv - d

(2) i – d, ii - a, iii – b, iv - c

(3) i – c, ii - d, iii – b, iv - a

(4) i – c, ii - b, iii – a, iv - d

Ans: (2) i – d, ii - a, iii – b, iv - c

Q19. In MS Word **Ctrl + Shift + '+'** is used to?

(1) Right align the Paragraph

(2) Increase font size

(3) Superscript

(4) Increase space between lines

Ans: (3) Superscript

Q20. Match the following?

(i) Ctrl + Shift + F	(a) Spacing of 1.5 between the lines
(ii) Ctrl + 5	(b) Font Options
(iii) Ctrl + Up-arrow	(c) Delete the word to the right of the cursor
(iv) Ctrl + Del	(d) Go to the beginning of the paragraph

(1) i – b, ii - a, iii – d, iv - c

(2) i – d, ii - a, iii – b, iv - c

(3) i – c, ii - d, iii – b, iv - a

(4) i – c, ii - b, iii – a, iv - d

Ans: (1) i – b, ii - a, iii – d, iv - c

Q21. A computer application for organization, analysis, and storage of data in tabular form?

(1) Word processor

(2) Cell

(3) Spreadsheet

(4) Tableau

Ans: *(3) Spreadsheet*

Q22. Which of the following is **not** a spreadsheet

(1) Snowball

(2) Coral Quatro Pro

(3) Apple Numbers

(4) MS Access

Ans: (4) MS Access

Q23. Which of the following is an extension of the excel files

(1) .xlsx

(2) .xls

(3) .xlt

(4) .xlm

(5) All of these

Ans: (5) All of these

Q24. Which of the following is not a function in EXCEL

(1) count()

(2) counta()

(3) Trim

(4) SquareRoot

Ans: (4) SquareRoot

Q27. A …… is an action or a set of actions that you can record in MS excel and then repeat them by running the recorded actions.

(1) Function

(2) Macro

(3) Formula

(4) None of these

Ans: (2) Macro

Q28. Which of the following is not a cell mode in MS Excel

(1) Ready mode

(2) Edit Mode

(3) Copy mode

(4) Enter mode

(5) Point mode/Formula cell selection mode

Ans: (3) Copy mode

Q29. If you type function key …… at any Excel cell, the Cell mode will change to "Edit" mode.

(1) F1

(2) F2

(3) F3

(4) F5

Ans: (2) F2

Q30. Match the following?

(i) F2	(a) Insert a Chart
(ii) F5	(b) Edit the Specific cell
(iii) F11	(c) Open the formula window
(iv) Shift + F3	(d) Go to a specific cell

(1) i – a, ii - c, iii – b, iv - d

(2) i – d, ii - a, iii – b, iv - c

(3) i – b, ii - d, iii – a, iv - c

(4) i – c, ii - b, iii – a, iv - d

Ans: (3) i – b, ii - d, iii – a, iv - c

- **F2** -- Edit the selected cell.
- **F5** -- Go to a specific cell.
- **F7** -- Spell check selected text and/or document.
- **F11** -- Create chart
- **Ctrl + Shift + ;** -- Enter the current time.
- **Ctrl + ;** -- Enter the current date
- **Alt + Shift + F1** -- Insert new worksheet.
- **Shift + F3** -- Open the Excel formula window.
- **Shift + F5** -- Bring up the search box
- **Ctrl + F9** -- Minimize current window.
- **Ctrl + F10** -- Maximize currently selected window.
- **Ctrl + F6** -- Switch between open workbooks/windows.

Q31. Which of the following is not true?

*(1) Excel Cell Mode status will become "**Ready**" when Excel user is not editing any cell or user is not inserting any data.*

*(2) If you double click on a non-blank (where data is already filled) Excel Cell with mouse pointer, the Cell mode will become "**Edit**" mode.*

*(3) Cell Mode will become "**Enter**" mode, when you double click on a **blank** (empty) Excel cell with mouse pointer.*

*(4) The Cell mode status will become **Point**, when you start typing a formula inside a cell (beginning* with "=", "+", or "-") and then select *the cells that you want to include in that formula.*

(5) None of these

Ans: (5) None of these

Q32. Match the following?

(i) Ctrl + Tab	(a) Select Entire Row
(ii) Ctrl + Shift + #	(b) Insert Scientific Format
(iii) Ctrl + Shift + ^	(c) Insert Date Format
(iv) Shift + Space	(d) Move between Excel files

(1) i – a, ii - c, iii – b, iv - d

(2) i – d, ii - c, iii – b, iv - a

(3) i – b, ii - d, iii – a, iv - c

(4) i – c, ii - b, iii – a, iv - d

Ans: (2) i – d, ii - c, iii – b, iv - a

- **Ctrl + Page up & Page Down** -- Move between Excel worksheets in the same document.
- **Ctrl + Tab** -- Move between two or more open Excel files
- **Alt + =** -- Create the formula to sum all of the above cells.
- **Ctrl + Shift + "** -- Insert the value of above cell into the current cell.
- **Ctrl + Shift + !** -- Format number in comma format.
- **Ctrl + Shift + $** -- Format number in currency format.
- **Ctrl + Shift + #** -- Format number in date format.
- **Ctrl + Shift + %** -- Format number in percentage format.
- **Ctrl + Shift + ^** -- Format number in scientific format.
- **Ctrl + Shift + @** -- Format number in time format.
- **Ctrl + (Right arrow)** -- Move to next section of text.
- **Ctrl + Space** -- Select entire column.
- **Shift + Space** -- Select entire row.

Q33. In MS PowerPoint you can.

(1) Insert and Format text

(2) Insert and manipulate graphic images

(3) Present the information using a slide show

(4) All of the above

Ans: (4) All of the above

Q34. You can start MS PowerPoint by writing …… in the Run Application.

(1) PowerPoint

(2) ppt

(3) powerpnt

(4) Microsoft PowerPoint

Ans: (3) powerpnt

FOR DETAILED EXPLANATION WATCH THE VIDEO BELOW:

https://youtu.be/WRAnCc0p1IE

Q35. This area of PowerPoint window displays thumbnails of all the slides that are added in the presentation

(1) Slide Area

(2) Slide Pane

(3) Ribbon

(4) Ribbon

Ans: (2) Slide Pane

Q36. Match the following?

(i) Normal View	(a) It provides a view of slides in thumbnail form.
(ii) Slide Sorter View	(b) In this view, the notes pane is located just below the slide pane.
(iii) Notes Page View	(c) This is the main editing view, where you write and design your presentations, i.e., actual screen which is displayed.
(iv) Slide Show	(d) This is used to deliver a presentation to the audience and takes up the full computer screen

(1) i – a, ii - c, iii – b, iv - d

(2) i – d, ii - a, iii – b, iv - c

(3) i – b, ii - d, iii – a, iv - c

(4) i – c, ii - a, iii – b, iv - d

Ans: (4) i – c, ii - a, iii – b, iv - d

Q37. Master view does not include?

(1) Slides Master View

(2) Notes Master View

(3) Outline View

(4) Handout Master View

Ans: (3) Outline View

Q38. Match the following?

(i) Ctrl + M	(a) Move to the end of the active Text Box.
(ii) F5	(b) View the Slide show
(iii) Esc	(c) Insert New Slide
(iv) Ctrl + End	(d) Close the Slide Show

(1) i – a, ii - c, iii – b, iv - d

(2) i – d, ii - a, iii – b, iv - c

(3) i – b, ii - d, iii – a, iv - c

(4) i – c, ii - b, iii – d, iv - a

Ans: (4) i – c, ii - b, iii – d, iv - a

- **Ctrl + A:** Select all items on the page or the active text box.
- **Ctrl + B:** Applies bold to the selected text.
- **Ctrl + F:** Opens the find and replace dialog box with *find tab.*
- **Ctrl + H:** Opens the find and replace dialog box with *replace tab.*
- **Ctrl + I:** Applies italic to the selected text.
- **Ctrl + M:** Inserts a new slide.
- **Ctrl + N:** Opens a new blank presentation.
- **Ctrl + O:** Opens the Open dialog box.
- **Ctrl + T:** Opens the Font dialog box.
- **Ctrl + U:** Underline the selected text.
- **Ctrl + V:** Paste the cut or copied text.
- **Ctrl + W:** Closes the presentation.
- **Ctrl + Y:** Repeats or redo the last command entered

- **S:** Stop/Start the slide show.
- **F1:** Opens the help dialog box.
- **F5:** View the Slide Show.
- **Esc:** End the slide show.
- **End:** Moves cursor to end of current line of text.
- **Home:** Moves cursor to beginning of current line of text.
- **Ctrl + Home:** Moves cursor in beginning of the active Text Box.
- **Ctrl + End:** Moves cursor to end of active Text Box.
- **Shift + Ctrl + Home:** Selects all text from the cursor to the start of the active text box.
- **Shift + Ctrl + End:** Selects all text from the cursor to the end of the active text box.

Q39. Microsoft Access is a

(1) Object Oriented Database System

(2) Hierarchical Database System

(3) Relational Database System

(4) Hybrid Database System

Ans: (3) Relational Database System

Q40. DBMS stand for

(1) Database Based Management System

(2) Database Management System

(3) Database Managing Software

(4) Database Based Modelling Software

Ans: (2) Database Management System

Q41. You Can start MS Access by typing …….. In Run Application.

(1) access

(2) msaccess

(3) acss

(4) Microsoft access

Ans: (2) msaccess

Q42. The four components of a MS access database does not include

(1) Tables

(2) Records

(3) Forms

(4) Queries

(5) Reports

Ans: (2) Records

Q43. SQL which is a language for manipulating databases stands for

(1) Standard Query Language

(2) Structured Query Language

(3) Structured Quality Language

(4) Standard Quiz Language

Ans: (2) Structured Query Language

Q44. Which data type in MS Access can have the largest size?

(1) text

(2) Memo

(3) Number

(4) OLE

Ans: (4) OLE

Data Type	Field length or Field size
Text	0-255 characters
Memo	0-65535 characters
Number	1, 2, 4 or 8 bytes
Date/Time	8 bytes
Currency	8 bytes
Auto Number	4 bytes
Yes/No	1 bit (0 or 1)
OLE object	upto 1 GB
Hyperlink	Each part contains 2048 characters

Q45. A field which is used to uniquely identify the records in a table and cannot contain null value

(1) Super field

(2) Primary Key

(3) ID field

(4) Closed Field

Ans: (2) Primary Key

Q46. Which of the following is not true in MS Access

(1) A database may contain more than one tables.

(2) The rows of a table are also called records.

(3) The columns of a table are also called fields/attributes.

(4) A field can never contain have a NULL value

Ans: (4) A field can never contain have a NULL value

Q47. In design view

(1) You can enter and edit the data in the table

(2) Only the fields and their types are visible and can be edited.

(3) All the data present in the tables is visible

(4) All of the above

Ans: (2) Only the fields and their types are visible and can be edited.

Q48. In MS Access Ctrl + N and Alt + N are respectively used to

(1) Create a new database object and create a new database

(2) Create a new database and create a new database object

(3) Insert a new Record in the Table and create a new table

(4) Create a new table and Insert a new record in the table.

Ans: (2) Create a new database and create a new database object

- **Ctrl + N:** Create a new database.
- **Ctrl + O:** Open an existing database.
- **Alt + N:** Create a new database object.
- **Alt + O:** Open database object.
- **Ctrl + S:** Save a database object.
- **Ctrl + P:** Print the current or selected database object.

FOR DETAILED EXPLANATION WATCH THE VIDEO BELOW:

https://youtu.be/WRAnCc0p1IE

Q49. In MS Access To add a new record in a table …… is used.

(1) Ctrl + '+'.

(2) Ctrl + N

(3) Ctrl + '-'

(4) Ctrl + Shift + A

Ans: (1) Ctrl + '+'.

Ctrl + Plus sign(+) : Add a new record.

Ctrl + - : Delete the current record.

Ctrl + Shift + A: Sort selected data in ascending order.

Ctrl + Shift + Z: Sort selected data in descending order.

Alt + D: Open a database object in design view.

Ctrl + Up Arrow: First record

Ctrl + Down Arrow: Last record

Down Arrow: Next record

Up Arrow: Previous record

Q50. In MS Outlook you can

(1) Check you e-mails

(2) Schedule tasks

(3) Make Notes

(4) Manage Contacts

(5) All of the Above

Ans: (5) All of the Above

I hope that you did great.

LECTURE 10

DATA COMMUNICATION AND NETWORKING

FOR DETAILED EXPLANATION WATCH THE VIDEO BELOW:

https://youtu.be/WRAnCc0p1IE

MCQ'S ASKED IN PREVIOUS JKSSB EXAMS

FRONTLINE ACADEMY
Leading From The Front

1. What does 'www" stand for?? **[PAA 2020]**

(1) Wide World Web

(2) World Wide Webmaster

(3) World Wide Web

(4) Web World Wide

Ans: (3) World Wide Web

2. What is the full from of VPN with respect to networking? **[JKSSB PAA 2020]**

(1) Virtual Peer Network

(2) Virtual Private Network

(3) Virtual Public Network

(4) Virtual Protected Network

Ans: (2) Virtual Private Network

MCQ'S ASKED IN PREVIOUS JKSSB EXAMS

FRONTLINE ACADEMY
Leading From The Front

3. A modem must be connected between the CPU and?

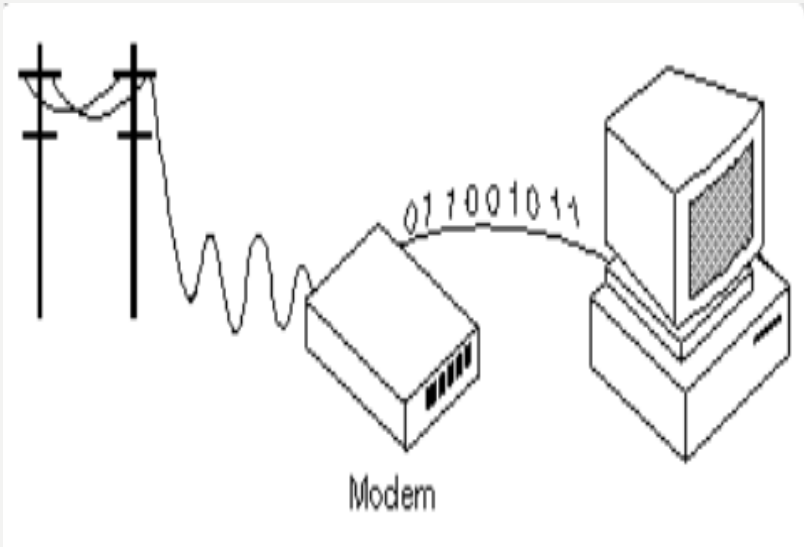

(1) Printer

(2) Phone Line

(3) Register

(4) Monitor

Ans: (2) Phone Line

4. Which of the following hardware device is used to get Internet connection that enable a computer to transit data over telephone or cable lines?

(1) Browser

(2) Printer

(3) Modem

(4) Keyboard

Ans: (3) Modem

FOR DETAILED EXPLANATION WATCH THE VIDEO BELOW:

https://youtu.be/WRAnCc0p1IE

MORE MCQS

1. Which of the following cables can transmit data at high speeds?

(1) Flat Cable

(2) Co-axial Cable

(3) Optic Fibre Cable

(4) Twisted Pair Cable

Ans: (3) Optic Fiber Cable

2. Which of the following is an advantage for using fibre optics data transmission?

(1) Resistance to data theft

(2) Fast data transmission

(3) Low level noise

(4) All of the Above

Ans: (4) All of the Above

Q3. Networking using fibre optic cable is done as

(1) it has high bandwidth

(2) it is thin and light

(3) it is not affected by electro magnetic interference/power surges etc

(4) All of the above

Ans: (4) All of the above

Q4. Bandwidth refers to

(1) the cost of the cable required to implement a WAN

(2) the cost of the cable required to implement a LAN

(3) the amount of information a peer-to-peer network can store

(4) the amount of information a communication medium can transfer in a given amount of time

Ans: (4) the amount of information a communication medium can transfer in a given amount of time

Q5. Which of the following represents the fastest data transmission speed?

(1) Bandwidth

(2) Mbps

(3) Gbps

(4) Kbps

Ans: (3) Gbps

Q6. A(n) ..... is composed of several computers connected together to share resources and data.?

(1) Internet

(2) Network

(3) Backbone

(4) Hyperlink

Ans: (2) Network

Q7. What type of resource is most likely to be shared common resource in a computer network?

(1) Speaker

(2) Floppy Disk

(3) Printer

(4) Keyboards

Ans: *(3) Printer*

Q8. What do we call a network whose elements may be separated by some distance? It usually involves two or more network and dedicated high speed telephone lines.

(1) LAN

(2) WAN

(3) URL

(4) Server

Ans: (2) WAN

Q9. Ethernet, token ring and token bus are types of ?

(1) LAN

(2) WAN

(3) Communication Channel

(4) Communication media

Ans: ***(1) LAN***

Q10. The advantage of LAN is

(1) Sharing peripherals

(2) Backing up your data

(3) Saving all your data

(4) Accessing the web

Ans: (1) Sharing peripherals

FRONTLINE ACADEMY
Leading From The Front

Q11. Computer connected to a LAN can …… .

(1) Run faster

(2) Share information or peripherals

(3) Go online

(4) E-mail

Ans: (2) Share information or peripherals

Q12. What is the use of bridge in network?

(1) To connect LANs

(2) To sperate LANs

(3) To control network speed

(4) All of the above

Ans: (1) To connect LANs

Q13. Which of the following items is not used in Local Area Network (LANs)?

(1) Cable

(2) Computer

(3) Interface Card

(4) Modem

Ans: (4) Modem

Q14. …… is the most important/powerful computer in a typical network.

(1) Desktop

(2) Network Client

(3) Network Server

(4) Network Switch

Ans: (3) Network Server

Q15. A …… is an agreement between the communication parties on how communication is to proceed.

(1) Path

(2) Network

(3) Bond

(4) Protocol

Ans: *(4) Protocol*

Q16. What is the function of a modem?

(1) Encryption and decryption

(2) Converts data to voice and vice- versa

(3) Converts analog signals to digital signals and vice-versa

(4) Serves as a hardware antivirus

Ans: (3) Converts analog signals to digital signals and vice-versa

FOR DETAILED EXPLANATION WATCH THE VIDEO BELOW:

https://youtu.be/WRAnCc0p1IE

Q17. Hub is associated with …… network.

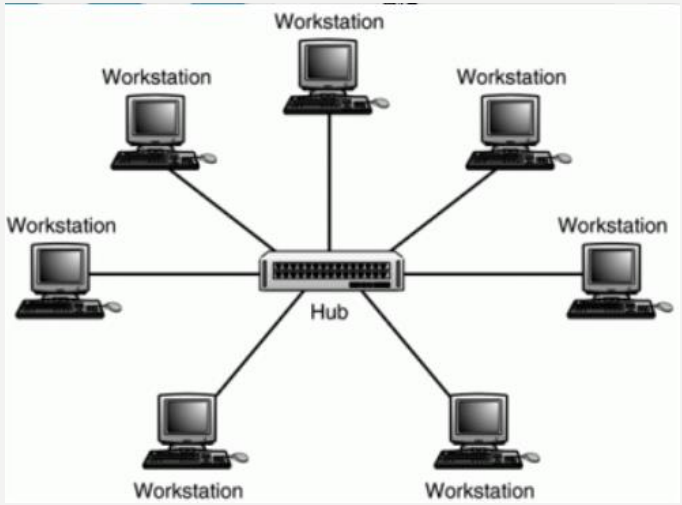

(1) Bus

(2) Ring

(3) Star

(4) Mesh

Ans: (3) Star

Q18. In a ring topology, the computer in possession of the ..... can transmit data.

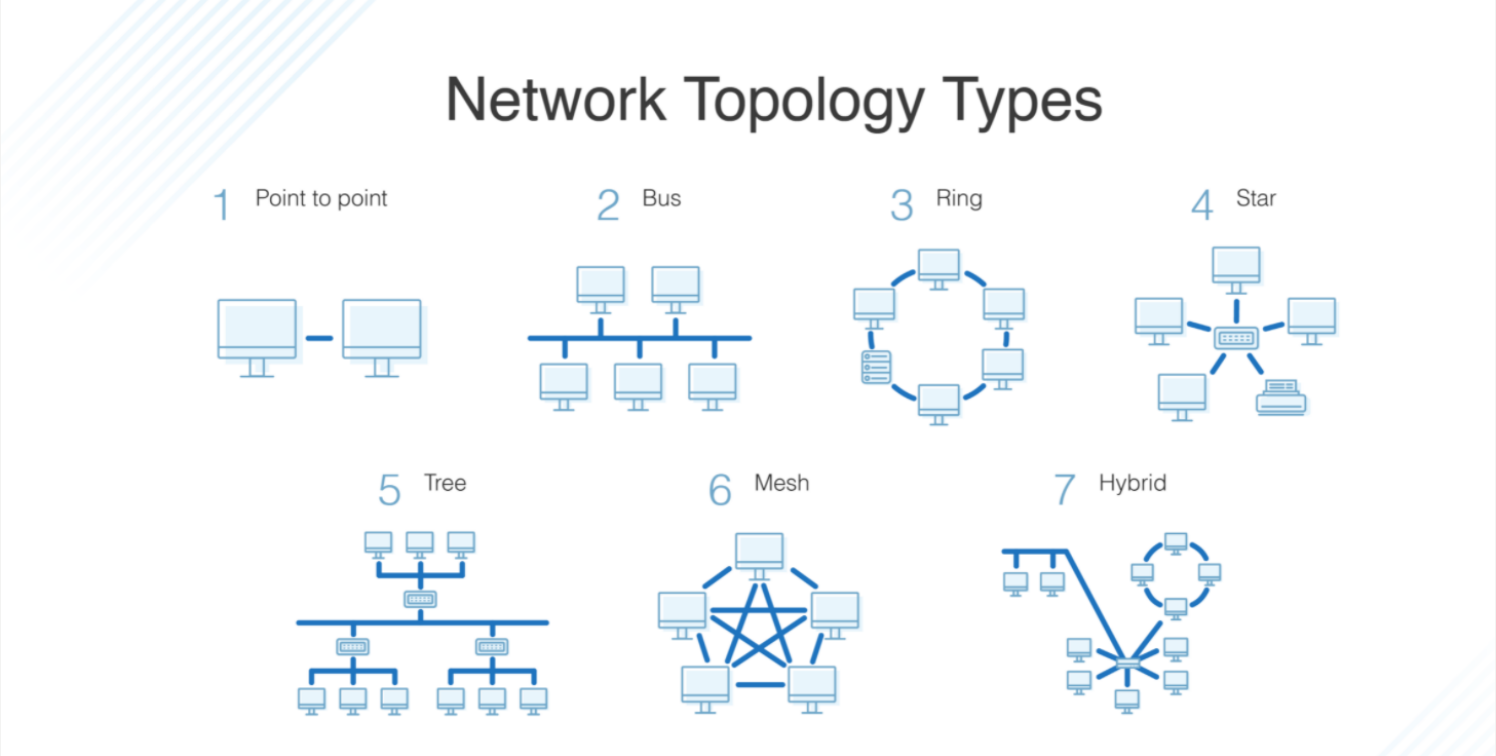

(1) Packet

(2) Data

(3) Access method

(4) Token

Ans: (4) Token

Q19. In which topology, every node is connected to two other nodes?

(1) Bus

(2) Ring

(3) Star

(4) Mesh

Ans: (2) Ring

Q20. Which is the most reliable topology?

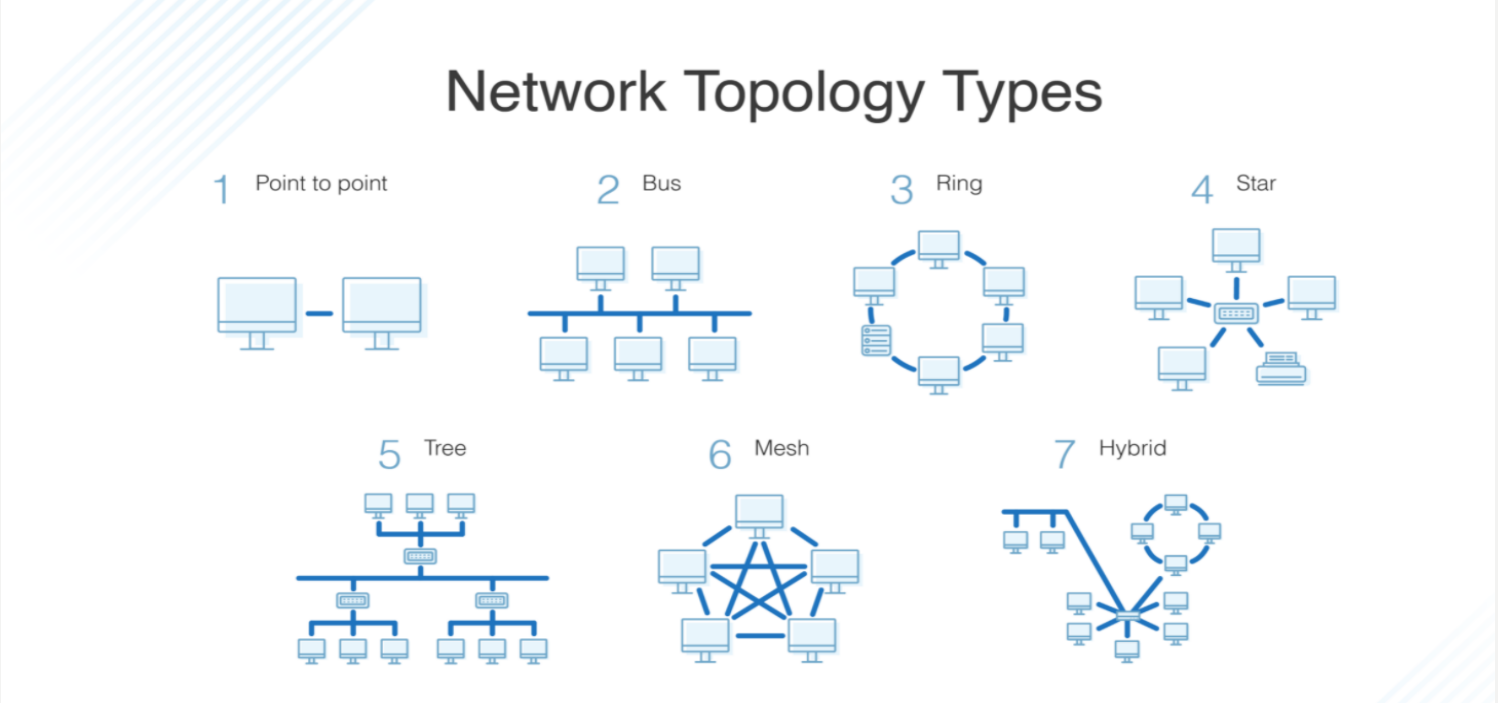

(1) Bus

(2) Ring

(3) Star

(4) Mesh

Ans: (4) Mesh

Q21. Multiplexing involves …… path(s) and …… channel(s).

(1) one, one

(2) one, multiple

(3) multiple, one

(4) multiple, multiple

Ans: *(2) one, multiple*

Q22. Full form of OSI is

(1) Open Systems Interconnection

(2) Open Systems Information

(3) Open Space Interconnection

(4) Open Space Information

Ans: (1) Open Systems Interconnection

Q23. Ethernet uses

(1) Bus Topology

(2) Ring Topology

(3) Mesh Topology

(4) Star Topology

Ans: (1) Bus Topology

Q24. Which of the following is used in TV remotes and wireless speakers

(1) Radio waves

(2) Microwaves

(3) Infrared

(4) X-Rays

Ans: (3) Infrared

IMPORTANT LINKS:

- Link to the YouTube Channel for videos:

https://www.youtube.com/channel/UC7NcSOre1ZLpa39Bd-rmvlw

- Link to the Telegram Channel:

https://t.me/FrontlineAcademy

Q25. Cable TV network is an example of

(1) WAN

(2) PAN

(3) MAN

(4) All of the above

Ans: (3) MAN

Q26. A device which amplifies the signal is called

(1) Switch

(2) Hub

(3) Router

(4) Repeater

Ans: (4) Repeater

Q27. Which of the following devices connects two networks running on two different protocols.

(1) Gateway

(2) Bridge

(3) Hub

(4) Router

Ans: (1) Gateway

Q28. The device responsible for directing the packets over the internet so that they reach their destination is called

(1) Gateway

(2) Bridge

(3) Switch

(4) Router

Ans: (4) Router

Q29. .....is the amount of data that is actually transmitted between the two computers.

(1) Bandwidth

(2) Throughput

(3) Packet rate

(4) Channel

Ans: (2) Throughput

Q30. BitTorrent is an example of?

(1) Peer to Peer model

(2) Client Server Model

(3) Both 1 and 2

(4) None of the above

Ans: (1) Peer to Peer model

INTERNET AND ITS SERVICES

FOR DETAILED EXPLANATION WATCH THE VIDEO BELOW:

https://youtu.be/h6z19DJW_ko

MCQ'S ASKED IN PREVIOUS JKSSB EXAMS

FRONTLINE ACADEMY
Leading From The Front

1. What is FTP in data communication? **[PAA 2020]**

(1) File Transport Protocol

(2) File Transfer Provider

(3) File Transfer Protocol

(4) File Transfer Programming

Ans: (3) File Transfer Protocol

2. What does HTTP stand for? **[JKSSB PAA 2020]**

(1) Hypertext Twisted Pair

(2) Hypertext Transfer Protocol

(3) Hypertext Transport Portal

(4) Hyperlink Transport Protocol

Ans: (2) Hypertext Transfer Protocol

MCQ'S ASKED IN PREVIOUS JKSSB EXAMS

FRONTLINE ACADEMY
Leading From The Front

3. What does IMAP stand for with respect to emailing? **[PAA 2020]**

(1) Intranet Message Access Protocol

(2) Intranet Mail Access Protocol

(3) Internet Message Access Protocol

(4) Internet Mail Access Protocol

Ans: (3) Internet Message Access Protocol

4. Which of the following is the cheap, secure and easiest way of storing huge volume of digital data and can be accessed from anywhere by using internet? **[PAA 2020]**

(1) Store data as physical record

(2) Store data in cloud

(3) Store data in external hard disks

(4) Store data in local system

Ans: (2) Store data in cloud

MCQ'S ASKED IN PREVIOUS JKSSB EXAMS

5. World Wide Web is based on? **[JKSSB AA 2013]**

(1) Client Server model

(2) Peer to Peer Model

(3) Three tier model

(4) Multi tier model

Ans: (1) Client Server model

6. IETF stands for? **[JKSSB AA 2013]**

(1) Internet Engineering Task Forum

(2) Internet Engineering Task Federation

(3) Internet Engineering Task Foundation

(4) Internet Engineering Task Force

Ans: (2) Internet Engineering Task Force

MCQ'S ASKED IN PREVIOUS JKSSB EXAMS

FRONTLINE ACADEMY
Leading From The Front

7. Which protocol is responsible for searching URLs on the Web? **[JKSSB AA 2013]**

(1) FTTP

(2)STTP

(3) HTTP

(4) NTTP

Ans: (3) HTTP

8. Which of the following is a URL (Uniform Resource Locator)? **[JKSSB AA 2013]**

(1) www.yahoo.com

(2) Netscape

(3) search@internet.net

(4) Internet Explorer

Ans: (1) www.yahoo.com

MCQ'S ASKED IN PREVIOUS JKSSB EXAMS

9. Which of the following is an internet browser? **[JKSSB AA 2013]**

(1) Windows Explorer

(2)Gmail

(3) Safari

(4) Google

Ans: (3) Safari

10. Which language is used for the creation of documents of World Wide Web? **[JKSSB AA 2013]**

(1) URL

(2) HTTP

(3) HTTPS

(4) HTML

Ans: (4) HTML

FOR DETAILED EXPLANATION WATCH THE VIDEO BELOW:

https://youtu.be/h6z19DJW_ko

MORE MCQS

1. The Internet is

(1) A large network of networks

(2) A global network

(3) A system that uses TCP/IP protocol suite

(4) All of the above

Ans: (4) All of the above

2. Which of the following is not a broadband connection?

(1) DSL

(2) BPL

(3) Cable modem

(4) SSL

Ans: (4) SSL

Q3. A host on internet finds another host by its

(1) Postal Address

(2) MAC address

(3) IP address

(4) Name

Ans: (3) IP address

Q4. A stored link to a Web page, in order to have a quick and easy access to is later, is Called

(1) WP Link

(2) URL

(3) Bookmark

(4) IP address

Ans: (3) Bookmark

Q5. Which on the following is most commonly used to identify return visitors to a website??

(1) Logged in users

(2) Digital Certificates

(3) Electronic time stamping

(4) Cookies

Ans: (4) Cookies

Q6. Which of the following will be used if a sender of E-mail wants to bold, italics, etc., the text message?

(1) Reach Format

(2) Rich Text

(3) Rich Signature

(4) Plain Format

Ans: (2) Rich Text

Q7. What is included in an E-mail address?

(1) Domain name followed by user's name

(2) User's name followed by domain name

(3) User's name followed by postal address

(4) User's name followed by street address

Ans: *(2) User's name followed by domain name*

frontlineacademy11@gmail.com

Q8. Which among the following is not a search engine?

(1) Bing

(2) Yahoo Search

(3) Google

(4) Safari

Ans: (4) Safari

Q9. Which among the following is an area of e-mail that is short description of the message?

(1) Subject

(2) Cc

(3) Bcc

(4) Attachment

(5) Spam

*Ans: **(1) Subject***

Q10. Which of the following domains is used b profit business?

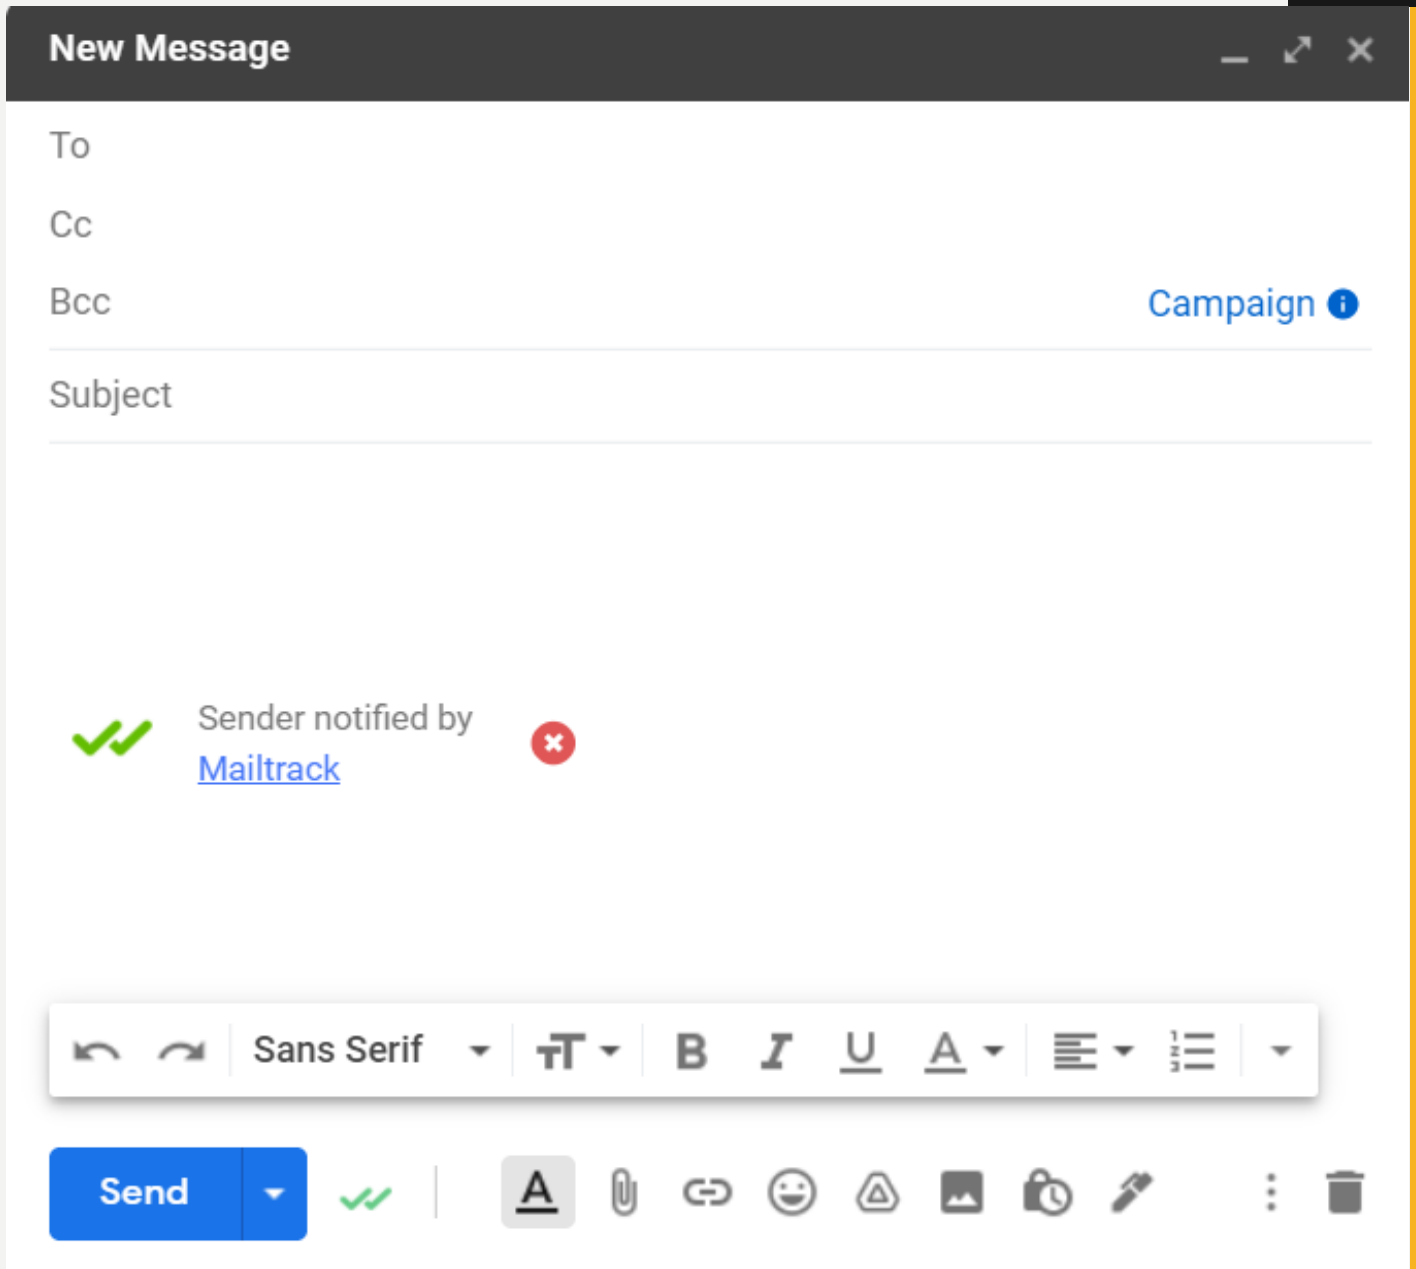

(1) .com

(2) .edu

(3) .mil

(4) .net

Ans: (1) .com

Q11. What is URL?

(1) A computer software program

(2) A type of programming object

(3) The address of a document or 'page' on the world wide web

(4) An acronym for unlimited resource for Learning

Ans: (3) The address of a document or 'page' on the world wide web

Q12. A browser is a

(1) tool for creating a database

(2) software program to view web pages on the Internet

(3) printing device

(4) software program to delete a folder

Ans: (2) software program to view web pages on the Internet

Q13. IANA in networking stands for?

(1) Internet Assigned Numbers Authority

(2) Internet Allotted Numbers Association

(3) Inter Assigned Numbers Association

(4) Inter Allotted Numbers Authority

Ans: (1) Internet Assigned Numbers Authority

Q14. Which of the following networks by the federal government served as the starters of internet along with ARPANET.

(1) NSF net

(2) US net

(3) IP net

(4) TCP net

Ans: (1) NSF net

Q15. Which of the following is an advantage of using the internet.

(1) Easy Communication

(2) Global Reach

(3) Fast Communication

(4) All of the above

Ans: *(4) All of the above*

Q16. Which of the following internet connections provides the internet connectivity through the already existing telephone lines?

(1) Dial-up

(2) WiMAX

(3) BPL

(4) Fibre optic

Ans: (1) Dial-up

FOR DETAILED EXPLANATION WATCH THE VIDEO BELOW:

https://youtu.be/WRAnCc0p1IE

Q17. Which of the following internet connections provides the internet connectivity through the cable TV wires?

(1) DSL

(2) Cable Modem

(3) BPL

(4) Dial Up

Ans: (2) Cable Modem

Q18. Which of the following broadband connectivity has the highest bandwidth?

(1) DSL

(2) Cable Model

(3) BPL

(4) Optic Fibre Cable(OFC)

Ans: (4) Optic Fibre Cable(OFC)

Q19. WiMax is an acronym for?

(1) WiFi Maximum

(2) Worldwide Interoperability for Microwave Access

(3) WiFi Microwave Acess

(4) Worldwide Internet Message Access

***Ans:* (2) Worldwide Interoperability for Microwave Access**

Q20. Mobile Wireless broadband Service can be accesses via?

(1) WiFi

(2) WiMax

(3) Dongle

(4) DSL

Ans: (3) Dongle

Q21. Which of the following protocols is responsible for the reliable delivery of data packets over the internet?

(1) IP

(2) TCP

(3) FTP

(4) HTTP

Ans: *(2) TCP*

Q22. Which of the following protocols maintains the addressing of data packets over the internet?

(1) IP

(2) TCP

(3) FTP

(4) IMAP

Ans: (1) IP

Q23. The size of IPv4 is

(1) 8 bits

(2) 16 bits

(3) 32 bits

(4) 132 bits

Ans: (3) 32 bits

Q24. The size of IPv6 is

(1) 132 bits

(2) 32 bits

(3) 64 bits

(4) 16 bits

Ans: (1) 132 bits

IMPORTANT LINKS:

- Link to the YouTube Channel for videos:

https://www.youtube.com/channel/UC7NcSOre1ZLpa39Bd-rmvlw

- Link to the Telegram Channel:

https://t.me/FrontlineAcademy

Q25. The Size of MAC address is

(1) 32 bits

(2) 48 bits

(3) 64 bits

(4) 132 bits

Ans: (2) 48 bits

Q26. The Full form of MAC is

(1) Media Access Control

(2) Message Access Control

(3) Media Address Control

(4) Message Address Control

Ans: (1) Media Access Control

Q27. WAP in networking stand for.

(1) Wireless Access Protocol

(2) Wireless Application Protocol

(3) Wired Access Protocol

(4) Wired Application Protocol

Ans: (2) Wireless Application Protocol

Q28. VoIP is an acronym for

(1) Voice over Internet Protocol

(2) Version of Internet Protocol

(3) Versatile Operating Internet Protocol

(4) None of the Above

Ans: (1) Voice over Internet Protocol

Q29. Which of the following is a valid IPv4 address.

(1) 192.86.85.68

(2) 131.23.22.33.22

(3) 44.55.55

(4) 22.22

Ans: (1) 192.86.85.68

Q30. Domain Name Server(DNS) stores?

(1) Domain Names and their MAC addresses

(2) Domain Names and their IP addresses

(3) Domain Names and their Country Locations

(4) Domain Names and their Postal Addresses

Ans: (2) Domain Names and their IP addresses

MCQ'S ASKED IN PREVIOUS JKSSB EXAMS

FRONTLINE ACADEMY
Leading From The Front

1. Which of the following is not an Antivirus software? **[PAA 2020]**

(1) Norton

(2) MacAfee

(3) AVG

(4) Trojan Horse

Ans: (4) Trojan Horse

2. A piece of code that is loaded onto your computer without your knowledge and runs against your wishes is called as? **[JKSSB PAA 2020]**

(1) Software

(2) Antivirus

(3) Hardware

(4) Computer Virus

Ans: (4) Computer Virus

MCQ'S ASKED IN PREVIOUS JKSSB EXAMS

3. A spurious computer program that replicated itself at a swift pace is called? **[PAA 2020]**

(1) Trojan Horse

(2) Bombs

(3) Worm

(4) Crack

Ans: (3) Worm

4. Unsolicited commercial email is known as? **[AA 2014]**

(1) Thread

(2) Spam

(3) Draft

(4) Intruder

Ans: (2) Spam

FOR DETAILED EXPLANATION WATCH THE VIDEO BELOW:

https://youtu.be/h6z19DJW_ko

MORE MCQS

1. …… is a branch of information technology known as information security.

(1) Computer security

(2) Cyber security

(3) IT security

(4) All of these

Ans: (4) All of the above

2. ***Verification*** of a login name and password is known as

(1) Configuration

(2) accessibility

(3) authentication

(4) logging in

Ans: (3) authentication

Q3. Viruses, trojan horses and worms are

(1) able to harm computer system

(2) unable to detect if present on computer

(3) user-friendly applications

(4) harmless applications resident on computer

Ans: (1) able to harm computer system

Q4. …… are often delivered to a PC through an mail attachment and are often designed to do harm. **[IBPS PO 2015]**

(1) Portals

(2) Spam

(3) Viruses

(4) Other than those given as options

Ans: (3) Viruses

Q5. Computer virus is **[IBPS Clerk 2011]**

(1) a hardware

(2) windows tool

(3) a computer program

(4) a system software

Ans: (3) a computer program

Q6. Hackers often gain entry to a network be pretending to be at a legitimate computer via

(1) Snooping

(2) Cryptography

(3) IP spoofing

(4) All of these

Ans: (3) IP spoofing

Q7. Illegal copying and distribution of software is?

(1) Hacking

(2) Software Literacy

(3) Software Piracy

(4) None of the Above

Ans: *(3) Software Piracy*

Q8. …….is the practice of hiding a secret message in something (text, image, video, etc.) that is not secret.

(1) Cryptography

(2) Steganography

(3) Hacking

(4) Spoofing

Ans: (2) Steganography

Q9. ……..is a method of protecting information and communications through the use of codes, so that only those for whom the information is intended can read and process it. ?

(1) Steganography

(2) Cryptography

(3) Coding

(4) Spam

Ans: ***(2) Cryptography***

Q10. Which of the following can be a source of computer viruses?

(1) Downladavle Programs

(2) Cracked Software

(3) E-mail attachments

(4) All of the Above

Ans: (4) All of the Above

Q11. A type of virus which deletes the information in the files that it infects is called?

(1) Resident Virus

(2) Boot Sector Virus

(3) Overwrite Virus

(4) Macro Virus

Ans: (3) Overwrite Virus

Q12. …….. is mostly found with .doc, .ppt, .xls files.

(1) Resident Virus

(2) Boot Sector Virus

(3) Macro Virus

(4) Direct Action Virus

Ans: *(3) Macro Virus*

Q13. A …… is a ***standalone*** malware computer program that ***replicates*** itself in order to spread to other computers.

(1) Worm

(2) Virus

(3) Trojan

(4) None of the Above

Ans: (1) Worm

Q14. A …….. is a ***non-self-replicating*** type of malware which ***appears to*** perform a ***desirable function*** but instead facilitates unauthorised access to the user's computer system. .

(1) Virus

(2) Worm

(3) Trojan

(4) None of the Above

Ans: (3) Trojan

Q15. It is a program which is installed on a computer system to secretly monitor the system owner's activity and collects all the information which is misused afterwards.

(1) Virus

(2) Adware

(3) Ransomware

(4) Spyware

Ans: *(4) Spyware*

Q16. WannaCry Attack which affected millions of Windows devices worldwide is and example of?

(1) Virus

(2) Spyware

(3) Adware

(4) Ransomware

Ans: (4) Ransomware

FOR DETAILED EXPLANATION WATCH THE VIDEO BELOW:

https://youtu.be/WRAnCc0p1IE

Q17. In computer security DoS stands for?

(1) Denial of Service

(2) Demand of Security

(3) Denial of Security

(4) Devoid of Security

Ans: (1) Denial of Service

Q18. …….. means to fraudulently acquire sensitive information such as passwords, credit cards details etc. by masquerading as a trustworthy person.

(1) Spoofing

(2) Spamming

(3) Phishing

(4) Snooping

Ans: (3) Phishing

Q19. …… is used to ***verify that a user sending a message is who he or she claims to be***, and to provide the receiver with the means to encode a reply.

(1) Email

(2) Digital Certificate

(3) Anti virus

(4) IP Address

Ans: (2) Digital Certificate

Q20. …… is used to authenticate the identity of the sender of a message or the signer of a document, and also ensure that the original content of the message or document that has been sent is **unchanged**.

(1) IP Address

(2) Digital Certificate

(3) Digital Signature

(4) Spam

Ans: (3) Digital Signature

Q21. ..... controls the ***incoming and outgoing network traffic*** by analyzing the data packets and determining whether it should be allowed through or not, based on a predetermined rule set. ?

(1) Antivirus

(2) Firewall

(3) TCP

(4) Password

Ans: *(2) Firewall*

Q22. Which of the following is not a security threat?

(1) Masquerading

(2) Spoofing

(3) Eavesdropping

(4) Proxy Server

Ans: (4) Proxy Server

Q23. ..... is a software program designed to record every keystroke on the machine on which it runs.

(1) Keyboard

(2) Spam

(3) Keylogger

(4) Ransomware

Ans: (3) Keylogger

Q24. The attacker ***impersonating an authorized user*** and thereby gaining certain unauthorised privilege is called

(1) Masquerade/Spoofing

(2) Snooping

(3) Authentication

(4) Privacy

Ans: (1) Masquerade/Spoofing

I hope that you did great.

PRACTICE SET

FOR

LECTURE 13

NUMBER SYSTEMS AND DATA REPRESENTATION

FRONTLINE ACADEMY
Leading From The Front

MCQ'S ASKED IN PREVIOUS JKSSB EXAMS

1. Convert $(12)_{10}$ to its equivalent in Binary? **[PAA 2020]**

(1) 1100

(2) 1101

(3) 1110

(4) 1111

Ans: (1) 1100

64	32	16	8	4	2	1
			1	1	0	0
			8	12	12	12

MCQ'S ASKED IN PREVIOUS JKSSB EXAMS

2. Base 2 refers to which Number System? **[JKSSB FAA 2014]**

(1) Binary

(2) Decimal

(3) Hexadecimal

(4) Octal

Ans: (1) Binary

MORE MCQS

1. Modern computers represent characters and numbers internally using one of the following number systems.

(1) *Penta*

(2) *Octal*

(3) *Hexa*

(4) *Septa*

(5) *Binary*

Ans: (5) Binary

2. To perform calculation on stored data computer, uses …… number system.

(1) decimal

(2) hexadecimal

(3) octal

(4) Binary

Ans: (4) Binary

FRONTLINE ACADEMY
Leading From The Front

3. Which of the following is not a binary number? **[IBPS Clerk 2011]**

(1) 001

(2) 101

(3) 102

(4) 110

Ans: (3) 102

4. The number system based on '0' and '1' only, is known as

(1) binary system

(2) barter system

(3) number system

(4) hexadecimal system

Ans: (1) Binary System

5. Binary system is also called

(1) base one system

***(2)* base two system**

***(3)* base system**

***(4)* bi-system**

Ans: (2) Base 2 System

6. Which of the following is an example of binary number? **[IBPS Clerk 2011]**

(1) 6AH1

(2) 100101

(3) 005

(4) ABCD

Ans: (2) 100101

7. Numbers that are written with base 10 are classified as

(1) decimal number

(2) whole number

(3) hexadecimal number

(4) exponential integers

Ans: (1) Decimal Number

FRONTLINE ACADEMY
Leading From The Front

8. Decimal number system is the group of ..... numbers.

(1) 0 or 1

(2) 0 to 9

(3) 0 to 7

(4) 0 to 9 and A to F

Ans: (2) 0-9

9. The octal system **[IBPS Clerk 2011]**

(1) needs less digits to represent a number than in the binary system

(2) needs more digits to represent a number than in the binary system

(3) needs the same number of digits to represent a number as in the binary system

(4) needs the same number of digits to represent a number as in the decimal system

Ans: (1) needs less digits to represent a number than in the binary system

10. A hexadecimal digit is represented by

(1) three digits

(2) four binary digits

(3) four digits

(4) All of these

Ans: (2) Four Binary Digits

FRONTLINE ACADEMY
Leading From The Front

11. Hexadecimal number system has ..... base.

(1) 2

(2) 8

(3) 10

(4) 16

Ans: (4) 16

12. Hexadecimal number system consists of

(1) 0 to 9

(2) A to F

(3) Both '1' and '2'

(4) Either '1' or '2'

Ans: (3) Both 1 and 2

13. Which of the following is invalid hexadecimal number?

(1) A0HB

(2) A0F6

(3) 4568

(4) ACDB

Ans: (1) A0HB

FRONTLINE ACADEMY
Leading From The Front

14. The binary equivalent of decimal number 98 is **[IBPS Clerk 2012]**

(1) 1110001

(2) 1110100

(3) 1100010

(4) 1111001

Ans: (3) 1100010

64	32	16	8	4	2	1
1	1	0	0	0	1	0
64	96	96	96	96	98	98

15. Conversion of decimal number $(71)_{10}$ to its binary number equivalent is **[IBPS Clerk 2012]**

(1) $(110011)_2$

(2) $(1110011)_2$

(3) $(0110011)_2$

(4) $(1000111)_2$

Ans: (4) 1000111

64	32	16	8	4	2	1
1	0	0	0	1	1	1
64	64	64	64	68	70	71

16. Conversion of decimal number $(61)_{10}$ to its binary number equivalent is

[IBPS Clerk 2012]

(1) $(110011)_2$

(2) $(11001110)_2$

(3) $(111101)_2$

(4) $(11111)_2$

Ans: (3) $(111101)_2$

64	32	16	8	4	2	1
	1	1	1	1	0	1
	32	48	56	60	60	61

17. What is the value of the binary number 101?

(1) 3

(2) 5

(3) 6

(4) 101

64	32	16	8	4	2	1
				1	0	1

1 + 4 = 5

Ans: (2) 5

18. Decimal equivalent of (1111)2 is **[IBPS Clerk 2012]**

(1) 11

(2) 10

(3) 13

(4) 15

64	32	16	8	4	2	1
			1	1	1	1

1 + 2 + 4 + 8 = 15

Ans: (4) 15

19. (1010)2 equivalent decimal number is

(1) 8

(2) 9

(3) 10

(4) 11

Ans: (3) 10

64	32	16	8	4	2	1
			1	0	1	0

2 + 8 = 10

20. The binary number 10101 is equivalent to decimal number .....

(1) 19

(2) 12

(3) 27

(4) 21

Ans: (4) 21

FRONTLINE ACADEMY
Leading From The Front

21. Which of the following is hexadecimal number equivalent to binary number (1111 1001)$_2$?

(1) 9F

(2) FF

(3) 99

(4) F9

Ans: (4) F9

Decimal	Binary
0	0000
1	0001
2	0010
3	0011
4	0100
5	0101
6	0110
7	0111
8	1000
9	1001
10(A)	1010
11(B)	1011
12(C)	1100
13(D)	1101
14(E)	1110
15(F)	1111

FRONTLINE ACADEMY
Leading From The Front

22. Conversion of binary number $(1001001)_2$ to hexadecimal is **[SBI PO 2011]**

(1) $(40)_{16}$

(2) $(39)_{16}$

(3) $(49)_{16}$

(4) $(42)_{16}$

Ans: (3) $(49)_{16}$

Decimal	Binary
0	0000
1	0001
2	0010
3	0011
4	0100
5	0101
6	0110
7	0111
8	1000
9	1001
10(A)	1010
11(B)	1011
12(C)	1100
13(D)	1101
14(E)	1110
15(F)	1111

23. The method used for the conversion of **octal to decimal** fraction is

(1) digit is divided by 8

(2) digit is multiplied by the corresponding power of 8

(3) digit is added with 8

(4) digit is subtracted with 8

Ans: (2) digit is multiplied by the corresponding power of 8

FRONTLINE ACADEMY
Leading From The Front

24. MSD refers as

(1) Most Significant Digit

(2) Many Significant Digit

(3) Multiple Significant Digit

(4) Most Significant Decimal

Ans: (1) Most Significant Digit

25. LSB stands for

(1) Long Significant Bit

(2) Least Significant Bit

(3) Large Significant Byte

(4) Longer Significant Byte

Ans: (2) Least Significant Bit

FRONTLINE ACADEMY
Leading From The Front

26. How many values can be represented by a single byte?

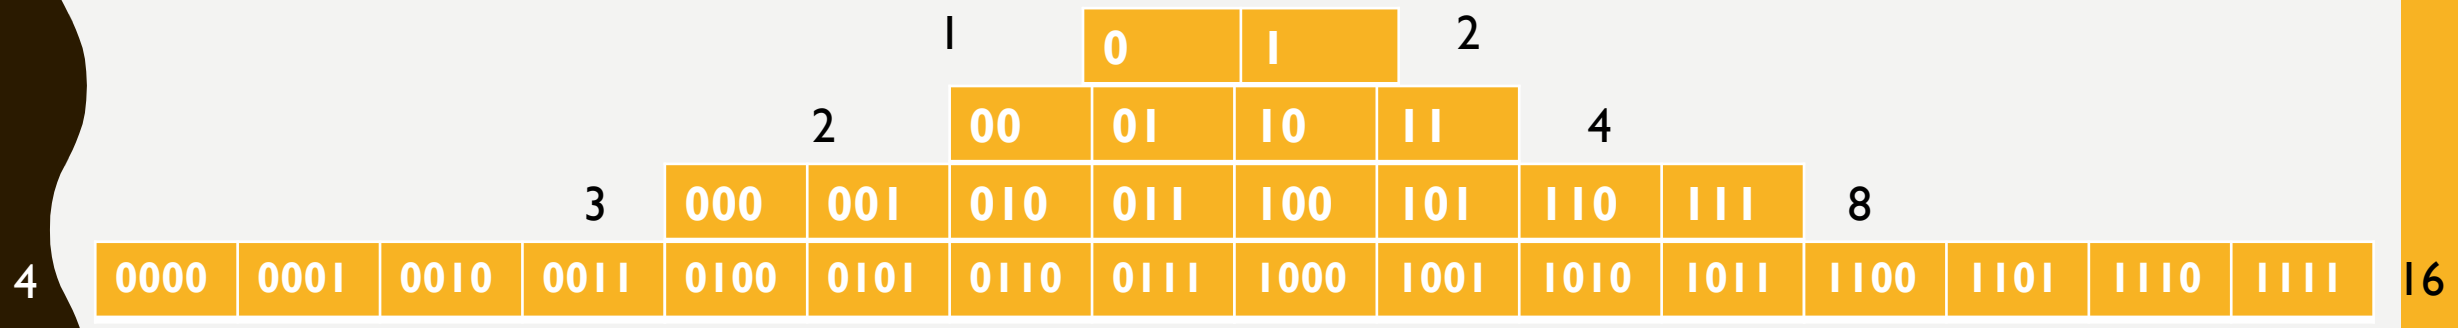

(1) 4

(2) 16

(3) 64

(4) 256

Ans: (4) 256

27. Which of the following is not a computer code?

(1) EBCDIC

(2) ASCII

(3) CISC

(4) UNICODE

Ans: (3) CISC

FRONTLINE ACADEMY
Leading From The Front

28. ASCII stands for **[IBPS Clerk 2011,2014]**

(1) American Special Computer for Information Interaction

(2) American Standard Computer for Information Interchange

(3) American Special Code for Information Interchange

(4) American Special Computer for Information Interchange

(5) American Standard Code for Information Interchange

Ans: (5) American Standard Code for Information Interchange

29. The most widely used code that represents each character as a unique 8-bit code is

[IBPS Clerk 2011]

(1) ASCII

(2) UNICODE

(3) BCD

(4) EBCDIC

Ans: (4) EBCDIC

30. In EBCDIC code, maximum possible characters set size is

(1) 356

(2) 756

(3) 556

(4) 256

Ans: (4) 256

FRONTLINE ACADEMY
Leading From The Front

31. Code 'EBCDIC' that is used in computing stands for

(1) Extension BCD Information Code

(2) Extended BCD Information Code

(3) Extension BCD Interchange Conduct

(4) Extended BCD Interchange Conduct

Ans: (2) Extended BCD Information Code

32. The coding system allows non-English characters and special characters to be represented

(1) ASCII

(2) UNICODE

(3) EBCDIC

(4) All of these

Ans: (2) UNICODE

33. Two inputs A and B of AND gate have 1 output, if

(1) A is 0

(2) B is 0

(3) both are zero

(4) both are 1

Ans: (4) both are 1

FRONTLINE ACADEMY
Leading From The Front

34. Gate having output 1 only when both of its input is 1 is called

(1) AND

(2) NOT

(3) OR

(4) NOR

Ans: (3) AND

FRONTLINE ACADEMY
Leading From The Front

35. Gate is also known as inverter.

(1) OR

(2) NOT

(3) XOR

(4) NAND

Ans: (2) NOT

36. The NAND gate is AND gate followed by .....

(1) NOT gate

(2) OR gate

(3) AND gate

(4) NOR gate

Ans: (1) Not Gate

FRONTLINE ACADEMY
Leading From The Front

37. The NOR gate is OR gate followed by .....

(1) NOT gate

(2) OR gate

(3) AND gate

(4) NOR gate

Ans: (1) Not Gate

A SHORT TERM COURSE
ON

COMPUTER FUNDAMENTALS

FOR JKSSB FAA, SI, PATWARI, SSC, IBPS,RRB, JKPSC ASSISTANT REGISTRAR AND OTHER COMPETITIVE EXAMINATIONS

BY **TAWQEER UL ISLAM**

PHD IN CSE (PURSUING)
GATE, UGC NET JRF AND JKSSB PAA EXAMINATION QUALIFIED

SECTIONAL MOCK TEST 1

FOR JKSSB FAA, SI, PATWARI, SSC, IBPS,RRB, JKPSC ASSISTANT REGISTRAR AND OTHER COMPETITIVE EXAMINATIONS

BY **TAWQEER UL ISLAM**

PHD IN CSE (PURSUING)
GATE, UGC NET JRF AND JKSSB PAA EXAMINATION QUALIFIED

Q1. The advantage of using a computer is/are

- It provides accurate output either input is correct or not.
- It has versatile applications.
- Both A and B.
- None of the above.

Answer

Q1. The advantage of using a computer is/are

- It provides accurate output either input is correct or not.
- It has versatile applications.
- Both A and B.
- None of the above.

2. It has Versatile Applications

Q2. ..... are the computers which are based on the properties of quantum states like superposition and entanglement.

- Nano computers
- Micro computers
- Super computers
- Quantum Computers

Answer

Q2. ..... are the computers which are based on the properties of quantum states like superposition and entanglement.

- Nano computers
- Micro computers
- Super computers
- Quantum Computers

4. Quantum Computers

Q3. Which of the following statements is NOT true about Control Unit of a Computer?

- It fetches results from memory to output devices.
- It executes the instructions.
- It directs flow of data within the CPU.
- It transfers the data to ALU.

Answer

Q3. Which of the following statements is NOT true about Control Unit of a Computer?

- It fetches results from memory to output devices.
- It executes the instructions.
- It directs flow of data within the CPU.
- It transfers the data to ALU.

2. It executes the Instructions

Q4. A register is a/an

- Software for storing records.
- Part of the Operating System.
- A small memory unit usually inside the CPU.
- A part of the Power supply.

Answer

Q4. A register is a/an

- Software for storing records.
- Part of the Operating System.
- A small memory unit usually inside the CPU.
- A part of the Power supply.

3. A small memory unit inside the CPU

Q5. The cache memory stores the

- Data that will never be used in future.
- Copies of the data from frequently used main memory locations.
- Deleted files.
- Data which cannot be stored in the main memory.

Answer

Q5. The cache memory stores the

- Data that will never be used in future.
- Copies of the data from frequently used main memory locations.
- Deleted files.
- Data which cannot be stored in the main memory.

2. Copies of Data from frequently used main memory locations

Q6. Which key/keys is/are known as toggle keys?

- Caps Lock
- Num Lock
- Both A and B
- Enter

Answer

Q6. Which key/keys is/are known as toggle keys?

- Caps Lock
- Num Lock
- Both A and B
- Enter

3. Both A and B

Q7. Which of the following is NOT an impact printer

- Daisy Wheel
- Dot Matrix
- Inkjet Printer
- Drum Printer

Answer

Q7. Which of the following is NOT an impact printer

- Daisy Wheel
- Dot Matrix
- Inkjet Printer
- Drum Printer

3. Inkjet Printer

Q8.The correct arrangement of the memory devices in decreasing order based on the access time is(SLOWEST TO FASTEST)

- Magnetic tapes, magnetic disks, optical disks, main memory, registers,cache
- Magnetic tapes, main memory, optical disks, magnetic disks, cache, registers
- Registers, cache, main memory, magnetic disks, optical disks, Magnetic tapes
- Magnetic tapes, optical disks, magnetic disks, main memory, cache, registers

Answer

Q8.The correct arrangement of the memory devices in decreasing order based on the access time is(SLOWEST TO FASTEST)

- Magnetic tapes, magnetic disks, optical disks, main memory, registers,cache
- Magnetic tapes, main memory, optical disks, magnetic disks, cache, registers
- Registers, cache, main memory, magnetic disks, optical disks, Magnetic tapes
- Magnetic tapes, optical disks, magnetic disks, main memory, cache, registers

4. Magnetic tapes, Optical disks, magnetic disks, main memory, cache, registers

Q9. 1 TB of storage equals to

- 1024 Petabytes
- 1024 Megabytes
- 1024 GigaBytes
- 1024 Kilobytes

Answer

Q9. 1 TB of storage equals to

- 1024 Petabytes
- 1024 Megabytes
- 1024 GigaBytes
- 1024 Kilobytes

3. 1024 Gigabytes

Q10. Which of the following does not refer to the memory in computer?

- ROM
- SSD
- VGA
- HDD

Answer

Q10. Which of the following does not refer to the memory in computer?

- ROM
- SSD
- VGA
- HDD

3. VGA

Q11. Which of the following software can't be categorized as an application software?

- DBMS
- Spreadsheet
- Word Processor
- MS-DOS

Answer

Q11. Which of the following software can't be categorized as an application software?

- DBMS
- Spreadsheet
- Word Processor
- MS-DOS

MS-DOS

Q12. ..... is malware that employs encryption to hold a victim's information at ransom.

- Cryptoware
- Ransomware
- Spyware
- Adware

Answer

Q12. ..... is malware that employs encryption to hold a victim's information at ransom.

- Cryptoware
- Ransomware
- Spyware
- Adware

2. Ransomware

(i) MS Word	*(a) Personal Management Software*
(ii) MS PowerPoint	*(b) DBMS*
(iii) MS Access	*(c) Used to create professional looking documents*
(iv) MS Outlook	*(d) Display information through slides*

Q13. Match the above.

- i - a, ii - c, iii - b, iv - d
- i - d, ii - c, iii - b, iv - a
- i - c, ii - d, iii - b, iv - a
- i - c, ii - b, iii - a, iv - d

Answer

(i) MS Word	*(a) Personal Management Software*
(ii) MS PowerPoint	*(b) DBMS*
(iii) MS Access	*(c) Used to create professional looking documents*
(iv) MS Outlook	*(d) Display information through slides*

Q13. Match the above.

- i - a, ii - c, iii - b, iv - d
- i - d, ii - c, iii - b, iv - a
- i - c, ii - d, iii - b, iv - a
- i - c, ii - b, iii - a, iv - d

3. i - c, ii - d, iii - b, iv - a

Q14. In MS-Word the tools like shapes, header, footer, text box, pictures and table can be found under .....tab?

- Design
- Insert
- View
- Home

Answer

Q14. In MS-Word the tools like shapes, header, footer, text box, pictures and table can be found under .....tab?

- Design
- Insert
- View
- Home

2. Insert
